MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Objections to these applications must be served on the applicant and filed with the provincial transport board within twenty-nine days of this publication. Any interested person who serves and files an objection must also provide the provincial transport board with written evidence, within thirty-nine days of this publication, that satisfies the board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

Workers' Compensation Board

SUBMISSION BY THE
OCCUPATIONAL CHEST DISEASE REVIEW COMMITTEE
IN RESPONSE TO FINDINGS OF
THE INDUSTRIAL DISEASE STANDARDS PANEL
(THE ONTARIO GAZETTE NOVEMBER 19, 1988)

The Occupational Chest Disease Review Committee (OCDRC), formerly known as the ACOCD presents the following submission in respect to the recommendations of the Industrial Disease Panel:

The OCDRC has a mission to provide the Workers' Compensation Board of Ontario with impartial advice on the diagnosis and functional significance of Occupational Lung Disease in claimants to the WCB. The OCDRC provides the WCB with opinions on referred claimants to assist the WCB in making well informed and fair decisions concerning the presence or absence of compensable occupational chest disease, and to provide a guide to the amount of impairment. It should be noted that the members of the OCDRC consider only objective medical evidence and are not influenced by emotion, politics, or media pressure. As a result of the work of the OCDRC, the WCB will obtain an impartial opinion based on broadly based and specialized medical experience and this should result in the decisions of the WCB being perceived as fair and just.

RECOMMENDATION 1. (Page 5801)

"ASBESTOSIS" substitute "ASBESTOS RELATED LUNG DISEASE" (See Appendix 1)

RECOMMENDATION 2. (Page 5801)

No comment.

RECOMMENDATION 3. (Page 5801)

No comment.

RECOMMENDATION 4. (Page 5802)

No comment.

RECOMMENDATION 5. (Page 5803)

It has been suggested that psychological impairment be considered when reviewing compensation for occupational chest disease. It is not easy to provide a definition for psychological impairment and it is even more difficult to quantitate it. The degree of such psychological impairment bears no clear relationship to the degree of physical impairment from industrial exposure and there is only some relationship to the overall impairment of physical function from any other process which may also be present in the patient (such as chronic obstructive lung disease from cigarette smoking). The Committee regularly interviews claimants with considerable impairment who play down their symptoms. On the other hand, some claimants describe severe physical impairment which is not supported by objective evidence. Some, severely damaged by smoking or other disease, refuse to accept that the cause of their symptoms is not the occupational. Such patients might be perceived to have psychological impairment, pre-existing or acquired. Attempting to relate the degree of compensation to the perceived psychological impairment, if this could be assessed or

quantitated, is likely, therefore, to lead to a very considerable inequity in awards. Certainly the OCDRC is not equipped to quantitate industrially caused psychological impairment fairly - a difficulty it shares with any other organization. Therefore, it is strongly recommended that psychological impairment not be considered by the OCDRC when assessing the degree of impairment from industrial exposure.

The award recommended for each claimant is an estimate of the degree of physical impairment that may reasonably be attributed to the occupational exposure. Most of the claimants have mild impairment and a small award may be given at the 10% level. The suggested choice of only 0 or 30% allows no flexibility and will result in awards given beyond the amount which seems reasonable for the impairment involved. If the minimum award is 30%, this will add significantly to the budget for awards by the Workers' Compensation Board in this field and will often not reflect medical findings. It is strongly suggested that a system of allowing general increments of 0%, 10, 20, 30, 50, 75 and 100%, while not entirely perfect, allows sufficient flexibility.

RECOMMENDATION 6. (Page 58004)

Recommendation 6., Section 1

No comment.

Recommendation 6., Sections 2 and 3

It is strongly recommended that the OCDRC not be increased to 12 physicians and that there not be four sub-committees, each composed of three physicians.

It is, instead recommended, as in the previous report from the OCDRC and the attached up-dated report from this Committee, that there be a single central Committee consisting of eight members, all of whom will be physicians with specialized knowledge in areas pertaining to the diagnostic and functional evaluation of occupational lung diseases. The members will have a variety of levels of experience, younger and older members, in order to ensure the continuation of expertise in the Committee as attrition of the older group occurs. There will be a minimum of five members present at each meeting. The Committee is directed by a chairman and an executive secretary appointed by the WCB with the agreement of the members of the OCDRC. At least one of these two officers will be present at each meeting. One temporary member may be added to the Committee either because of the need for particular expertise or to improve contact with other chest physicians who might be examining claimants in cities other than Toronto. Using a central single Committee allows for consistency in decisions as well as an increase in learning by contact within the Committee of its various members. The work of the Committee should embrace a continued learning experience for all concerned and this makes the work of a single Committee increasingly valuable. The cost of a single Committee with eight members will be significantly less than that for a twelve-member committee with four sub-committees and will be administratively much less cumbersome.

In the present system, a claimant is examined by one member of the Committee who takes a history, refers to the details of work exposure provided and performs a physical examination. This information, together with serial chest radiographs, serial pulmonary function studies, electrocardiograms and other studies as needed is presented to the Committee by the member who examined the claimant. A decision is

obtained by consensus but in the event of a disagreement, the dissent is recorded.

The above system has worked very well in the past and continues to be effective, especially with some changes which have been recommended in two reports to the Workers' Compensation Board (see attached Appendices 2 and 3).

Recommendation 6., Section 4.

It is strongly recommended by the OCDRC that physicians who have particular experience and who are in the Health and Safety Support Services Branch (HSSSB) of the Ministry of Labour, continue membership in the OCDRC. Two members of the present Committee are in this category and have major experience in the clinical aspects of occupational chest disease, and are responsible for the function of the Ministry of Labour Pulmonary Function Laboratory which provides the data on the claimants. These two individuals are extremely valuable to the Committee and allow for close communication on clinical aspects of occupational chest disease and on pulmonary function test results. The OCDRC sees no evidence for any conflict of interest in having members of the HSSSB of the Ministry of Labour provide their expertise to the OCDRC.

Recommendation 6., Section 5.

The Pulmonary Function Laboratory should be accredited as parts of a quality control program of Pulmonary Function Laboratories of the Respiratory Division of the University of Toronto and this has already been recommended by the OCDRC. The accreditation of the Radiology facility is carried out by the Ministry of Health according to criteria which apply to all hospitals and clinics in the Province. X-ray quality control follows criteria laid down by the International Labour Office and the Ontario Ministry of Labour internal quality control program. It should be noted that members of the OCDRC have considerable expertise in chest radiograph interpretation. Any problems in quality would be immediately noted and a request for action instituted. At present, there are no problems in this respect.

Asbestos Related Lung Disease. General Statement by OCDRC. (January 10, 1989)

APPENDIX 2

Recommendations for future organization of the Occupational Chest Disease Review Committee, October 13, 1987.

APPENDIX 3

Occupational Chest Disease Review Committee Recommendations (Mission Statement, Objectives, Goals, Operating Principles). January 24, 1989.

Appendix 1ASBESTOS-RELATED LUNG DISEASESINTRODUCTION

Chronic exposure to asbestos may lead to several separate and distinct pulmonary and thoracic conditions, characterized by very different significance, course and prognosis. Consideration of the individual case of asbestos related disease requires understanding of these conditions.

1. Asbestos-related pleural plaques

This is the most frequently seen abnormal result of asbestos exposure. The incidence is related to the number of years since first exposure. The diagnosis is made from the chest radiograph, and the extent of the plaques may range from the few to the multiple, so that in extreme cases the radiogram is spectacularly abnormal. The abnormal shadows are caused by focal thickening of the parietal pleura, sometimes with calcification.

Functional significance

In the majority of cases, pleural plaques result in no measurable impairment of function, and are usually only very slowly progressive. In extreme cases, with extensive plaque formation, recent work has shown slight reduction in the ability to the lungs to expand, and, therefore, a slight impairment of function.

2. Asbestos-related pleural effusion

This is an infrequently seen result of asbestos exposure, and requires moderately heavy exposure. There may be a subacute illness, sometimes with pain and fever, which gradually subsides spontaneously, or there may be no symptoms.

Functional significance

During the acute illness, the sufferer may be totally incapacitated, and, since there are other causes of pleural effusions, he may undergo various diagnostic studies. After the illness has subsided, occasionally chronic pleural thickening may occur and lead, occasionally, to reduction of the lungs' ability to expand, causing a variable degree of loss of function.

3. Asbestosis

This is a moderately frequent result of prolonged heavy exposure to asbestos. There is a fibrosis of the alveolar tissue of the lungs, which sometimes, but not always, progresses even after exposure is discontinued. Diagnosis depends on exposure, physical examination, chest radiograph and pulmonary function testing.

Functional significance

Asbestosis may lead to reduction in lung volumes, stiffness of the lungs and a reduction of the ability of the lungs to pick up oxygen. In extreme cases there is severe breathlessness, and if oxygen pick-up is severely impaired, cor pulmonale may occur.

4. Malignant Mesothelioma

This is a rare result of asbestos exposure, and may follow relatively light or brief exposure. There is a period of some 30 years between exposure and the appearance of the tumor. Diagnosis is made from symptoms and chest radiograph, but must be confirmed by biopsy.

Functional significance

This is an almost invariably progressive and fatal cancer which is notoriously resistant to any form of therapy.

5. Cancer of the lung

The overwhelming most important cause of lung cancer is cigarette smoking, but smoking asbestos workers have a higher rate of lung cancer than smokers in most other industries.

Functional significance

At the present time, lung cancer has a high fatality rate, despite modern therapy.

6. Other diseases, such as cancer of the larynx and of the gastrointestinal tract, may have some relation to asbestos exposure, but are not relevant to this submission.

Other causes of pulmonary impairment in Asbestos Workers

While asbestos-related lung disease may cause breathlessness and impairment of function in some workers, there are other common diseases of the lung quite unrelated to asbestos exposure, which may impair function and must be distinguished.

1. Smoking-related lung disease

Cigarette smoking is the commonest cause of chronic pulmonary impairment in the population at large, and working with asbestos provides no protection. Chronic smoking causes chronic bronchitis, emphysema and lung cancer.

Bronchitis and emphysema cause obstructive airways disease. This may be diagnosed from physical examination of the chest, when prolonged expiration and wheezing are heard, and the lungs are found to be large and the breath sounds patchy. The chest radiograph may show large lungs, flattened diaphragm shadows and reduced perfusion in places. Lung function tests confirm the increase in lung volumes, the obstruction of air flow and sometimes a reduction in diffusing capacity. The changes are quite different from those found in the asbestos-related conditions, and, therefore, should be distinguished, but difficulty arises if both disease groups are represented in the same patient.

Lung cancer is found by history, physical examination and chest radiograph. Biopsy confirmation is required.

2. Asthma

As many as 1 in 20 of the population may at some time have asthma,

which usually presents as breathlessness. Diagnosis is made by history and physical examination, and confirmed by lung function tests which show reversible obstruction of air flow, again quite different from the findings in asbestos-related diseases.

3. Pulmonary fibrosis

There are many causes of fibrosis of the lungs besides asbestosis. In the majority of cases, the cause is not known. In many cases, the clinical and functional distinction from asbestosis is not possible, and even lung biopsy may not be diagnostic.

4. Cor Pulmonale

This condition is included here because of the discussion in the report of the Industrial Disease Standards Panel. It is not a disease, but the result of a number of diseases which so impair lung function that failure of the right side of the heart occurs, the main determinant being inadequate blood oxygen levels. Thus asbestosis may, in the most extreme cases, lead to cor pulmonale, but by far the most frequent cause is advanced chronic obstructive lung disease.

5. Cardiac disease

Advanced cardiac disease, usually of coronary arterial origin, may cause severe impairment of function and breathlessness. Diagnosis is made by history, physical examination, chest radiograph and electrocardiogram. Asbestos as such is not known to cause direct cardiac damage.

6. Other lung diseases, and aging

Asbestos workers are not immune to the many other lung diseases which may afflict us all, and often these are the cause of impairment. It must also be remembered that lung function declines with age in all people, so that a decline from year to year is not always due to disease progression.

RECOMMENDATIONS FOR FUTURE ORGANIZATION OF THE
OCCUPATIONAL CHEST DISEASE REVIEW COMMITTEE

RECOMMENDATIONS

Changes to the Committee's organization and function:

RECOMMENDATION 1: THE COMMITTEE SHOULD BE COMPOSED OF:

- . 1 experienced, very senior physician;
- . 2 senior chest physicians, one of whom should be Chairman, possibly alternating the chairmanship between these two physicians every two years;
- . 2 chest physicians at an intermediate level, one of whom should be Executive Secretary;
- . 2 junior chest physicians;
- . 1 physician expert in workplace conditions and/or epidemiology.

RECOMMENDATION 2: SCHEDULE ONE COMMITTEE MEETING EVERY SECOND MONTH OUTSIDE OF TORONTO, INCLUDING THE OUTSIDE CONSULTANT IN THE REGION AS A TEMPORARY, PAID MEMBER OF THE COMMITTEE; ONE HALF OF THE REGULAR O.C.D.R.C. COMPLEMENT WOULD BE EXPECTED TO TRAVEL TO THESE MEETINGS.

RECOMMENDATION 3: INVITE ONE CONSULTANT FROM OUTSIDE THE COMMITTEE TO ATTEND IN TORONTO FOR ONE SESSION IN EACH ALTERNATIVE MONTH.

RECOMMENDATION 4: PRESENT CASES IN UNIFORM FASHION, USING PROJECTED SUMMARY SHEETS.

RECOMMENDATION 5: BUY TWO PROJECTORS AND SCREENS.

RECOMMENDATION 6: BUY AN AUTOMATIC X-RAY VIEWING DEVICE.

RECOMMENDATION 7: ENLARGE MEETING ROOM.

RECOMMENDATION 8: SCHEDULE REGULAR MEDICAL KNOWLEDGE REVIEW SESSIONS INTO MEETINGS.

RECOMMENDATION 9: DISCUSS O.C.D.R.C. ADMINISTRATIVE MATTERS FOR 1/2 HOUR DURING CASE EVALUATION SESSIONS WHEN NECESSARY.

RECOMMENDATION 10: SET HONORARIA ON SAME BASIS FOR ALL MEMBERS; RECOMMEND PER MONTH.

RECOMMENDATION 11: SET HONORARIUM FOR OUT-OF-TORONTO EXAMINATION DAYS AS AN EXTRA STIPEND IN ADDITION TO THE MONTHLY RATE.

RECOMMENDATION 12: REVIEW TIME DELAYS IN RETRIEVING REQUESTED SUPPLEMENTARY INFORMATION ON CLAIMS, SUCH AS DELIVERY OF EXTERNAL FILMS.

Standardization

RECOMMENDATION 13: ACHIEVE AGREEMENT ON STANDARDIZATION OF EXAMINATIONS AND INVESTIGATIONS.

RECOMMENDATION 14: CREATE A POLICY MANUAL FOR THE O.C.D.R.C.

Examination of claimants

RECOMMENDATION 15: WHEN CLAIMANTS ARE RE-EXAMINED NEAR THEIR HOMES, A STANDARDIZED FORMAT OF EVALUATION SHOULD BE USED.

Collection of Data

RECOMMENDATION 16: ASSOCIATE THE O.C.D.R.C. LABORATORY WITH A UNIVERSITY HOSPITAL LABORATORIES' QUALITY CONTROL SYSTEM.

RECOMMENDATION 17: HIRE AN ADDITIONAL PULMONARY FUNCTION TECHNOLOGIST.

RECOMMENDATION 18: BUY A HIGH QUALITY PORTABLE ELECTRONIC SPIROMETER FOR RE-EXAMINATION OF CLAIMANTS OUTSIDE TORONTO.

Teaching and education

RECOMMENDATION 19: APPLY FOR FORMAL ENGAGEMENT IN UNDERGRADUATE TEACHING PROGRAM, UNIVERSITY OF TORONTO.

RECOMMENDATION 20: APPLY FOR FORMAL ENGAGEMENT IN POSTGRADUATE TEACHING PROGRAM, UNIVERSITY OF TORONTO.

RECOMMENDATION 21: APPLY FOR CONTINUING MEDICAL EDUCATION (CME) CREDITS TO BE GRANTED TO OUTSIDE PHYSICIANS WHO ATTEND O.C.D.R.C. SESSIONS.

RECOMMENDATION 22: ANALYZE O.C.D.R.C. DATA ON A FORMAL BASIS.

DISCUSSION

Current mandate and functions

The Occupational Chest Disease Review Committee (O.C.D.R.C.) consists of a group of physicians appointed by the Workers' Compensation Board of Ontario (W.C.B.). Its mandate is to bring unbiased professional advice to the W.C.B. on the diagnosis and degree of impairment, if any, in workers with dust related occupational lung disease. It may also evaluate the degree of risk of continued exposure to a respiratory hazard at a workplace.

The advice of the Committee is based on historical, clinical, radiological and physiological information which it derives independently on claimants who are referred to it by the W.C.B. From this, it assesses the degree, if any, of impairment that may reasonably be ascribed to the occupational exposure. The Committee is asked to provide a definite diagnosis, to suggest a figure for the degree of impairment found, and to review the claimants regularly to indicate any changes in the level of compensation.

Recommended future mandate

The Committee should have responsibility for review of all types of occupational lung disease. It should be perceived as having a range of experience as well as of being fair and flexible, and there should be input from geographic areas outside Toronto. There is a need both for very experienced members and relatively junior learning members who will gain experience and provide continuity as the older members retire.

To maintain and increase the expertise of the Committee, there is a need for a defined knowledge updating system and the stimulus of data analysis.

The following recommendations have the advantage of providing a centralized, homogeneous viewpoint, relatively low cost, a centralized filing system, and examinations near claimants' homes. Group members benefit from the experience of all concerned. New blood is introduced, there is teaching and analysis of the gathered data, and there is increased knowledge on the methods of assessment. The above suggestions should result in an efficient, effective Committee which will have credibility.

The collection of data

Historical, clinical and physiological data should be obtained using a standardized format as much as possible. While historical, clinical and radiological data may be collected by specially trained personnel anywhere in Ontario, physiological data may vary from laboratory to laboratory. Therefore, at least the more sophisticated measurements of function should be carried out in one central laboratory where consistent quality control may be maintained.

Recommended constitution of the Committee

The Committee should include physicians with special expertise in clinical respirology, industrial lung diseases, pulmonary physiology, pulmonary radiology, epidemiology and statistics, and in details of industrial processes, both qualitative and quantitative, both currently and during past periods of exposure. The Committee should have the right to call special consultants for particularly difficult and specific problems and it must work with the co-operation of the staff of the Ontario Ministry of Labour as well as with its own consultant in pathology.

Provision should be made for the inclusion of new chest physicians who will gain experience and provide continuity as the older members retire. The addition of two chest physicians for training at an early stage of their careers would allow a greater proportion of claimants to be examined by physicians not associated with the Ministry of Labour and would diminish any perception of bias.

RECOMMENDATION 1: THE COMMITTEE SHOULD BE COMPOSED OF:

- 1 experienced, very senior physician;
 - 2 senior chest physicians, one of whom should be Chairman, possibly alternating the chairmanship between these two physicians every two years;
 - 2 chest physicians at an intermediate level, one of whom should be Executive Secretary;
 - 2 junior chest physicians;
 - 1 physician expert in workplace conditions and/or epidemiology.
-

The location of meetings: broadening the Committee's base

The majority of Committee meetings should be held in Toronto. On alternative months, there would be one meeting in a city outside Toronto and an appropriate chest physician located in this city would be invited to sit on the Committee for that particular session. On the other alternative months there would be a meeting in Toronto to review cases and on these occasions a consultant from outside the Committee would be invited to sit in on this particular session as a member of the Committee.

In this way there would be wide exposure of the Committee's work to many physicians with a particular interest in chest disease, at least 12 physicians a year.

RECOMMENDATION 2: SCHEDULE ONE COMMITTEE MEETING EVERY SECOND MONTH OUTSIDE OF TORONTO, INCLUDING THE OUTSIDE CONSULTANT IN THE REGION AS A TEMPORARY, PAID MEMBER OF THE COMMITTEE; ONE HALF OF THE REGULAR O.C.D.R.C. COMPLEMENT WOULD BE EXPECTED TO TRAVEL TO THESE MEETINGS.

RECOMMENDATION 3: INVITE ONE CONSULTANT FROM OUTSIDE THE COMMITTEE TO ATTEND IN TORONTO FOR ONE SESSION IN EACH ALTERNATIVE MONTH.

Existing staff, equipment, and facilities

Currently, the Committee meets in a 16' x 16' poorly ventilated room on the premises of the Ministry of Labour's Health and Safety Support Services Branch (H.S.S.S.B.) Medical Service Chest Clinic. Its secretary is on the payroll of the W.C.B. and occupies a small office supplied by the Chest Clinic. Pulmonary function and exercise testing, as well as computer data entry is done in a laboratory and computer room also provided free of charge by the Chest Clinic. The single full-time laboratory technologist is on the Ministry of Labour payroll. Office and laboratory furniture is provided by the Chest Clinic. About one half of the scientific instrumentation in the laboratory has been bought by the W.C.B. and the other half by the Ministry of Labour. The meeting room houses 48 x-ray viewboxes and the physical examination room an additional 8. Dictating equipment has been bought and maintained by the W.C.B. Medical examination supplies are provided by the Ministry. All computer equipment has been provided by the Chest Clinic. All expendable items, including x-ray film and laboratory supplies are also furnished routinely by the Ministry.

The major deficiencies in relation to work demands include inadequate seating room, unsatisfactory room shape for presentations, inadequate number of laboratory staff for the current work load, and inadequate or non-existent equipment for presentation of data. If recently stated requests by the W.C.B. for examination of miners with chronic obstructive pulmonary disease without silicosis are implemented, the currently available clerical office filing cabinets are quite insufficient and the complete lack of work processing equipment is a major handicap by present-day office standards.

The subsequent recommendations involving facilities, equipment, and staff are intended to bring the Committee's physical working capacity up to standard.

Presentations within the Committee

Information in a standard format should be presented to the Committee efficiently in an adequate facility with good viewing and projection equipment.

RECOMMENDATION 4: PRESENT CASES IN UNIFORM FASHION, USING PROJECTED SUMMARY SHEETS.

RECOMMENDATION 5: BUY TWO PROJECTORS AND SCREENS.

Advantages: . case summary and supporting data may be seen by all members simultaneously;
 . less chance of abnormalities being missed;
 . focuses attention of members'
 . speeds work flow.

Disadvantages: . opaque projector costs \$700 to \$3,000;
 . some opaque projects are noisy;
 . large 1000 W bulbs cause heat discomfort;
 . difficult to find evaluation samples;
 . screen costs \$150 to \$250.

RECOMMENDATION 6: BUY AN AUTOMATIC X-RAY VIEWING DEVICE. (recommend Picker Model MV72; catalogue number 250710).

Advantages: . view films without distracting interruption
 . provide faster review service
 . improve concentration on case material
 . improve sense of professionalism of W.C.B. and Committee.

Disadvantages: . one-time cost \$13,949.00 plus tax.

RECOMMENDATION 7: ENLARGE MEETING ROOM. (It is understood that plans for this are now underway under the sponsorship of the M.O.L. Chest Clinic)

- Advantages: . improve ventilation, tolerate projector;
 . accommodate student groups.
- Disadvantages: . may need to assist Chest Clinic office
 re-design budget.

Continuing education

Provision must be made for the continuing education of the Committee with regular review of new work in occupational lung diseases. About 30 minutes of each meeting should be used for the presentation of new published material (or material obtained by other means such as attendance at conferences) by one of the members of the Committee. There should be photocopies available for each member of the Committee and a file of information should be kept.

RECOMMENDATION 8: SCHEDULE REGULAR MEDICAL KNOWLEDGE REVIEW SESSIONS INTO MEETINGS.

- Advantages: . update knowledge of members;
 . prepare base for teaching program;
 . improve scientific excellence;
 . encourages maintenance of appropriate literature file.
- Disadvantages: . preparation may be time-consuming;
 . 1/2 hour during some sessions diminishes time available for case presentation.
-

Internal administration

RECOMMENDATION 9: DISCUSS O.C.D.R.C. ADMINISTRATIVE MATTERS FOR 1/2 HOUR DURING CASE EVALUATION SESSIONS WHEN NECESSARY.

RECOMMENDATION 10: SET HONORARIA ON SAME BASIS FOR ALL MEMBERS; RECOMMEND PER MONTH.

RECOMMENDATION 11: SET HONORARIUM FOR OUT-OF-TORONTO EXAMINATION DAYS AS AN EXTRA STIPEND IN ADDITION TO THE MONTHLY RATE.

RECOMMENDATION 12: REVIEW TIME DELAYS IN RETRIEVING REQUESTED SUPPLEMENTARY INFORMATION ON CLAIMS, SUCH AS DELIVERY OF EXTERNAL FILMS.

Standardization

There is a need for some formalization related to Committee decisions regarding recommendations for compensation. For example, the custom, which has been followed during periods in the past, of allowing 10% impairment rating for an abnormal chest x-ray without any evidence of impairment, should be reviewed.

Reports should be made on a standard form based on principles developed by the Committee, and some of the final reports might be reviewed by the Committee for its interest. There is a need for developing principles as to when reports go to the family physicians and on what recommendations are made in addition to those relating directly to the compensation situation.

RECOMMENDATION 13: ACHIEVE AGREEMENT ON STANDARDIZATION OF EXAMINATIONS AND INVESTIGATIONS.

RECOMMENDATION 14: CREATE A POLICY MANUAL FOR THE O.C.D.R.C.

- | | |
|---------------|---|
| Advantages | <ul style="list-style-type: none"> . provide consistent scientific basis for evaluations; . provide consistent framework for teaching; . prepare standards for outside examiners, should they be employed. |
| Disadvantages | <ul style="list-style-type: none"> . time-consuming to draft; . less necessary if no added teaching is undertaken. |
-

Examination of claimants

Physical examinations of claimants should take place, especially for follow-up evaluations, in cities which are near their homes and which provide adequate facilities for chest x-rays and pulmonary function tests. This recommendation is made both in the interest of the comfort of the claimant and for improved dissemination of specialist knowledge among chest physicians in the province.

RECOMMENDATION 15: WHEN CLAIMANTS ARE RE-EXAMINED NEAR THEIR HOMES, A STANDARDIZED FORMAT OF EVALUATION SHOULD BE USED.

- | | |
|----------------|---|
| Advantages: | <ul style="list-style-type: none"> . save O.C.D.R.C. travel, hotel, meal costs; . increase awareness of local physicians to W.C.B. matters; . educate local physicians; . encourage acceptance of uniform criteria for evaluation. . any tendency to "padding" of tests with unnecessary lab fees can be controlled. |
| Disadvantages: | <ul style="list-style-type: none"> . local rivalries may develop; . consultant will submit fee to W.C.B.; . some inter-laboratory variation may not be controllable; . disadvantageous costs balance: |

if a physician from Toronto were sent to re-examine 10 claimants, estimated average cost:

Travel, hotel, meals per day	\$ 350
Hospital entrance fees (10)	400
Additional examination stipend	500
<u>TOTAL</u>	<u>\$1,250</u>

If a local, appropriately trained chest physician were to do 10 re-examinations:

Consultation fees (1)	\$ 965
(alternatively, a 1/2 day or full day pay schedule could be used)	
Hospital entrance fees (10)	400
<u>TOTAL</u>	<u>\$1,365</u>

INCREASE IN COST: \$1,365-\$1,250=\$115 for 10 claimants in one day.

Collection of Data

The laboratory of the Committee is now staffed by a fully trained pulmonary function technologist with additional special expertise in electronics. The tests are done according to methods recommended by the American Thoracic Society for pulmonary function testing, where applicable, and by other standards judged by the Committee's physicians to be the most appropriate. Formal equipment testing is performed and documented on a regular schedule and informal quality control is performed by comparison of test results with other hospitals both in the local area as well as in other provinces, it will be of great importance to become part of any more formal quality control system at least within the local teaching hospital network when such an opportunity becomes available.

RECOMMENDATION 16: ASSOCIATE THE O.C.D.R.C. LABORATORY WITH A UNIVERSITY HOSPITAL LABORATORIES' QUALITY CONTROL SYSTEM.

Laboratory staffing, and equipment for field examinations

With the increase in workload anticipated from examinations of patients with chronic obstructive pulmonary disease (C.O.P.D.), recently requested by the W.C.B., and because of shifts of technical personnel within the Ministry of Labour Chest Clinic, one additional part time pulmonary function technologist is required. In order for the O.C.D.R.C. to carry out its functions, adequate technical, administrative, and secretary support must be provided.

RECOMMENDATION 17: HIRE AN ADDITIONAL PULMONARY FUNCTION TECHNOLOGIST.

Advantages: . relieve strain on existing lab staff;
 . provide back-up;
 . suitable candidate is available now.

Disadvantages: . salary cost up to \$21,838 annually if employed three days per week.

RECOMMENDATION 18: BUY A HIGH QUALITY PORTABLE ELECTRONIC SPIROMETER FOR RE-EXAMINATION OF CLAIMANTS OUTSIDE TORONTO.

Advantages: . allows increased frequency and flexibility of schedule examinations outside Toronto.

Disadvantages: . cost about \$6,000, tax included.

Teaching and education

The Committee should offer teaching, in association with the Chest Clinic of the Health Studies and Support Services Branch (H.S.S.S.B.) of the Ministry of Labour, at an undergraduate level of both the nature of occupational lung diseases and of the methods of assessment of impairment.

RECOMMENDATION 19: APPLY FOR FORMAL ENGAGEMENT IN UNDERGRADUATE TEACHING PROGRAM, UNIVERSITY OF TORONTO.

The Committee should offer teaching at the postgraduate level, again in association with the H.S.S.S.B. Chest Clinic, on these subjects both to future respirologists and to any practising respirologist who may be involved with cases of occupational lung diseases.

RECOMMENDATION 20: APPLY FOR FORMAL ENGAGEMENT IN POSTGRADUATE TEACHING PROGRAM, UNIVERSITY OF TORONTO.

RECOMMENDATION 21: APPLY FOR CONTINUING MEDICAL EDUCATION (CME) CREDITS TO BE GRANTED TO OUTSIDE PHYSICIANS WHO ATTEND O.C.D.R.C. SESSIONS.

The Committee should work with the Ministry of Labour to ensure that adequate data for the Province of Ontario may be collected, stored, and analyzed. Projects would probably arise from questions raised within the Committee when reviewing cases. For example, there is particular interest in the natural course of dust diseases, especially those cases which do not worsen over the years.

RECOMMENDATION 22: ANALYZE O.C.D.R.C. DATA ON A FORMAL BASIS.

Dated at Toronto, October 13, 1987

Appendix 3OCCUPATIONAL CHEST DISEASE REVIEW COMMITTEE (OCDRC) RECOMMENDATIONS
(MISSION STATEMENT, OBJECTIVES, GOALS, OPERATING PRINCIPLES)MISSION STATEMENT

It is the mission of the OCDRC to provide the Workers' Compensation Board of Ontario (WCB) with impartial advice on the diagnosis and functional significance of occupational lung disease in claimants to the WCB.

OBJECTIVES

The OCDRC will provide the WCB with opinions concerning referred claimants in order to assist the WCB in making well informed and fair decisions concerning the presence or absence of compensable Occupational Chest Disease and to provide a guide to the amount of impairment. As a result of the work of the OCDRC, the WCB will obtain an impartial opinion based on broadly-based and specialized medical experience and this should result in the decisions of the WCB seen as being fair and just.

GOALS

1. To assure that the WCB receives impartial advice on the diagnosis and functional significance of occupational lung disease in claimants to the WCB.
2. To assure the appropriate and effective use of available resources to provide this opinion.
3. To assure that all members of the OCDRC contribute to the opinions of the Committee.
4. To assure that the Committee continues with the highest possible level of expertise in the assessment of claimants for occupational chest disease.
5. To add to knowledge concerning occupational lung disease by further research.
6. To disseminate knowledge concerning occupational chest disease by the teaching of medical students, post graduate students, practicing physicians and other health professionals.

OPERATING PRINCIPLESMANDATE

The OCDRC will review any worker who has filed a claim for occupationally related chest disease and is referred by the WCB. The OCDRC will review any of these diseases, including pneumoconioses, occupational asthma, chest trauma and any other occupationally related chest condition.

PROCEDURES:

- (1) Workers to be reviewed by the OCDRC will be referred by the WCB. The WCB undertakes to provide the Committee with such background information which it may have on a claim and will, if necessary, search for additional information at the request of the Committee.
- (2) The Medical Chest Consultant at the WCB will transmit pertinent information to the OCDRC. Upon receiving the information, the OCDRC will arrange for a clinical examination of the worker by a Committee member. This will include a history, physical examination, x-ray, pulmonary function tests and review of any other specialized investigations which may have been done. The examining physician will present the information to the Committee at one of the Committee's regular meetings. The Committee will usually come to a decision by consensus. In case of disagreement, a vote will be taken and the result of the vote and the points of disagreement will be recorded in the report from the Committee.
- (3) The Committee will recommend the percent of physical impairment relevant to the occupational exposure, based on all information available.
- (4) The OCDRC will report its opinions to the Occupational Disease Department (Medical Chest Consultant) of the WCB.

STRUCTURE:

The Committee will consist of eight members appointed by the Executive Director of the Specialized Medical Services Division of the WCB for a one year term, subject to renewal at the discretion of the WCB.

Members will be physicians with special knowledge in areas pertaining to the diagnostic and functional evaluation of Occupational Lung Diseases; are suitable for cooperative work in a committee setting; and will represent a variety of levels of experience in order to ensure the continuation of expertise in the Committee as attrition occurs.

Eight members will be appointed to the Committee to provide flexibility and to ensure the presence of at least five members at all meetings.

There will be a secretary who does work for the Committee and is paid by the WCB. There will be pulmonary function technical assistance paid by the WCB. The Committee will use the services of the Pulmonary Function Laboratory of the Ministry of Labour (MOL) and the services of the x-ray equipment and technician at the Chest Clinics of the MOL.

The Committee is directed by a Chairman, and there will be an Executive Secretary, both appointed by the WCB with the agreement of the members of the OCDRC. At least one of these officers will be present at each meeting.

One temporary member may be added to the Committee either because of need for particular expertise, or to improve contact with other chest physicians who might be examining claimants in cities other than Toronto.

DECISION MAKING:

The Committee makes a diagnosis, or reviewing any previously made diagnosis, of Occupational Chest Disease on the basis of currently available medical evidence.

The Committee assesses any physical impairment due to the Occupational Chest Disease in question on the basis of clinical history and examination, chest x-ray and measurements of pulmonary function at rest in conjunction with studies done during appropriate exercise, if indicated. If any investigations are contraindicated or if the quality of the tests is deemed inadequate, the Committee may offer a best estimate of loss of physical impairment, or may decline to offer an opinion on the basis of the available data.

LABORATORY TESTS:

The OCDRC will use radiographic and pulmonary function technologists and a laboratory for the investigation of the claims. It will recommend to the WCB such maintenance and updating which may need to be undertaken to ensure the collection of data of appropriate quality and to provide a speed of service as required by the WCB.

DATA ANALYSIS

To make the work of the Committee even more effective, continuing data analysis on the basis of its case load, will be useful and the information obtained may be published with the approval of the WCB so as to contribute to knowledge in Occupational Chest Diseases.

EXAMINATION OF CLAIMANTS OUTSIDE TORONTO

The Committee will carry out its work primarily in Toronto, meeting usually once a week. However, for the convenience of claimants and to reduce cost of travel of claimants to Toronto, members of the Committee may go to cities outside Toronto for the purpose of examining claimants. These visits may be associated with a temporary member joining the Committee, usually a physician practicing in the city being visited.

The Committee may request clinical and laboratory examinations of claimants by physicians approved by the WCB in locations outside Toronto.

TERMINATION OF CLAIMANTS OUTSIDE TORONTO

Members of the Committee may resign from the Committee with two months' notice to the Chairman and to the WCB or may be asked to leave by the WCB with two months' notice.

TEACHING

The Committee will be willing to make a regular teaching commitment to undergraduate medical students and to offer instruction to post graduate physicians as well as to practicing physicians and other health professionals upon request and under special arrangements. Such teaching is to the advantage of the Committee in producing a stimulating environment for keeping up to date and enthusiasm about its role within the general milieu of medical practice. Strict medical ethical confidentiality will be maintained and this will be emphasized to the participating students.

Filed—February 8th, 1989.

REGULATION TO AMEND REGULATION 724 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE ONTARIO MUNICIPAL EMPLOYEES RETIREMENT SYSTEM ACT

1.—(1) Section 11 of Regulation 724 of Revised Regulations of Ontario, 1980 is amended by adding thereto the following subsection:

(3a) In subsection (3), "policemen" includes police cadets. O. Reg. 68/89, s. 1 (1).

(2) Subsection 11 (4), as remade by section 2 of Ontario Regulation 92/87, subsection 11 (4a), as made by section 2 of Ontario Regulation 92/87, and subsection 11 (5), as made by section 3 of Ontario Regulation 641/81 and amended by section 6 of Ontario Regulation 70/83, of the said Regulation are revoked and the following substituted therefor:

- (4) The normal retirement age of a member who,
 - (a) is contributing to the Fund on the basis of a normal retirement age of sixty years;
 - (b) previously contributed to the Fund on the basis of a normal retirement age of sixty-five years; and
 - (c) has not withdrawn from the Fund any of the contributions referred to in clause (b),

shall be deemed to be sixty years for his or her entire period of credited service, and the period of his or her credited service while his or her normal retirement age was sixty-five years shall be reduced by one-third, unless credit is established in the Fund by or in respect of the member of an amount, determined by the Board on the advice of the actuary, equal to the difference between the present value of the pension earned based on credited service while the member's normal retirement age was sixty-five years and the same pension calculated as if the member's normal retirement age had been sixty years.

- (5) A member who,
 - (a) is contributing to the Fund on the basis of a normal retirement age of sixty-five years;
 - (b) previously contributed to the Fund on the basis of a normal retirement age of sixty years; and
 - (c) has not withdrawn from the Fund any of the contributions referred to in clause (b),

shall have placed to his or her credit in the Fund an amount representing the excess of contributions made by the member under section 9 on the basis of a normal retirement age of sixty years over contributions that would have been made by the member under section 9 on the basis of a normal retirement age of sixty-five years, plus any contributions made by the member under subsection (4), together with interest thereon

calculated in the manner provided in subsection 18 (3), for the establishment of a benefit, determined by the Board on the advice of its actuary, payable in addition to and under the same conditions as any other benefit payable under this Regulation.

(6) Notwithstanding subsection 18 (1) and in lieu of the benefit referred to in subsection (5), a member who ceases to be an employee or councillor of an employer may, by written request to the executive-director, request that the contributions referred to in subsection (5) be paid to him or her, together with interest thereon at the rate set forth in subsection 18 (3) less the amount of benefits that have been paid.

(7) The normal retirement age of a member who,

- (a) is contributing to the Fund on the basis of a normal retirement age of sixty years;
- (b) previously contributed to the Fund on the basis of a normal retirement age of sixty-five years and before that contributed to the Fund on the basis of a normal retirement age of sixty years; and
- (c) has not withdrawn from the Fund any of the contributions referred to in clause (b),

shall be deemed to be sixty years for his or her entire period of credited service, and the period of credited service to the credit of the member based on a normal retirement age of sixty-five years shall be reduced by one-third unless,

- (d) in respect of a prior period during which the member contributed to the Fund on the basis of a normal retirement age of sixty-five years, credit is established in the Fund by or in respect of the member to the Fund of an amount calculated in accordance with subsection (4); and
- (e) in respect of a prior period during which the member previously contributed to the Fund on the basis of a normal retirement age of sixty years, credit is established in the Fund by or in respect of the member of an amount equal to the excess of contributions made by the member referred to in subsection (5), together with interest thereon calculated in the manner provided in subsection 18 (3).

(8) If a member's age is sixty years or more, the one-third reduction referred to in subsections (4) and (7) shall equal one-fifteenth times the number of complete years and months that the member's age is less than sixty-five years, and the calculation of the amount referred to in subsections (4) and (7) shall be modified accordingly. O. Reg. 68/89, s. 1 (2).

2. Subsection 1 (2) shall be deemed to have come into force on the 1st day of January, 1989.

PROFESSIONAL ENGINEERS ACT, 1984

O. Reg. 72/89.

General.

Made—November 18th, 1988.

Approved—February 2nd, 1989.

Filed—February 10th, 1989.

REGULATION TO AMEND ONTARIO REGULATION 538/84 MADE UNDER THE PROFESSIONAL ENGINEERS ACT, 1984

1. Section 48 of Ontario Regulation 538/84, as amended by section 1 of Ontario Regulation 71/89, is further amended by adding thereto the following paragraph:

3. The applicant must certify in a form that will be supplied by the Registrar that,

- i. the applicant is insured against professional liability in accordance with subsection 88 (1),
- ii. the applicant is participating in the Indemnity Plan of the Ontario Association of Architects in accordance with clause 88 (2) (a) and the applicant's practice is limited to professional activities covered by that Plan,
- iii. the applicant has other insurance in accordance with clause 88 (2) (b),
- iv. the applicant is not required to have professional liability insurance because any such insurance would be in respect of pollution hazards, nuclear hazards, aviation hazards or shipping hazards, or
- v. the applicant will comply with section 88 in the manner provided by that section by notifying each person to whom the applicant intends to provide professional engineering services that the applicant is not insured in accordance with the minimum requirements of that section.

2. The said Regulation is amended by adding thereto the following section:

88.—(1) Subject to subsection (2), a holder of a certificate of authorization must be insured against professional liability under a policy of professional liability insurance which complies with the following minimum requirements:

1. A policy limit for each single claim of not less than \$250,000 and either an aggregate policy limit for all claims of not less than \$500,000 per year or an automatic policy limit reinstatement feature.
2. A maximum deductible amount under the policy of the greater of \$5,000 or 5 per cent of the annual fees the holder billed in the twelve months immediately before the issuance of the policy.
3. Coverage for liability for errors, omissions and negligent acts arising out of the performance of all services within the practice of professional engineering offered or provided to the public by the insured subject to such exclusions and conditions and otherwise on such terms as are consistent with normal insurance industry practice from time to time.
4. A provision that neither party may cancel or amend the policy of insurance in a way that results in non-compliance with this Regulation without first giving the other party at least forty-five days written notice or, in the event of non-payment of premiums, fifteen days written notice.
5. The insurance must be placed with an insurer with an aggregate capital and surplus of at least \$20,000,000.

(2) A holder of a certificate of authorization is not required to be insured against professional liability under subsection (1) if,

- (a) the holder is participating in the Indemnity Plan of the Ontario Association of Architects and the holder's practice is limited to professional activities covered by that Plan;
- (b) substantially all claims arising out of the service performed within the practice of professional engineering would be covered by other insurance whose terms of coverage are not materially less than the minimum requirements under subsection (1);
- (c) the professional liability insurance would be in respect of pollution hazards, nuclear hazards, aviation hazards or shipping hazards; or

(d) before entering into an agreement to provide professional engineering services, the holder notifies each person to whom the holder intends to provide professional engineering services that the holder is not insured in accordance with the minimum requirements of this section and receives from each such person written authority to provide those services without that insurance.

(3) The notice under clause (2) (d),

(a) shall include a statement that the regulation under the *Professional Engineers Act, 1984* requires the holder to notify any person to whom professional engineering services are to be provided if the holder is not insured for professional liability in accordance with the minimum requirements of that regulation;

(b) shall include a statement to be signed by the person to whom the services are to be provided that the person understands that the holder is not so insured; and

(c) shall prominently display the following statement above the statement referred to in clause (b):

"The undersigned hereby advises you that the undersigned is not insured for professional liability in accordance with the minimum requirements of Ontario Regulation 538/84 made under the *Professional Engineers Act, 1984*". O. Reg. 72/89, s. 2.

- Kapuskasing	April 11
- Timmins	April 12
- North Bay	April 13
- Dryden	April 18
- Thunder Bay	April 19
- Sault Ste. Marie	April 20

(c) TORONTO April 20 & 21.

2. At the commencement of each of the special hearings, at each location noted above, the Board will hear:

- (a) General evidence with respect to supply and demand in the area either for or against further licensing in the area. The Board encourages associations, shipper groups or government agencies to present their views and any supporting factual information that can be generated.

- (b) Statistical evidence from any government or private body that would indicate a change in Class "R" trucking requirements. Prior to these hearings the Ministry of Transportation and Communications will have provided to the Board all available forecasts pertinent to Class "R" trucking requirements and may provide a representative at the hearing to review them.

- (c) Specific evidence in support of each individual applicant. Shippers if they choose may give general evidence with respect to need in the area and may support a number of applicants with one appearance. They would be required to identify the applicant(s) they support and state why the service is needed. Witnesses giving evidence in this form would be subject to cross-examination by any respondent affected.

- (d) Specific evidence from respondents as it applies to the application opposed. Each respondent would be required to testify once.

3. Following these hearings the Board will, on the basis of the evidence presented, issue a concise report outlining its perception of trends in demand for the upcoming construction season. This report will be made public and available to any interested party.

4. Each application will continue to be determined on its own merits considering public

necessity and convenience as established by the evidence.

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Objections to these applications must be served on the applicant and filed with the provincial transport board within twenty-nine days of this publication. Any interested person who serves and files an objection must also provide the provincial transport board with written evidence, within thirty-nine days of this publication, that satisfies the board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

TOWN OF NIAGARA-ON-THE-LAKE

PROPOSED IRRIGATION ACT

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the Town of Niagara-on-the-Lake application will be made to the Legislative Assembly of the Province of Ontario for an Act to authorize the establishment by the Town of Niagara-on-

the-Lake of a public utility for the establishment, construction, administration and control of irrigation works within the Municipality. The proposed revisions include:

- (a) the power to establish irrigation works as a public utility;
- (b) the power to collect charges from the users of such works and to control who may use such works;
- (c) to establish an Irrigation Commission composed of members appointed by the Town to establish, construct, administer and control the works on behalf of the Town.

The legislation provides that where an irrigation work is to be established notice must be given to those persons affected by the work and, in the event that a majority of the owners as set forth in the Act do not wish the work to proceed, the Commission may appeal to the Ontario Municipal Board for authorization to carry out the work.

The legislation will permit the Irrigation Commission to use existing drains, canals, pipelines and watercourses as part of an irrigation work. The Irrigation Commission shall also have the power to control who can draw water from the work and the manner in which users of the utility shall be charged for the provision of irrigation to their lands.

This application will be considered by a Standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions for or against the application to the Standing Committee should notify in writing the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

PLANNING ACT, 1983

O. Reg. 84/89.

Zoning Areas—Part of the Geographic Township of Zealand in the Territorial District of Kenora.

Made—January 31st, 1989.

Filed—February 15th, 1989.

**ORDER MADE UNDER THE
PLANNING ACT, 1983**

**ZONING AREAS—PART OF THE GEOGRAPHIC
TOWNSHIP OF ZEALAND IN THE
TERRITORIAL DISTRICT OF KENORA**

1. In this Order,

“accessory”, when used to describe a use, building or structure, means a use, building or structure that is normally incidental or subordinate to the principal use, building or structure located on the same lot;

“dwelling unit” means one or more habitable rooms occupied or capable of being occupied as an independent and separate housekeeping establishment in which separate kitchen and sanitary facilities are provided for the exclusive use of such unit with a private entrance from outside the building or from a common hallway or stairway inside the building;

“front lot line” means the high water mark of Wabigoon Lake as regulated to a maximum elevation of 370 metres Canadian Geodetic Datum;

“front yard” means a yard extending across the full width of the lot between the front lot line and the nearest main wall of the main building or structure on the lot;

“guest cabin” means a building with sanitary facilities but without cooking facilities that is accessory to a seasonal dwelling and used only for purposes of sleeping accommodation;

“lot” means a parcel of land shown as a lot or block on Plan M-853 registered in the Land Registry Office for the Land Titles Division of Kenora (No. 23);

“lot line” means a boundary of a lot;

“mobile home” means a dwelling unit that is constructed to be made mobile but does not include a

travel trailer or tent trailer or trailer otherwise designed;

"recreational purposes" includes skiing, hiking, horse-back riding, bicycling and other open air activities;

"seasonal dwelling" means a single dwelling or mobile home to be used for recreational purposes but not occupied as a permanent residence or home;

"yard" means a space open from the ground to the sky of the lot on which a building is situate unoccupied except for such accessory buildings as are specifically permitted in this Order O. Reg. 84/89, s. 1.

APPLICATION

2. This Order applies to those lands in the geographic Township of Zealand in the Territorial District of Kenora that are part of the south part of the west part of Location H.W. 133 and Location CL 4533, being all of the lots and blocks shown on Plan Number M-853 registered in the Land Registry Office for the Land Titles Division of Kenora (No. 23). O. Reg. 84/89, s. 2.

GENERAL

3. No land to which this Order applies shall be used and no building or structure shall be erected or used except in accordance with the terms of this Order, but nothing in this Order prevents the use of any land, building or structure for any purpose prohibited by this Order, if such land, building or structure was lawfully used for such purposes on the day this Order comes into force. O. Reg. 84/89, s. 3.

PERMITTED USES

4.—(1) Every use of land and every erection or use of buildings or structures on lots 1 to 27 inclusive, on Plan M-853, is prohibited except seasonal dwellings and uses, buildings and structures accessory thereto, if the following requirements are met:

1. Not more than one seasonal dwelling and one guest cabin shall be erected or used on a lot.
2. All buildings and structures shall be located above the elevation of 370 metres Canadian Geodetic Datum.
3. No basement opening in any building or structure shall be lower than the elevation of 370 metres Canadian Geodetic Datum.

(2) In addition to the requirements under subsection 1), lots 8, 10, 12, 13, 16, 17, 18 and 25 require that the front yard be at least 18 metres.

(3) Every use of land, except for recreational purposes, is prohibited on Block 28 on Plan M-853, and

no building or structure shall be erected or used thereon. O. Reg. 84/89, s. 4.

REBUILDING AND REPAIRS

5.—(1) Nothing in this Order prevents the reconstruction of any building or structure that is damaged or destroyed by causes beyond the control of the owner, if the dimensions of the original building or structure are not increased or its original use altered.

(2) Nothing in this Order prevents the strengthening or restoration to a safe condition of any building or structure or part of any building or structure. O. Reg. 84/89, s. 5.

HIGHWAY TRAFFIC ACT

O. Reg. 86/89.

Commercial Motor Vehicle Inspections.

Made—February 15th, 1989.

Filed—February 16th, 1989.

REGULATION MADE UNDER THE
HIGHWAY TRAFFIC ACT

COMMERCIAL MOTOR VEHICLE
INSPECTIONS

1.—(1) In this Regulation,

“commercial motor vehicle” means,

- (a) a commercial motor vehicle as defined in subsection 15a (1) of the Act, and
- (b) a trailer or trailers drawn by a vehicle referred to in clause (a);

“emergency vehicle” means,

- (a) a road service vehicle operated by or on behalf of a road authority,
- (b) a vehicle used by a person employed by or on behalf of a police force, or
- (c) a vehicle used by or on behalf of a public utility as defined in the *Public Utilities Corporations Act*;

“operator” means an operator as defined in subsection 15a (1) of the Act;

“recreation vehicle” means a vehicle designed as mobile accommodation or as self-propelled mobile accommodation and used as transportation without compensation for personal or recreational purposes and includes but is not limited to a cabin trailer, collapsible cabin trailer, tent trailer and camping trailer.

(2) For the purpose of section 90a of the Act, “commercial motor vehicle” and “operator” have the meanings set out in subsection (1) O. Reg. 86/89, s. 1.

PART I

TRIP INSPECTIONS

2.—(1) Every driver of a commercial motor vehicle shall inspect or cause to be inspected the commercial motor vehicle before the vehicle's first trip of the day.

(2) If a trip lasts more than one day, the inspection required by subsection (1) shall be carried out on the second and every subsequent day of the trip no later than the first rest stop of the day.

(3) If a commercial motor vehicle is driven in a day by more than one driver, only the first driver to drive the vehicle in the day has the obligation set out in subsection (1).

(4) If an emergency vehicle's first trip of the day is to respond to or return from an emergency, the inspec-

tion required under subsection (1) shall be carried out before the emergency vehicle's first trip of the day that is not in response to or returning from an emergency.

(5) If a commercial motor vehicle's first trip of the day is to provide relief from an earthquake, flood, fire, famine, drought, epidemic, pestilence or other disaster by transporting passengers or goods, the inspection required under subsection (1) shall be carried out before the commercial motor vehicle's first trip of the day that is not for that purpose. O. Reg. 86/89, s. 2.

3. An inspection under section 2 shall include an inspection of the items set out in Schedules 1 and 2 as set out in those Schedules. O. Reg. 86/89, s. 3.

4.—(1) Every person who carries out an inspection under section 2 shall record on an inspection report,

- (a) the motor vehicle make;
- (b) the number plate or unit number of the truck, bus or tractor;
- (c) the number plates or unit numbers of any trailers towed by the truck, bus or tractor;
- (d) the date of the inspection;
- (e) the name and signature of the person who carries out the inspection;
- (f) a list of the items required to be inspected as set out in Schedules 1 and 2; and
- (g) any safety defects of the items referred to in clause (f) disclosed by the inspection.

(2) If no safety defects of the items referred to in clause (1) (f) are disclosed by the inspection, the person who carries out the inspection shall record that fact on the inspection report. O. Reg. 86/89, s. 4.

5.—(1) Every driver of a commercial motor vehicle shall, when he or she finishes driving the vehicle for the day, record on the inspection report any safety defects of the items referred to in clause 4 (1) (f) he or she observed while driving or otherwise in charge of the vehicle.

(2) Every driver shall forward the inspection report to the operator that is responsible for the commercial motor vehicle as soon as possible after the inspection report is completed.

(3) For the purposes of subsection (2) and clause 11 (b), an inspection report is completed,

- (a) if no safety defects of the items referred to in clause 4 (1) (f) are disclosed, at the end of the day;
- (b) if a safety defect of any item referred to in clause 4 (1) (f) is disclosed, after a person who undertakes to repair the safety defect

completes the entries required under section

6. O. Reg. 86/89, s. 5.

6. Every person who undertakes to repair a safety defect recorded in an inspection report shall record on the inspection report the date on which the repair is completed or the fact that no repair is required and shall sign each entry made by him or her on the report. O. Reg. 86/89, s. 6.

7. This Part does not apply to,

- (a) a two or three axle truck, bus or tractor not towing a trailer that is primarily used to transport primary products of a farm, forest, sea or lake produced by the driver of the vehicle or the driver's employer;
- (b) a recreation vehicle;
- (c) a commercial motor vehicle that has been inspected that day in accordance with Regulation 484 of Revised Regulations of Ontario, 1980 (School Buses); or
- (d) a bus that is used in the day for passenger service in a municipality or within twenty-five kilometres of the boundary of that municipality. O. Reg. 86/89, s. 7.

8. A driver is not required to make an inspection report respecting a commercial motor vehicle if,

- (a) the driver is instructed to drive the commercial motor vehicle only within a 160 kilometre radius of the location at which the driver reports for work;
- (b) the driver is instructed to return to the location at which the driver reports for work before being released for the day; and
- (c) the operator keeps for a period of three months,
 - (i) a record of any safety defects disclosed in an inspection under section 2, and
 - (ii) a record of the repairs of the safety defects referred to in subclause (i). O. Reg. 86/89, s. 8.

PART II

MAINTENANCE AND COMPONENT PERFORMANCE STANDARDS

9. Every operator shall ensure that the commercial motor vehicles for which the operator is responsible conform to the maintenance and component performance standards set out in Schedules 3, 4 and 5. O. Reg. 86/89, s. 9.

PART III

RECORDS

10. Every operator shall keep, for each commercial motor vehicle for which the operator is responsible,

- (a) identification records, including the commercial motor vehicle's company number, if any, its make, vehicle identification number, year and, if the commercial motor vehicle is not owned by the operator, the name of the person that supplies the commercial motor vehicle to the operator;
- (b) a record of the repairs and maintenance of the commercial motor vehicle, including the nature and date of the repairs and maintenance and the odometer reading at the time they are made;
- (c) a statement of the types and frequency of inspections and maintenance to be carried out on the commercial motor vehicle; and
- (d) a record of any axle or suspension modifications of the commercial motor vehicle that affect the manufacturer's gross vehicle weight rating or gross axle weight rating. O. Reg. 86/89, s. 10.

11. Every operator shall keep at the operator's principal place of business in Ontario,

- (a) the records and statements for a commercial motor vehicle required under section 10 until the earlier of two years after the records and statements are made and six months after the commercial motor vehicle ceases to be the operator's responsibility; and
- (b) the inspection report for each commercial motor vehicle for which the operator is responsible for three months after the report is completed. O. Reg. 86/89, s. 11.

12. This Regulation comes into force on the 1st day of April, 1989.

Schedule 1

OUTSIDE INSPECTION

- 1. All lights and reflectors (equipped and functioning as required under the Act and the regulations).
- 2. Wheels and fasteners (for wheel or rim cracks, defective lock rings, loose or missing fasteners).
- 3. Tires (for tread depth, flat or noticeable leak, any visible bumps or bulges, mixture of bias and radial tires on same axle, contact with any part of the vehicle or any other tire).

4. Fuel system (for a visible leak at any point, tank filler caps shall not be missing, fuel tank shall be securely mounted).
5. Exhaust system (for audible leaks, missing or loose components, secure mountings).
6. Fifth wheel (for loose, missing or ineffective fasteners, missing, broken or deformed parts in the locking mechanism, operating handle being in closed or locked position when in use).
7. Suspension, spring, air bags and controlling attachments (for any cracked, broken, loose or missing axle positioning or fastening parts, broken or missing spring leaves, broken coil springs, deflated air suspension due to system failure).
8. Towing and coupling devices as required under the Act and the regulations (for missing or unattached safety devices, or safety devices not capable of secure attachment, wear kinks or broken cable strands, improper repairs).
9. Load security (for compliance with the requirements of Ontario Regulation 428/81).
10. Load covering (for compliance with the requirements of Regulation 455 of Revised Regulations of Ontario, 1980).
11. Air brake adjustment and connections (for absence of braking action on each wheel, missing, broken or loose mechanical components where readily visible, audible air leaks and brake readjustment limits).
12. Hydraulic brake fluid (for visible leakage).
13. Mirrors as required under the Act and the regulations (for condition and adjustments).

O. Reg. 86/89, Sched. 1.

Schedule 2

INSIDE INSPECTION

1. Steering wheel, excessive play, looseness.
2. Brake pedal reserve and fade.
3. Brake booster operation.
4. Brake failure warning light functions as intended.
5. Brake air pressure or vacuum gauge.
6. Warning signal, low pressure or low vacuum.

7. Windshield washer and wipers function as intended.
8. Windshield and windows are to afford the driver a clear view.
9. Mirrors, adjustment and condition.
10. Defroster and heaters function as intended.
11. Horn functions as intended.
12. Driver's seat belt and seat security function as intended.
13. Parking brake adequate to hold vehicle.
14. Emergency equipment as required under any Act and the regulations made thereunder for that class of vehicle.

O. Reg. 86/89, Sched. 2.

Schedule 3

VEHICLE MAINTENANCE AND COMPONENT PERFORMANCE STANDARDS

GENERAL

Body, Sheet Metal and Equipment

1. No bumper, fender or mudguard shall have been removed.
2. Each bumper shall be securely mounted.
3. Each mud flap, where applicable, shall be in position.
4. No bumper, fender, molding or other part shall have a broken, bent or sharp edge that protrudes in such a way as to constitute a hazard to persons or vehicles.
5. No hood latch shall be missing or fail to hold the hood closed and no safety catch, in the case of a front opening hood, shall be missing or inoperative.
6. No tilt cab latch shall be missing or fail to hold the tilt cab latched and no safety catch shall be missing or inoperative.
7. In the case of a bus or physically-disabled-passenger vehicle, the floor and stepwell covering shall not be so cracked, curled, loose or worn as to present a tripping hazard.
8. In the case of a bus or physically-disabled-passenger vehicle, each stanchion, grab handle, guard rail and guard panel shall be securely mounted and no fastening part shall be missing.

9. Where originally installed by the manufacturer, no energy-absorbing material shall be missing from stanchions and guard rails or from the tops or sides of seat backs.
10. Every occupant seat shall be securely mounted and shall maintain its position and adjustment.
11. Where required under the provisions of the *Commercial Motor Vehicle Safety Act* (Canada), no seat belt assembly or its anchorage shall have been removed, rendered partly or wholly inoperative or modified so as to reduce its effectiveness.
12. If fitted with a seat belt assembly or assemblies, each belt anchorage shall be secure, each buckle and retractor shall operate as intended and no belt webbing shall be visibly damaged so as to reduce its effectiveness.
13. If fitted, a driver's sun visor shall function as intended.
14. In the case of a bus, other than a bus used for the purpose of transporting prisoners or other persons held in custody, an emergency exit,
 - i. if a door, shall have a clear passage-way thereto and be located at the rear of the vehicle or near the rear of the left side of the vehicle and the release mechanism when actuated shall function from inside the vehicle, as well as from outside the vehicle where fitted with outside release, and the door shall open freely and close securely, and the emergency door audible or visible warning device, if originally fitted, shall function properly,
 - ii. if a hinged pushout window, shall be visually inspected to ensure that it should open outwards when the release mechanism is actuated and adequate directions for the emergency use thereof shall be displayed on or adjacent to the pushout window, and the emergency warning device, if originally fitted, shall function properly,
 - iii. if a roof hatch, shall open outwards when the release mechanism is actuated and a reasonable amount of manual force is applied, and adequate directions for the emergency use thereof shall be displayed on or adjacent to the roof hatch.
15. Each overhead package shelf, if fitted, shall be securely mounted and not have any broken, missing, excessively worn or excessively stretched package retaining components.
16. A physically-disabled-passenger vehicle used for the transportation of physically disabled persons in wheelchairs shall be fitted with wheelchair securement devices, each device anchorage shall be secure, each component part shall operate as intended, and no component part shall have damage apparent on visual inspection that would reduce its effectiveness.
17. In the case of a physically-disabled-passenger vehicle used for the transportation of physically disabled persons in wheelchairs or seats,
 - i. each sitting position shall be equipped with a pelvic type occupant restraint assembly, each component part thereof shall operate as intended, and no component part shall have damage apparent on visual inspection that would reduce its effectiveness,
 - ii. if fitted with occupant restraint assemblies anchored to the vehicle, each restraint assembly anchorage shall be secure,
 - iii. all devices used to secure passenger access or emergency exit doors in the open position shall operate as intended and shall have no damage apparent on visual inspection that would reduce their effectiveness,
 - iv. an emergency exit door shall have no fixed obstructions blocking the passage of persons or, in the case of a vehicle used for the transportation of persons in wheelchairs, blocking the passage of wheelchairs, and the door release mechanism shall function from inside and outside the vehicle,
 - v. if fitted with a ramp or power lift, the means of attachment of the ramp or power lift to the vehicle shall be secure with no fastening parts missing and, when the ramp or power lift is in the stored position, it shall be secured, by means other than a support or lug in the door, in such a manner as to pose no potential hazard to occupants of the vehicle,
 - vi. if fitted with a power lift, the lift platform shall rise and descend smoothly when actuated by the appropriate controls, and
 - vii. no plate, cover or energy-absorbing material required to protect persons

from sharp edges or corners shall be missing or worn or damaged so as to reduce its effectiveness.

Occupant Compartment Door

18. Each occupant compartment door shall open freely when its release mechanism is actuated and shall close securely and the flexible material on vertical closing edges, where originally fitted, shall not be missing or excessively loose or torn.
19. In the case of a motor vehicle having a separate exit door other than a door to be used only in an emergency,
 - i. when the door control is in the closed position and the exit door is fully closed, the door shall not open where a moderate amount of manual force is applied in an attempt to open it and the audible or visual warning device, if fitted, shall function properly,
 - ii. when the door control is in the position to open the exit door, the brake and accelerator interlock systems, if fitted, shall automatically apply the rear brakes and hold them in the applied position and the engine speed will be prevented from exceeding idle speed until the door control is moved to the closed position and the door has closed, and
 - iii. when the exit door is fitted with sensitive edges and the door is not fully closed, manual pressure applied to each sensitive edge shall cause the door to reopen and the audible or visual warning device, if fitted, shall function properly, the brake and accelerator interlock systems, if fitted, shall automatically apply the rear brakes and hold them in the applied position and the engine speed will be prevented from exceeding idle speed until the door control is moved to the closed position and the door has closed.

Exterior Compartment Door

20. Each door shall be securely attached to the body.
21. Each door shall function properly.
22. Each door shall be equipped with a lock, latch or spring device that shall hold it closed.

Chassis Frame, Underbody and Body Mounts

23. No chassis frame member or structural member of a unitized or monocoque body shall be visibly cracked or perforated by corrosion or have loose or missing connecting fasteners that may degrade the safety of the vehicle or jeopardize its handling characteristics.
24. The underbody, excluding the underbody of a separate cargo body, shall not be visibly perforated by rust or otherwise damaged, or have any opening other than those intended by the manufacturer.

Drive Shaft Hanger Brackets and Guards

25. No fasteners shall be missing, loose or damaged.
26. No drive shaft guard or hanger bracket shall be insecure or missing.

Mirror

27. No mirror required under the Act and the regulations shall be missing.
28. Each mirror shall be securely mounted and maintain a set adjustment.
29. No mirror shall be cracked, broken or have any significant reduction in reflecting surface owing to deterioration of the silvering.
30. In the case of a motor vehicle where there is no rear window, or the view through the rear window is restricted in such way as not to afford a driver a clear view to the rear of the vehicle, the outside rear view mirror or mirrors shall not be missing.

Windshield and Windows

31. Where glass is used, there shall be no evidence of it being other than safety glass.
32. Any manufacturer's marking,
 - i. on the windshield shall be AS1 or AS10,
 - ii. on the side and rear windows at level requisite for driving visibility, shall be AS1, AS2, AS4, AS6, AS10 or AS11, and
 - iii. on windows for standing passenger in interior partitions or in openings in the roof, shall be AS1, AS2, AS4, AS5, AS6, AS7, AS10, AS12 or AS13.

33. No material that obstructs the driver's view of the highway or of an intersecting highway shall be fitted in the windshield opening or in a side window opening to the left or right of the driver's seat.
34. No material other than safety glass shall be used for a windshield.
35. No safety glass in the windshield or in any side window to the left or right of the driver's seat shall be crazed, clouded or fogged, so as to materially impair vision.
36. No safety glass shall have exposed sharp edges or be missing in part.
37. Banding or exposed edges of safety glass, if originally fitted, shall not be missing, loose or broken.
38. There shall be no star, stone chip or crack in the area of the windshield swept by the driver's wiper blade, that may interfere with the driver's vision.
39. Any window to the left of the driver's seat that is suitable for the purpose of permitting a signal by means of the hand or arm shall open readily.

Fuel System

40. No mounting or attachment shall be missing or insecure.
41. No filler cap shall be missing or insecure.
42. No leakage shall be present at any point in a fuel system.
43. All pressurized fuel systems shall meet Canadian Gas Association (C.G.A.) Standards.

Exhaust System (Including Exhaust Manifolds)

44. No exhaust pipe, muffler or tail pipe shall be missing or insecurely mounted.
45. No leakage shall occur at any point in the exhaust system, except through drain holes provided by the manufacturer.
46. No component thereof shall be so located as to cause charring or other heat damage to any wiring, fuel line, brake line or combustible material of the vehicle.
47. No component thereof shall pass through the occupant compartment.
48. No component thereof shall be so located or unguarded that an individual may be burned thereby on entering or leaving the vehicle.

49. No exhaust system shall be shortened or modified from original equipment so as to fail to direct the exhaust beyond the underbody of the occupant compartment or luggage compartment, and in no case shall the distance between the outlet and periphery of the underbody past which it directs the exhaust exceed fifteen centimetres.

Fifth Wheel Device

50. The fifth wheel shall be fastened securely to the vehicle.
51. In the case of a fifth wheel secured to the vehicle frame by means of U-bolts, positive stops shall be provided to prevent it from shifting on the frame.
52. The jaw closure mechanism and locking system shall be in good working order and shall not be broken, cracked or excessively worn.
53. The slider mechanism, if fitted, shall lock securely and shall not show any signs of failure or excessive wear.

Trailer Hitch, Hitch Mounting and Connecting Devices for Safety Cables and Chains

54. No trailer hitch or towing structure to which a trailer hitch is attached shall be insecurely mounted.
55. No latch mechanism shall fail to close securely.
56. No part shall be missing, cracked, broken, excessively bent, seized or excessively worn.
57. No cast or forged hitch shall show any indication that repairs have been made by means of brazing or welding.
58. No connecting devices provided at the rear of a vehicle for the attachment of a safety chain or cable shall be insecurely fastened, missing, cracked, broken or excessively worn.

BRAKES

Hydraulic, Vacuum and Air System Components (Including Reservoirs, Fittings, Valves, Supports, Hose Clamps, Connections, Air Chambers, Air Cleaners, Hoses and Tubes)

1. While the vacuum, hydraulic or air boost systems are fully charged, there shall be no hydraulic or vacuum leak in the service brake system while the service brakes are fully applied or released.

2. No hydraulic, air or vacuum hose or tube shall be abraded, restricted, crimped, cracked, broken, disconnected or be so located as to chafe against any part of the vehicle or have damaged or missing clamps or supports.
3. The brake tubing shall not show any indication of leakage or heavy corrosion scaling.
4. The hydraulic fluid level in any reservoir shall not be below the minimum level as specified by the manufacturer or, where no specification is made by the manufacturer, no more than ten millimetres below the lowest edge of each filler opening.
5. The air cleaner of the vacuum system or air compressor shall not be clogged.

Mechanical Components

6. Mechanical components of the service, parking and emergency brake systems shall not be misaligned, insecure, excessively worn, broken, binding, seized, missing, frayed or disconnected.

Hydraulic System and Related Warning Devices

7. A hydraulic master cylinder push rod shall be properly adjusted.
8. In the case of a vehicle equipped with dual circuit hydraulic brakes, the brake failure warning lamp shall be operative.
9. With moderate foot force maintained on the service brake pedal for ten seconds and, in the case of power-boosted brakes, with the engine running, the service brake pedal shall not move towards the applied position.
10. With heavy foot force applied to the service brake pedal and, in the case of power-boosted brakes, with the engine running,
 - i. the total pedal travel shall not exceed 80 per cent of the total available travel, and
 - ii. on a vehicle equipped with dual circuit hydraulic brakes, the brake failure warning lamp shall not come on.
11. Despite paragraph 10, where a commercial motor vehicle is equipped with a HYDRA BOOST braking system, the foot force applied to the pedal shall not exceed sixty pounds.

Power-Boosted Hydraulic Brakes

12. In the case of a vehicle equipped with power-boosted hydraulic brakes, after the engine has been stopped and the vacuum, air or hydraulic boost has been depleted, holding moderate pressure on the service brake pedal and starting the engine shall result in the pedal moving towards the applied position.
13. In the case of a vehicle equipped with hydraulically-boosted hydraulic brakes and electrically-driven hydraulic pump for the reserve power system, after the engine has been stopped and the hydraulic boost has been depleted, holding moderate pressure on the service brake pedal while moving the ignition switch to the "ON" position shall cause the pump to start and run and the brake pedal to move towards the applied position.

Air-Boosted Hydraulic Brakes or Full Air Brakes

14. The compressor drive belt, if fitted, shall have correct tension and shall not be cut, frayed or excessively worn.
15. The air pressure gauge shall be operative.
16. With the engine running at a fast idle, the time required to build air pressure from fifty to ninety pounds per square inch gauge pressure shall not exceed two minutes.
17. With the air system fully charged and the engine running, each air reservoir drain valve shall be actuated and shall function properly.
18. The governor cut-in and cut-out pressures shall not be lower or higher than those specified by the vehicle manufacturer or, if not specified by the vehicle manufacturer, eighty pounds per square inch gauge measure and 135 pounds per square inch gauge measure respectively.
19. With the air brake system fully charged and immediately after the engine is stopped, the compressed air reserve shall be sufficient to permit one full service brake application from fully charged system pressure without lowering reservoir pressure more than 20 per cent.
20. With the air brake system fully charged and engine stopped, air pressure drop shall not exceed,
 - i. with the service brakes released, two pounds per square inch in one minute, and

- ii. with the service brakes fully applied, three pounds per square inch in one minute.
21. The low pressure warning device shall operate when system pressure is reduced to fifty-five pounds per square inch.

Vacuum Gauge and Low Warning Device

22. The vacuum gauge shall be operative.
23. With engine stopped, the warning device shall operate before the vacuum reserve drops to less than eight inches of mercury or, if no gauge is fitted, there shall be at least one boosted brake application available after the warning device operates.

Parking Brake

24. The brake, while set in the fully applied position and not held by foot or hand force or by hydraulic or air pressure, shall hold the vehicle stationary against the engine at a light throttle setting for a few seconds both in reverse gear and in low forward gear.
25. The brake shall fully release when the release control is operated.

Emergency Brake System

26. The brakes, while set in the fully applied position, with the transmission in a low forward gear, shall hold the vehicle stationary against the engine at a light throttle setting for a few seconds.
27. There shall be reserve travel available beyond the full brake application position.
28. The brakes shall fully release when the release control is operated.

Service Brakes

29. The service brakes shall be properly adjusted.

ENGINE CONTROLS AND STEERING

Engine Controls

1. The engine speed shall drop to idle when the accelerator pedal is released.
2. Where the engine is equipped with an emergency stopping device, the engine shall stop when the control is actuated while the engine is idling.
3. In the case of a trolley bus, with the reverser in the neutral position,

- i. the system shall function as intended, and
- ii. the controller shall turn off positively when the power pedal is released.

Power-Boosted Steering

4. The power steering drive belt shall not be missing, cut, frayed or excessively worn and shall have correct tension.
5. The fluid in the power steering reservoir shall not be lower than the minimum level specified by the vehicle manufacturer.
6. With the engine running,
 - i. the power steering system shall operate as intended, and
 - ii. The hydraulic system shall not show excessive fluid leakage.

Steering Column and Box

7. The steering column and box or boxes shall not be loose in their mountings to the body and frame.
8. No bolt or nut shall be loose or missing from a mounting.
9. Steering shaft couplings and splines shall not have excessive play.
10. Upon visual inspection, the steering column energy-absorbing section, if fitted, shall not appear damaged so as to reduce its effectiveness.

Wheel Alignment

11. While all wheels are on the ground and front wheels are in the straight-ahead position, they shall not be visibly out of alignment.

Steering Linkage

12. While the front wheels are on the ground in the straight-ahead position and, in the case of a vehicle equipped with power-boosted steering, with the engine running, free movement of the steering rim, with no movement of the front wheels, shall not exceed,
 - i. the limit designated by the vehicle manufacturer, or
 - ii. in the case where the limit is not designated, 30°.
13. There shall be no excessive play in a steering linkage joint.

14. While the front wheels are on the ground and, in the case of a vehicle equipped with power-assisted steering, with the engine running, the front wheels shall turn from full right to full left and back again without interference or indication of roughness in the mechanism.
15. While the front wheels are off the ground and the vehicle is supported so that the steering linkage assumes its normal attitude without movement of the opposite wheel, no front wheel shall have play about a vertical axis of,
 - i. six millimetres for a tire diameter designation of sixteen millimetres or less,
 - ii. nine millimetres for a tire diameter designation that is larger than sixteen millimetres but no larger than eighteen millimetres, or
 - iii. twelve millimetres for a tire diameter designation that is larger than eighteen millimetres,

as measured at the extreme front or rear of the tire tread face.
16. No part of the steering linkage system shall be damaged, repaired or modified so as to weaken the linkage system or affect the proper steering of the vehicle.
17. No nut, bolt or cotter pin shall be loose, excessively worn or missing.

SUSPENSION

General

1. While the wheels of the vehicle are off the ground so that the suspension joints are not under load,
 - i. no non-load carrying ball joint shall show any perceptible play other than that specified by the vehicle manufacturer,
 - ii. no load-carrying ball joint shall have play in excess of that specified by the vehicle manufacturer,
 - iii. in the case of king pins, no front wheel shall have a rocking play about a horizontal axis in excess of,
 - A. six millimetres for a tire diameter designation of sixteen millimetres or less,
 - B. nine millimetres for a tire diameter designation that is

larger than sixteen millimetres but no larger than eighteen millimetres, or

- C. twelve millimetres for a tire diameter designation that is larger than eighteen millimetres,

as measured at the extreme top or bottom of the tire tread face,

- iv. no control arm inner pivot shall have excessive play,
- v. no wheel or axle bearing shall give any indication of excessive wear or damage when the bearing is rotated,
- vi. no wheel or axle bearing shall be maladjusted so as to result in excessive play or binding,
- vii. wear-indicated ball joints while under load with the wheels on the ground shall show no excessive wear,
- viii. front and rear springs, shackles, U-bolts, centrebolts, radius rods, control arms, shock-absorbers, equalizers, stabilizers, their supports and attachments thereto shall not be loose, bent, cracked, broken, disconnected, perforated by corrosion or missing, and
- ix. the rear axle or axles and their wheels shall not be tracking improperly so as to adversely affect control of the vehicle.

Air Suspension System

2. In the case of a vehicle equipped with full air brakes, when the engine is started with zero gauge air brake system, air shall not begin to flow into the suspension system before fifty-five pounds per square inch gauge is reached in the brake system.
3. With air in the suspension system at normal operating pressure and the pusher or tag axle, if fitted, tested in both load and reduced load sharing modes, no air leakage shall occur.
4. With air in the suspension system at normal operating pressure, the pusher or tag axle, if fitted, shall respond properly to its load sharing control switch or valve.
5. With air in the suspension system at normal operating pressure, the vehicle body and chassis frame shall be supported clear of the axles and shall appear to be level.

6. No suspension joints of a variable load sharing axle with independent suspension shall be worn beyond the manufacturer's specified safe limits.

ELECTRICAL COMPONENTS

Horn

1. The horn shall not be loose on its mountings.
2. The horn shall function properly.

Windshield Washers and Wiper Systems

3. The windshield washer system shall function properly.
4. Each wiper arm and blade assembly shall sweep the area intended by the vehicle manufacturer.
5. No part of the windshield wiper system shall be missing, badly worn or deteriorated so as to impair its effectiveness.

Heating and Defrosting System

6. The heating system shall function as intended.
7. The visible portions of the hoses and piping for the interior heaters routed within the occupant compartment shall not be abraded, cracked or leaking.
8. The defrosting system shall deliver heated air to the windshield and, where fitted, to the side windows to the left and right of the driver's seat.

Neutral Safety Starting Switch

9. The neutral safety starting switch shall not have been removed.
10. The starter shall operate only with the gear selector or transmission in "P" (park) or "N" (neutral).

Speedometer

11. The speedometer shall be in good working order.

Lamps and Reflectors

12. Each circuit shall light the filaments of all lamps on that circuit when the appropriate switch is in the "ON" position and each indicator lamp shall indicate correctly.
13. The operation of any lighting circuit shall not interfere with the operation of any other circuit.

14. Each lens and reflex reflector shall be correctly installed and shall not be discoloured or missing in whole or in part.
15. Each lamp and reflector shall be securely mounted on the vehicle and none shall be missing.
16. The turn signal lamps and flasher unit shall operate properly.
17. In the case of a bus or physically-disabled-passenger vehicle, all interior lamps, including stepwell lamps, shall light when the appropriate switch is in the "ON" position.
18. In the case of a physically-disabled-passenger vehicle, the lights provided to illuminate the loading equipment and step nosings shall light when the appropriate switch is in the "ON" position or when the doors are opened.
19. No headlamp shall be coated with a coloured lacquer.
20. No headlamp shall be modified by the attachment to the lamp or to the vehicle of any device that reduces the effective area of the lens or brightness of the light.
21. Each headlamp shutter or retracting headlamp shall operate over the full range of movement or shall be secured in the fully open position.
22. All headlamps shall be properly aligned.

TIRES AND WHEELS

Definitions

1. Under the heading, Tires and Wheels, "construction type" means a type of tire carcass such as bias ply, belted-bias and radial ply and does not include such variations in tread pattern or cord material such as rayon, polyester and nylon used in building a tire carcass.

Tires

2. All tire pressures shall be maintained to manufacturer's specifications.
3. Except for front tires, no tire shall be worn sufficiently,
 - i. for tread wear indicators to contact the road, or
 - ii. for less than 1.5 millimetres of tread depth to remain,

in any two adjacent major grooves at three equally spaced intervals around the circumference of the tire, and

- iii. despite subparagraph ii, except for dual tires on an urban transit bus, no commercial motor vehicle shall be equipped with tires that show indication of siping only and, in the case of an urban transit bus, the siping shall not be less than 1.5 millimetres in depth.
4. In the case of front tires, none shall be worn sufficiently that less than three millimetres of tread depth remains in any two adjacent major grooves at three equally spaced intervals around the circumference of the tire, nor shall any front tire show evidence of siping only.
5. No tire shall have exposed cord.
6. No tire shall have tread or sidewall cuts or snags deep enough to expose the cords.
7. No tire shall have any abnormal visible bump, bulge or knot.
8. No tire shall have been regrooved or recut below the original new tire groove depth, other than tires specially designed for such recutting and marked as being tires so designed.
9. Except in the case of a trolley bus, no front tire on a bus shall have been altered by the addition of material to produce a new tread surface.
10. No tire shall be of a smaller size than the vehicle manufacturer's specified minimum size or be sufficiently oversized as to contact any vehicle component which may affect the safe operation of the vehicle.
11. Except for a vehicle fitted with dual rear tires, no mixture of construction types consisting of radial ply on the front and bias ply or belted-bias tires on the rear shall be fitted.
12. No mixture consisting of sixty or fifty series tires on the front and other series tires on the rear shall be fitted.
13. No combination of construction types of tires or sizes, except where stated to be equivalent by tire industry standards, shall be fitted on an axle.
14. Tires in a dual set shall not be in contact with each other or differ from each other in overall diameter by more than thirteen millimetres or in circumferences by more than thirty-eight millimetres.

15. No vehicle shall be fitted with a tire that,

- i. bears the wording "not for highway use", "farm use only", "competition circuit use only" or any other wording or lettering indicating that the tire was not designed for highway use, or
- ii. bears the letters "SL", "NHS" or "TG" after the tire designation.

Wheels

16. No wheel stud, bolt, clamp, nut or lug shall be loose, missing, damaged, broken, mismatched or have insufficient tread engagement.
17. No disc wheel assembly shall have any visible crack, elongated bolt hole, indication of repair by welding, or be so bent or damaged as to affect the safe operation of the vehicle.
18. No wheel rim or lock rim shall be mismatched, bent, sprung or otherwise damaged so as to affect the safe operation of the vehicle.
19. No cast wheel shall show evidence of excessive wear in the clamp area.
20. No wheel spoke shall be missing, loose or broken.

NUMBER PLATES

1. No number plate shall be missing, damaged, faded, discoloured or have paint removed so as to impair readability.

O. Reg. 86/89, Sched. 3.

Schedule 4

PERFORMANCE STANDARDS FOR WHEEL BRAKE INTERNAL COMPONENTS

Brake Drums and Disc Brake Pads

1. No drum or disc shall have any external crack on the friction surface other than normal heat-check cracks that reach the edge of the drum bore or periphery of the disc.
2. No drum or disc shall have any mechanical damage to the friction surface other than that which may be attributed to normal wear.
3. No ventilated disc shall have broken or visibly cracked cooling fins.
4. No inside diameter of a drum shall be greater than the dimension stamped on the drum or

where the dimension is not stamped on the drum, the vehicle manufacturer's wear limit.

5. No thickness of the disc shall be less than the dimension stamped on the disc or, where the dimension is not stamped on the disc, the vehicle manufacturer's wear limit.
6. No bonded lining shall be thinner than 1.5 millimetres when measured at the thinnest point.
7. The surface of a riveted lining shall not be closer to the rivet head than the dimension specified by the vehicle manufacturer and in no case shall the measurement be less than 0.8 millimetres.
8. Bolted linings shall not be thinner than eight millimetres when measured at the centre of the shoe.
9. No brake lining shall be broken loose on its shoe or pad.
10. No brake lining shall show evidence of contamination such as to affect braking performance.
11. No hydraulic brake cylinder shall show evidence of leakage.
12. No mechanical or structural part shall bind, be misaligned, badly worn, cracked, broken, seized, disconnected or insecure and no grease retainer shall be missing or leaking.
13. If fitted, no automatic adjuster shall be inoperative.
14. No hydraulic brake piston shall fail to move when moderate pressure is applied to the brake pedal.
15. All brakes shall be adjusted for minimum lining-to-drum clearance without brake drag.

O. Reg. 86/89, Sched. 4.

Schedule 5

PERFORMANCE STANDARDS FOR SCHOOL PURPOSES VEHICLES

Body Work

1. The floor and stepwell covering shall not be cracked, curled, loose or worn as to present a tripping hazard.
2. Each stanchion, grab handle, guard rail and panel shall be securely mounted and fastened and none shall be missing.

3. An emergency exit,

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario

Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

POLICY STATEMENT

THE APPLICATION PROCESS UNDER THE MOTOR VEHICLE TRANSPORT ACT, 1987.

The Truck Transportation Act, 1988 ("TTA") came into force on January 30, 1989. Based on an opinion from the office of the Attorney General for Ontario, the responsibilities of the Ontario Highway Transport Board (OHTB) under Parts II and III of the Motor Vehicle Transport Act, 1987 are affected by the terms of the TTA and will depend on the functional requirements under the federal

Act. Procedures and Board responsibilities under Part I of the MVTA remain unchanged.

The following procedures reflect our understanding of the responsibilities of the OHTB:

Part I MVTA-

- (a) applications are made to the OHTB as the provincial transport board;
- (b) applications will be dealt with on the "like terms and conditions and in the like manner" as determined by the Public Vehicles Act unless superseded by terms of the federal Act;
- (c) the OHTB will be responsible for gazetting the applications;
- (d) the licence document will be issued by the Ministry of Transportation (Ministry) over the signature of the OHTB Chairman.

Part II MVTA-

- (a) the Board's responsibility with respect to the public interest test will commence with the filing of a Notice of Objection which for administrative purposes shall be filed with the Ministry;
- (b) after an objection is filed, evidence shall be provided to the OHTB pursuant to subsection 8(3) of the MVTA, the OHTB will decide on the need for a hearing;
- (c) where required, the OHTB will hold a hearing to determine if the licence sought would likely be detrimental to the public interest;
- (d) where no hearing is required or where a licence is to be issued following a hearing, the licence document will be issued by the Ministry personnel over the signatures of both the Chairman of the OHTB and the Registrar.

Part III MVTA-

- (a) the OHTB will commence its jurisdiction upon being advised by the Registrar that a request to hold a hearing on the public interest test has been filed with the Registrar;
- (b) the OHTB will receive and decide upon the written case pursuant to subsection 9(1) of the TTA.
- (c) where required the OHTB will hold a hearing respecting the public interest and report its decision to the Registrar;
- (d) the licence document will be issued by the Ministry personnel over the signatures of both the Chairman of the OHTB and the Registrar.

TOWN OF NIAGARA-ON-THE-LAKE

PROPOSED IRRIGATION ACT

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the Town of Niagara-on-the-Lake application will be made to the Legislative Assembly of the Province of Ontario for an Act to authorize the establishment by the Town of Niagara-on-the-Lake of a public utility for the establishment, construction, administration and control of irrigation works within the Municipality. The proposed revisions include:

- (a) the power to establish irrigation works as a public utility;
- (b) the power to collect charges from the users of such works and to control who may use such works;
- (c) to establish an Irrigation Commission composed of members appointed by the Town to establish, construct, administer and control the works on behalf of the Town.

The legislation provides that where an irrigation work is to be established notice must be given to those persons affected by the work and, in the

event that a majority of the owners as set forth in the Act do not wish the work to proceed, the Commission may appeal to the Ontario Municipal Board for authorization to carry out the work.

The legislation will permit the Irrigation Commission to use existing drains, canals, pipelines and watercourses as part of an irrigation work. The Irrigation Commission shall also have the power to control who can draw water from the work and the manner in which users of the utility shall be charged for the provision of irrigation to their lands.

This application will be considered by a Standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions for or against the application to the Standing Committee should notify in writing the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

THE CORPORATION OF THE CITY OF WINDSOR

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the City of Windsor, application will be made to the Legislative Assembly of the Province of Ontario at its next regular session commencing in 1989 for an Act

1. To extend the operation of section 222 of the *Municipal Act*, with necessary modifications, to ships within the limits of the City of Windsor. Section 222 of the *Municipal Act* authorizes a municipality to pass by-laws for licensing, regulating, governing, classifying and inspecting adult entertainment parlours.

2. To authorize the passing of a by-law for

(1) requiring the owner or manager or both of any building containing an electrically supervised fire alarm system to have that system electronically monitored by the Windsor Fire Department or by a security agent.

(a) "Electrically supervised fire alarm system" means an electrically supervised fire alarm system approved by the Underwriters' Laboratories of Canada.

(b) "Security agent" means an individual or corporation that operates facilities which protect persons or property from fire twenty-four hours a day.

(2) authorizing the Fire Chief to serve upon the owner or manager or both an order in writing directing compliance with subsection 1 and to require that the order be carried out within such time as may be specified in the order.

(3) requiring a security agent monitoring an electrically supervised fire alarm system to immediately notify the Windsor Fire Department if the alarm system is actuated and to provide the address of the building in which that alarm system is located.

3. The Corporation may enter into agreements with the owner of a building or an agent of the owner respecting the monitoring by the Windsor Fire Department of electrically supervised fire alarm systems. The agreement may impose such terms, including the payment of fees, as may be determined by the council of the Corporation.

4. Where a regulation under the *Fire Marshals Act* requires that electrically supervised Fire alarm systems be electronically monitored in any buildings or class of buildings a by-law passed under Section 2 ceases to apply to such buildings or class of buildings.

This application will be considered by a Standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee should notify in writing, the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

Dated at Windsor, Ontario, this 22nd day of February, 1989.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 87/89.

Exemption—Ministry of Natural Resources—MNR-30/9.

Made—October 26th, 1988.

Approved—October 26th, 1988.

Filed—February 20th, 1989.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-30/9

Having received a request from the Minister of Natural Resources that an undertaking namely:

The carrying out of the Provincial Parks Program including,

(a) Implementing:

1. Park Management Plans,
2. Resource Management Strategies,
3. Operations Strategies and Maintenance Schedules,
4. Development Strategies,
5. Site Plans,
6. Visitor Service and Interpretive Programs,
7. Capital Construction and Lease Purchase Projects,

in Provincial Parks;

- (b) Developing sewage or water works within or for Provincial Parks;
- (c) Acquiring land to amend the boundaries of existing Provincial Parks, to complete land acquisition for an existing Provincial Park or for a sewage lagoon in or for a Provincial Park; and
- (d) Amending and rescinding boundary regulations for existing Provincial Parks;

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources (MNR) has included a schedule for completion of a Class Environmental Assessment (Class EA) for Provincial Park Management with its request for exemption. Pre-submission consultation and completion of the EA for formal submission will be hampered by having to prepare separate exemptions or assessments for all Provincial Park projects at the same time.
- B. Park environmental and recreational features could be damaged in the absence of Provincial Park projects that address existing park management problems.
- C. Public enjoyment of recreational features may be reduced in the absence of the implementation of Provincial Park projects.
- D. The realization of the government's Outdoor Recreation Program objectives and economic benefits to local communities would be limited.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. This interim exemption will allow Provincial Park plans and projects to continue while the Class Environmental Assessment for Provincial Park Management undergoes pre-submission consultation.
- B. The Provincial Parks Program is carried out within a context of conservation, protection and wise management of the environment. A major feature of the Provincial Parks Program is the preservation of significant natu-

ral and cultural features in the Ontario landscape.

- C. The conditions to which this undertaking is subject will ensure that affected government agencies and the public are informed of MNR's intentions to implement components of the Provincial Parks Program during the period of this exemption order.
- D. A number of activities that make up this undertaking are similar to activities that are covered by approved MNR Class Environmental Assessments. The Minister of Natural Resources will apply such parts of the procedures specified in the Class Environmental Assessments as are appropriate to the activities that make up this undertaking until such procedures or other procedures are made directly applicable by the Environmental Assessment referred to in reason A.

This exemption order is subject to the following terms and conditions:

1. This exemption order does not apply to any plan or project:
 - (a) for any provincial park designated by regulation under the *Provincial Parks Act* after June 1, 1983 which does not have a Park Management Plan approved by the Ministry of Natural Resources;
 - (b) where development is likely to affect the habitat of a species designated under the *Endangered Species Act* (except for protecting the species);
 - (c) where the estimated completion cost of a sewage or water works or a capital construction or lease purchase project is in excess of \$2 million, not including any land acquisition costs.
2. Where any project for provincial park management, or another activity, involves a disposition of certain or all rights to Crown resources, including Crown property, such disposition will be done pursuant to this exemption order. Notice of all such dispositions will be given to the Ministry of the Environment as per Condition 3 below.
3. MNR will continue to provide the Environmental Assessment Branch as well as the appropriate Regional Office of the Ministry of the Environment (MOE) with a list of proposed plans and projects (e.g. capital development and facility upgrading projects, facility retirement, park resource management activities, schedules for preparation or review of Park Management Plans) for the Provincial Parks Program no less than forty-five days prior to the implementation of any project. The lists will specify the nature, scope and location of all plans and projects and will specify which plans and projects will be carried out pursuant to another exemption order or approval. MNR will notify the above offices of revisions to the lists no less than forty-five days prior to the implementation of any plans or projects which are the subject of such revisions.
4. A copy of all plans prepared for projects specified in the lists noted in Condition 3 shall be available to the public for examination at the appropriate District Office of MNR at least forty-five days before implementation commences.
5. Any activity exempt under this Order that would be approved under a MNR Class Environmental Assessment except that the approval does not apply to Provincial Parks shall be carried out in accordance with the appropriate Class EA procedures as though the activity were not in a Provincial Park by:
 - (a) following the appropriate Class EA procedures, including notification, if there is no Park Management Plan; and
 - (b) following the guidelines contained in the MNR Construction and Mitigation Handbook if there is a Park Management Plan.
6. Within forty-five days of receiving notification from MNR under Condition 3 or Condition 14, and after consultation with the Minister of Natural Resources, the Minister of the Environment may, by written notice to the Minister of Natural Resources which outlines his reasons,
 - (1) direct that an environmental assessment be prepared for the proposed plan or project, in which event the plan or project will not be exempt under this Order; or
 - (2) give notice that he is considering the application of subcondition 6 (1) to the proposed project.
7. Where the Minister of the Environment has given written notice to the Minister of Natural Resources under subcondition 6 (2), the MNR shall not implement the project until forty-five days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment, whichever occurs first.

8. During the period covered by this Order, the Provincial Parks Program shall be planned, managed and implemented according to the following Provincial Parks' guidelines and policies:

—Ontario Provincial Parks Policy

—Ontario Provincial Parks Planning and Management Policies

—Provincial Parks Management Planning Guidelines: 1983

—Provincial Parks Management Planning Reference: 1988

—Ontario Provincial Parks Provincial Operating Standards

—Ontario Provincial Parks Development Manual

—Ontario Provincial Parks Development Standards

—Ontario Provincial Parks Capital Maintenance Standards

—Parks and Recreational Areas Branch Policies and Procedures

—Visitor Services Interim Policy

9. The guidelines and policies specified in Condition 8 and any revisions or additions to these guidelines and policies will be made available by MNR for public inspection upon request and will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment.

10. Those plans and projects planned under this exemption, but not fully implemented by the date of expiry of this exemption, will have their status under the *Environmental Assessment Act* reviewed in connection with the review of the Class Environmental Assessment for Provincial Park Management and, if provided for in conditions of approval issued in connection with the undertaking, may continue to proceed in accordance with such conditions.

11. This Order expires December 31, 1989 except that the Minister of the Environment, taking into consideration the progress of the Ministry of Natural Resources on pre-submission consultation and any related drafting of the Class Environmental Assessment for Provincial Park Management and upon the written request of the Minister of Natural Resources, may extend this expiry date but this extension shall not be beyond June 30, 1990.

12. If the Ministry of Natural Resources has submitted a Class Environmental Assessment under this Act for the Provincial Park Management undertaking prior to the expiry of this Order, this Order shall remain in effect until a final decision on the approval of the undertaking for which the Class Environmental Assessment is submitted has been made.

13. Where an Environmental Assessment has been done and approval to proceed issued for an individual Provincial Park plan or project, that plan or project shall be deemed to be a separate undertaking not exempt by this Order.

14. Before the MNR amends or rescinds boundary regulations for a park (which, for greater clarity, includes the elimination of the entire area of a park), and following appropriate public consultation and notification, it shall give at least forty-five days notice to the Environmental Assessment Branch and the appropriate Regional Office of the Ministry of the Environment.

15. (1) This order replaces MNR-30/8, filed as Ontario Regulation 607/87, MNR-5, filed as Order-in-Council 2891/76, MNR-12, filed as Order-in-Council 1764/78 and MNR-15, filed as Order-in-Council 409/79.

- (2) Those plans and projects planned under the exemptions referred to in subsection 15 (1) but not implemented by the date of approval of this exemption may continue to proceed in accordance with the conditions of this exemption.

REGULATION TO AMEND
REGULATION 452 OF
REVISED REGULATIONS
OF ONTARIO, 1980
MADE UNDER THE
HEALTH INSURANCE ACT

1. Subsection 59 (1n) of Regulation 452 of Revised Regulations of Ontario, 1980, as made by section 2 of Ontario Regulation 36/88, is revoked and the following substituted therefor:

(1n) The amount payable by the Plan for an insured service rendered by a physician outside Ontario to an insured person on or after the 1st day of July, 1987 and before the 1st day of April, 1988 is the lesser of,

(a) the amount actually billed by the physician; or

(b) the amount set out opposite the service in Schedule 15 as it existed on the 22nd day of February, 1989 or 49 cents multiplied by the applicable individual value for such service set out opposite the service in Schedule 16, as the case may be.

(1o) The amount payable by the Plan for an insured service rendered by a physician outside Ontario to an insured person on or after the 1st day of April, 1988 and before the 10th day of February, 1989 is the lesser of,

(a) the amount actually billed by the physician; or

(b) 101.75 per cent of the amount set out opposite the service in Schedule 15 as it existed on the 22nd day of February, 1989 or 49 cents multiplied by the applicable individual unit value for such service set out opposite the service in Schedule 16, as the case may be.

(1p) The amount payable by the Plan for an insured service rendered by a physician outside Ontario to an insured person on or after the 10th day of February, 1989 is the lesser of,

(a) the amount actually billed by the physician; or

(b) the amount set out opposite the service in Schedule 15 or 49 cents multiplied by the applicable individual unit value for such service set out opposite the service in Schedule 16, as the case may be. O. Reg. 94/89, s. 1.

2. Subsection 67 (2o) of the said Regulation, as made by section 4 of Ontario Regulation 36/88, is revoked and the following substituted therefor:

(2o) The amount payable by the Plan for an insured service rendered by a physician in Ontario to an insured person on or after the 1st day of July, 1987 and before the 1st day of April, 1988 is the amount set out opposite the service in Schedule 15 as it existed on the 22nd day of February, 1989 or 49 cents multiplied by the individual applicable unit value for such service set out opposite the service in Schedule 16, as the case may be.

(2p) The amount payable by the Plan for an insured service rendered by a physician in Ontario to an insured person on or after the 1st day of April, 1988 and before the 10th day of February, 1989 is 101.75 per cent of the amount set out opposite the service in Schedule 15 as it existed on the 22nd day of February, 1989 or 49 cents multiplied by the individual applicable unit value for such service set out opposite the service in Schedule 16, as the case may be.

(2q) The amount payable by the Plan for an insured service rendered by a physician in Ontario to an insured person on or after the 10th day of February, 1989 is the amount set out opposite the service in Schedule 15 or 49 cents multiplied by the individual applicable unit value for such service set out opposite the service in Schedule 16, as the case may be. O. Reg. 94/89, s. 2.

3. Schedule 15 to the said Regulation, as remade by section 3 of Ontario Regulation 472/87 and amended by section 1 of Ontario Regulation 126/88 and section 1 of Ontario Regulation 240/88, is revoked and the following substituted therefor:

Schedule 15

Schedule of Benefits

PREAMBLE

A. General

1. The rates listed in this Schedule of Benefits are the maximum payments which can be made by the Ontario Health Insurance Plan.
2. Insured medical services are limited to the services which are medically necessary and listed in this Schedule of Benefits **without being** specifically excluded by legislation or regulation. (See Appendix A for list of specific exclusions).
3. Additions, deletions or other modifications of the Schedule of Benefits require recommendation by the Ontario Health Insurance Plan. Such recommendations are made in consultation with the Ontario Medical Association.
4. This Schedule is a public document and frank discussion with patients regarding the listed rates is recommended.
5. Claims for services which are not listed in the Schedule or which are listed as N.A.B. (not a benefit) or which are excluded as benefits by legislation or regulation should not be submitted to the Plan. Such services may be charged directly to patients or persons financially responsible for the patient's care.
6. The principles governing proper professional charges are incorporated in the Regulations (Medicine) of the Health Disciplines Act.
7. Each physician who participates in the care of a patient is entitled to compensation commensurate with the services he/she renders.
8. **When applicable**, the physician should acquaint the patient or person financially responsible with their obligations to those concerned with their care. This is particularly important where supportive or concurrent care is rendered or when a consultation and/or procedure is being arranged.
9. Each physician **dealing directly with** a patient should render to the patient, or to the financially responsible party, an itemized statement of charges for professional services **and when requested**, send a receipt to the patient for all payments made by him/her.
10. If fees are collected by an organized group, the name of the physician rendering the service should be clearly shown on the bill or claim card.
11. Claims may be submitted for services which a patient receives from the team of staff physician, resident and intern in a teaching unit, provided that the conditions as set out hereunder apply.

On October 10, 1972, the Minister of Health confirmed that the joint recommendations of the College and the O.M.A. governing the charging of fees for services provided by interns and residents in clinical teaching units are acceptable to the Ministry of Health. In his letter the Minister made it very clear that he is looking to the College and the Medical Schools to ensure that the ethical rules governing these billing procedures are followed meticulously in all cases.

It has been carefully explained that the responsible staff physician must be present in the clinical teaching unit at the time the services are rendered and must be identified to the patient at the earliest possible moment. No fees are to be charged for services given by the intern or resident prior to this identification taking place. The following rules are now in effect:-

When patient care is rendered in a clinical teaching unit or other setting for clinical teaching by a health care team, the physician responsible shall be personally identified to the patient. The physician's relationship to the team shall be defined by the clinical teaching unit Director and his/her role must be known to the patient and other members of the team. He/she shall assume full responsibility for the appropriateness and the quality of the services rendered.

Specific regulations must vary with the service and form of care being delivered:-

- (a) In order to claim for physical procedures being carried out by an intern or resident, the responsible staff physician must be in the clinical teaching unit and immediately available to intervene.
- (b) In psychotherapy where the presence of the staff physician would distort the psychotherapy milieu, it is appropriate for the staff physician to claim for psychotherapy when a record of the interview is carefully reviewed with the **intern or resident** and the procedure thus supervised. However, the time charged by the staff physician may not exceed the total time spent by him/her in both such interview and direct supervision.
- (c) In other departments or services, the staff physician should only claim for visits on the days when actual supervision of that patient's care takes place through the presence of that staff physician in the clinical teaching unit on that day. This, of course, involves a physical visit to the patient and/or a chart review with detailed discussion with the other member(s) of the health team.

PREAMBLE

- (d) In those situations where on a regular basis a staff member might supervise concurrently multiple procedures or services through the use of other members of the team, the total claims made by the staff physician shall not exceed the amount that the staff physician might make in the absence of the other members of the team.

Any claim rendered should be in the name of the responsible staff physician.

12. Charges for missed appointments and procedures are not benefits of OHIP.

B. Terms and Definitions:

Call or Visit: is the service by a physician to a patient for assessment and/or treatment.

1. Consultations:

- (a) A **consultation** refers to the situation where a physician, in light of his/her professional knowledge of the patient, requests the opinion of another physician competent to give advice in this field, because of the complexity, obscurity or seriousness of the case or because another opinion is requested by the patient or an authorized person acting on his/her behalf. The consultant is obliged to perform a general or specific assessment, review the laboratory or other data and submit his/her findings, opinions and recommendations in writing to the referring physician.
- (b) If a consultant is requested by a physician on duty in the emergency department to see a patient in consultation, the former may charge a consultation fee for this service. If the consultant is requested to perform this same service by a resident or intern, the former may charge a general or specific assessment according to his/her specialty.
- (c) For laboratory and procedural benefits connected with consultations, see listings of Diagnostic and Therapeutic Procedures and Laboratory Medicine.
- (d) A consultation is not to be claimed as such when:
 - (i) The patient presents him/herself to a consultant's office without prior knowledge of the primary physician. The sending of a report to the primary physician under these circumstances does not justify a consultation.
 - (ii) The primary physician is not asked for professional advice but is simply asked by the patient for the name of a specialist in a particular field and the patient seeks out the specialist him/herself.
- (e) A **repeat consultation** requires all of the criteria of a full consultation and implies interval care by the primary physician. The situation in which the consultant requests the patient to return for a later examination is not a repeat consultation.
- (f) A **limited consultation** may involve all the components of a full consultation but is less demanding, and in terms of time, normally requires substantially less of the physician's time than the full consultation.
- (g) A **diagnostic radiology consultation** applies when radiographs made elsewhere are referred to a radiologist for his/her written opinion or when a radiologist is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a diagnostic radiological procedure which eventually is not done. A consultation does not apply when the radiographs referred to above are used for comparison purposes with radiographs made in the consultant's facilities.
- (h) A **diagnostic laboratory medicine consultation** applies when tissue, slides, and/or specimens are referred to a second laboratory medicine physician not in the same institution for a written opinion. It does not apply when the above are used for comparison with tissue, slides, materials or tests done in the consultant's facilities. When a diagnostic laboratory medicine consultation fee is claimed, surgical pathology fees may not also be claimed.
- (i) A **laboratory medicine consultation or repeat consultation** applies when a laboratory medicine physician is requested to examine a patient and provide a written opinion.
- (j) A **diagnostic nuclear medicine consultation** applies when nuclear medicine studies are referred to a nuclear medicine specialist for a written opinion, or when the nuclear medicine physician is required to make a special visit at Night (5:00 p.m. to 7:00 a.m.) or Saturdays, Sundays and Holidays to consult on the advisability of performing a nuclear medicine procedure which eventually is not done. A consultation does not apply when procedures done elsewhere are used for comparison purposes with nuclear medicine studies made in the consultant's facilities.
- (k) A **nuclear medicine consultation or repeat consultation** applies when a nuclear medicine specialist is requested to examine a patient and provide a written opinion, all of which takes a greater amount of time and effort than a nuclear medicine study would normally require. It may be done in conjunction with a nuclear medicine study but if so, the lesser professional fee (P₂) rather than the greater fee (P₁) should be claimed in addition to the technical fee (T).

PREAMBLE

- (l) Some **nuclear medicine specialists** have other specialist qualifications which allow them to claim another consultation (e.g. internal medicine). A nuclear medicine consultation or repeat consultation may be claimed in lieu of another consultation (e.g. internal medicine) but would not be combined with such a consultation by the same consultant.
 - (m) A **prenatal consultation** by a paediatrician applies when a physician considers a foetus of greater than 20 weeks gestation to be at risk or in jeopardy by reason of continuation of pregnancy in the presence of maternal and/or foetal distress, and requests the opinion of a paediatrician competent to give advice in this field. The paediatrician shall perform a general or specific assessment, review laboratory and other data and submit his/her findings and recommendations in writing to the referring physician. Such a consultation does not preclude the paediatrician from a post-natal consultation on the infant.
 - (n) A **special surgical consultation** may apply when a surgeon provides all the components of a regular consultation but is required to spend at least fifty minutes with the patient (exclusive of any tests) in consultation because of the very complex, obscure or serious nature of the problem. The surgeon should claim for special consultations on an I.C. basis (A935)**. See paragraph B.32.
 - (o) An **emergency physician consultation** applies when a patient is referred by another physician (other than an E.R. physician in the same hospital) who has seen and examined the patient and requested the opinion of an emergency room physician because of the complexity, obscurity or seriousness of the case. The consultant shall perform the necessary assessment, review the laboratory, x-ray or other data and submit his findings, opinions and recommendations in writing to the referring physician. A copy of the E.R. chart does not constitute a consultation report. This consultation is not chargeable for the routine transfer of care to the E.R. nor for the provision of treatment for a previously diagnosed condition. It does not apply to patients who present themselves to the E.R. or are brought by people acting on their behalf. It is anticipated that these consultations will replace some of the consultations that would otherwise be provided by consultants in other branches of medicine. If the consultation leads to admission to hospital, no separate fee is chargeable for the admission assessment by the same physician. The consultation code for a specialist in emergency medicine (F.R.C.P.) is H055**, for all others use code H065**.
- Note:** OHIP benefits for consultations normally are limited to one consultation per year, per patient, by any one physician. However, if the same patient is referred to the same consultant a second time within the year with a clearly defined unrelated diagnosis, one additional consultation may be claimed per year.
2. **General Assessment:** shall comprise a full history, an enquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record and advice to the patient.*
OHIP benefits for general assessments normally are limited to one per year per patient by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined unrelated diagnosis, one additional general assessment may be claimed per year. In the case of a patient who proceeds normally to hospital, the admitting physician may claim one additional general assessment per year provided 90 days have elapsed since the last general assessment rendered (anywhere) to that patient by the admitting physician. If the patient doesn't qualify for a general assessment by the admitting physician, he may claim a general re-assessment.
 3. **General Re-Assessment:** shall comprise the same services as a general assessment except that the history need not include all the detail already obtained in the original general assessment.*
OHIP benefits for general re-assessments, except for hospital admission re-assessments, are limited to two per year, per patient, by any one physician.
 4. **Specific Assessment:** shall comprise a full history of the presenting complaint, enquiry concerning, and detailed examination of the affected part, region or system(s), as needed to make a diagnosis, and/or exclude disease and/or assess function, an appropriate record and advice to the patient.* (This may vary among sections.)
Physicians qualified in two specialties (EENT for example) may only claim for one visit, e.g. a consultation (if referred) or a specific assessment (if non-referred), if both systems are examined during the same visit. However, two consultations or two specific assessments, etc. may be claimed if both systems are examined, each on a separate visit.
OHIP benefits for specific assessments normally are limited to one per year, per patient, by any one physician. However, if the same patient presents again within the year to the same physician with a clearly defined unrelated diagnosis, one additional specific assessment may be claimed per year.

*For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

**Please refer to page xxi for fee listing.

PREAMBLE

5. **Specific Re-Assessment:** shall comprise a full relevant history and a comprehensive physical examination of one or more systems but not requiring an evaluation of the patient as a whole.* This service is the admission assessment when the patient has been seen prior to admission in the same illness. It is included in the surgical fee except for those procedures marked I.O.P.
6. **Partial Assessment:** shall comprise a history of the presenting complaint, the necessary physical examination, an appropriate record and advice to the patient. It also applies to subsequent visits for assessing the response to treatment and/or advice provided in a previous service.*
7. **Intermediate Assessment:** is a primary care service for physicians providing general practice or paediatric services and is a more extensive assessment than a minor assessment. It shall comprise a history of the presenting complaint(s), enquiry concerning and examination of the affected part(s), region(s), or system(s) or mental or emotional disorder as needed to make a diagnosis, exclude disease and/or assess function, an appropriate record and advice to the patient.*
8. **Multiple Systems Assessment:** shall comprise a detailed history and examination of more than one system, part or region, an appropriate record and advice to the patient.*
9. **Minor Assessment:** is a visit which involves a direct doctor-patient interaction at which either or both of the following are provided and an appropriate record made of the visit:
 - (i) a brief assessment which includes the necessary history and examination of the affected part or region or mental or emotional disorder;
 - (ii) brief advice or information regarding health maintenance, diagnosis, treatment and/or prognosis.

(b) **Minor Assessment - Diagnostic Radiology:** applies when direct doctor-patient interaction occurs during which either of the following non-emergent services is provided, and an appropriate record made:

 - (i) assessment of the patient resulting in a decision to cancel the planned examination or equivalent procedure
 - (ii) a procedure or examination is cancelled or deferred due to procedural difficulties including lack of patient cooperation, if no other procedure is done.
10. **Mini Assessment:** applies when a physician examines and/or treats a patient for a completely unrelated problem in addition to the examination/treatment of a W.C.B. related problem (for which the W.C.B. will only pay a minor assessment) during the same office visit.* The code for the mini assessment is A008.**
11. **Re-Assessment (by physician on duty in the Emergency Department):** one re-assessment may be charged when, at least two hours after the original assessment is completed (including appropriate investigation and necessary treatment), a subsequent assessment indicates that further provision of care and/or investigation is required and performed. Re-assessments are not to be claimed for discharge assessments nor when the patient is admitted by the physician on duty in the Emergency Department, nor when this assessment leads directly to referral for consultation.
12. **Well Baby Care:** the periodic visits of a well baby during the first two years of life involving complete examination with necessary weight and measurements and instructions to the parent(s) regarding health care.
13. **Annual Health or Annual Physical Examination (including Primary and Secondary School Examination):** shall comprise all the elements of a general assessment as it pertains to an individual after the second birthday who presents and reveals no apparent physical or mental illness. OHIP benefits for any one physician are limited to one Annual Health Examination per patient per year after the second birthdate. To qualify, an Annual Health Examination normally must be requested by the patient rather than a third party. Regulation 452 of Revised Regulations of Ontario, 1980 under the Health Insurance Act, examinations for the purpose of "legal requirements or proceedings" are excluded from coverage. However, it is recognized that an annual Health Examination will satisfy some or all of the requirements for examinations required by statute but excluded by the above mentioned Regulation. In such instances and where a prior claim for an Annual Health Examination has not been submitted to the Plan in the previous twelve months for that patient, it would be appropriate to submit a claim to OHIP for this service. The OHIP benefit in these cases covers the Annual Health Examination only and not any charges peculiar to the legal requirements, such as charges for the completion of forms.

*For laboratory and other investigation performed in conjunction with a consultation or visit, see Diagnostic and Therapeutic Procedures and Laboratory Medicine.

**Please refer to page xxi for fee listing.

PREAMBLE

14. **Long Term Institutional Care:** includes the listings for consultations, assessments and other visits to patients in chronic care hospitals, convalescent hospitals, nursing homes and other institutions in which such patients are covered by extended care legislation.

Admission Assessments to Long Term Care Institutions:

Type 1 - applies when the admitting physician has not performed a consultation, general assessment or general re-assessment prior to admission and when he/she carries out a general assessment (on admission) and provides a report for the medical record.

Type 2 - applies when the admitting physician has performed and claimed for a consultation, general assessment or general re-assessment prior to admission, makes an initial visit and records an admission note describing the condition of the patient following admission.

Type 3 - applies when the admitting physician readmits a patient after a 3 day stay in another institution; the admitting physician shall carry out a general re-assessment and provide a report for the medical record.

Note: When a physician already is in the institution and is asked to assess one of his/her own in-patients on a non-emergent or an emergent basis, the subsequent visit listings apply. However, if he/she is asked to assess another physician's patient on an emergency basis, the General Listings should be used.

15. **Subsequent Visits to Long Term Care Institutions:** include the supervisory care as well as the active treatment of acute intercurrent illness when the physician is already in the long term care institution. The supervisory care component includes discussion with the patient and/or family and/or examination of the patient and also includes as required, discussion with the nurse, chart review and annotation of the chart. When acute intercurrent illness requires a special visit, the appropriate fees under General Listings and Premiums apply. For acute intercurrent illnesses requiring visits after the monthly maximums have been claimed, extra visits should be made on an I.C. basis using code W121.**
16. **Pre-dental General Assessment:** is the history and examination of a patient required prior to dental surgery under anaesthesia in hospital. A diagnosis is not required by OHIP for this service.
17. **Newborn Care:** is the routine care of a well baby up to ten days of age and should include a complete physical examination of the baby and necessary instructions to the mother. The service shall involve at least two visits but may involve only one visit if the hospital stay is less than 24 hours and normally may not be claimed for the same patient by more than one physician. When a well baby is transferred to another hospital (because of the mother's state of health, for example) claims for newborn care by a physician at each hospital may be appropriate.
18. **Low Birth Weight Baby Care:** is the care of a baby weighing less than 2.5 kilograms at birth.
19. **Psychotherapy:** is any form of treatment for mental illness, behavioural maladaptations, and/or other problems that are assumed to be of an emotional nature, in which a physician deliberately establishes a professional relationship with a patient for the purposes of removing, modifying, or retarding existing symptoms, or attenuating or reversing disturbed patterns of behaviour and of promoting positive personality growth and development. Accordingly, therefore, a psychotherapeutic procedure may be claimed if a half hour or major part thereof has been spent by a physician **personally** in such treatment of the patient. The minimum time period for psychotherapy (to be claimed as such) is twenty minutes. In order to claim for a major portion of a second or subsequent time interval of psychotherapy for the same patient during the same visit, the preceding time interval must be a full 30 minutes of psychotherapy. When psychotherapy extends beyond thirty minutes, the major part (16 minutes) of the next half hour must be spent with the patient to qualify for an additional half hour fee. Similarly, after one hour of psychotherapy, the major part (16 minutes) of the next half hour, must be spent to qualify for an additional half hour, and so on.
20. (a) **Counselling (K013):** is distinct from psychotherapy and is that form of activity in which the physician engages in an educational dialogue with the patient(s), on an individual or group basis wherein the goal of the physician and patient(s) is to become aware of the patient's problems or situation and of modalities for prevention and/or treatment. Counselling is not to be claimed for the advice that is a normal part of any consultation or assessment, or for ongoing treatment. Counselling sessions must be rendered personally, by the attending physician.
If the counselling session is less than 20 minutes, the appropriate assessment fee should be claimed.

****Please refer to page xxi for fee listing.**

PREAMBLE

- (b) **Transplant Counselling (K014):** includes counselling of recipient, donor or appropriate family member(s) of recipient or donor, and the presentation of adequate clinical data to enable the person(s) concerned to make an informed decision regarding organ transplantation. This may only be claimed when transplantation or donation is imminent.
 - (c) **Counselling of Relatives on behalf of a Catastrophically or Terminally Ill Patient (K015):** is distinct from psychotherapy and is that form of activity in which the physician engages in an educational dialogue with the relative(s), on an individual or group basis where the goal of the physician and relative(s) is to become aware of the modalities for treatment and/or prognosis. Counselling must be rendered personally by the attending physician. It must be a booked, separate appointment in the office or institution and billed under the patient's OHIP number. It only applies to relatives of catastrophically or terminally ill patients.
21. **Genetic Counselling:** includes interviewing the appropriate family members, the collection and assessment of adequate clinical and genetic data to make a diagnosis, construct a pedigree and assess the risks to persons seeking advice. It includes imparting this information and the various alternatives to the appropriate family members for dealing with the problem in such a way that they can make informed decisions about the genetic problem. Counselling must be rendered personally by the attending physician.
 22. **Documentation:** when a physician examines or treats a patient, an appropriate record of such service should be made. (See Appendix B).
 23. **Visit for Procedure:** when the sole reason for an office visit is the performance of a certain procedure, the listed benefit for the procedure will apply (See Diagnostic and Therapeutic Procedures Preamble for exceptions). When procedures are carried out in the office, emergency or outpatient department, on an elective basis, special visit fees should not be claimed in addition to the procedural fee. When procedure(s) are carried out by a physician's employee(s), under the direct supervision of the physician in his/her office, the usual claims may be made for procedure(s) which are generally and historically accepted as those which may be carried out by the nurse or other medical assistant in the employ of the physician. "Procedures" in this context do not include such services as assessments, consultations, psychotherapy, counselling, etc. Direct supervision requires that, during the procedure, the physician be physically present in the office or clinic at which the service is rendered.*** While this does not preclude the physician from being otherwise occupied he/she must be in personal attendance to ensure that procedures are being performed competently and he/she must at all times be available immediately to approve, modify or otherwise intervene in a procedure as required in the best interests of the patient.
For Physical Medicine procedures performed on the physician's own patient under direct supervision as detailed above, see Code G467 listed in Diagnostic & Therapeutic Procedures - Physical Medicine.
 24. **Health Examination:** this may vary in extent according to the purpose for which it is required (e.g. pre-employment, insurance, free from infection, etc.). This is not a benefit of OHIP and the fee should be according to the type of assessment necessary for this purpose and billed to the patient or party requesting the service.
 25. **Age:** (unless otherwise specified)
Newborn - up to 10 days of age.
Infant - up to 2 years.
Child - up to and including 15 years.
Adolescent - up to and including 17 years.
Adult - 18 years and over.
 26. **Most Responsible Physician:** is the attending physician who is primarily responsible for the day to day care of the patient in hospital. In cases of unusual severity where the consultant assumes the role of the most responsible physician, the consultant may claim on a per visit basis and the family physician may claim supportive care. Where the family physician remains the most responsible physician and requests only a consultation, the family physician may claim on a per visit basis and the consultant may claim a consultation only.

*** Some procedures may not require the physical presence of a physician for adequate supervision. Exceptions to this requirement of direct supervision may be made upon recommendation of the Ontario Medical Association and the College of Physicians and Surgeons of Ontario.

PREAMBLE

27. **Transferal and Referral:**

- (a) A **referral** takes place when one physician requests for his/her patient the services of another. The services of the latter may consist of:
- (i) an opinion (i.e. a consultation)
 - (ii) diagnostic tests or procedures (e.g. skin test, biopsy, etc.)

Note: In such cases the referring physician continues to treat the case him/herself

- (iii) treatment (surgical or medical).

The referring physician's OHIP registration number must be included on the claim submission.

- (b) A **transferal**, as distinguished from a referral, takes place where the responsibility for the care of the patient is completely transferred permanently or temporarily, from one physician to another (e.g. where the first physician is leaving temporarily on holidays and unable to continue to treat the case). Physicians who are substituting for other physicians should consider that patients of the latter have been temporarily transferred (not referred) to their care. The physician to whom the patient is transferred should be regarded as substituting for the other physician. Where the care of the patient involves a benefit containing several components such as surgery, the physicians may consider the surgical benefit a team benefit and decide among themselves how each is to be compensated; traditionally physicians in these circumstances have reciprocated by exchanges of coverage for each other. When physicians routinely or frequently substitute for each other in providing hospital visits to registered bed patients in active treatment hospitals, e.g. weekend coverage or daily rounds by various members of a group, the most responsible physician may claim for all the visits.
28. **Concurrent Care:** applies when the family physician remains the most responsible physician but because of the seriousness or complexity of the condition, requests continued directive care by a consultant. The family physician may claim on a per visit basis and the consultant may also claim on a per visit basis not to exceed four such claims during the first week of concurrent care and not to exceed two such claims each week thereafter while the patient's condition remains serious - this arrangement being agreeable to both physicians.
29. **Multidisciplinary Care:** applies when the complexity of the medical condition requires the services of several physicians in different disciplines. In such cases, each physician should render a separate account on a per visit basis. This does not refer to a situation where a single benefit for a team of physicians is listed in this Schedule.
30. **Supportive Care:** is the care rendered in hospital by the referring physician, who is not actively treating the case (e.g. writing orders), to a patient under the care of another physician, at the desire of the patient or family, for purposes of liaison or reassurance. The physician may claim for this care on a per visit basis not to exceed four such claims during the first week of supportive care (determined by the date of the first supportive care visit) and not to exceed two such claims each week thereafter. If medical complications develop or are present in the post-operative period which require active management by the referring physician, hospital medical care fees should be applied not supportive post-operative fees.
31. **Terminal Care:** applies to one designated physician responsible for the care of a terminally ill patient suffering from malignant disease. Terminal care will be deemed to start when there is no aggressive treatment of the underlying disease process and care is directed to maintaining the comfort of the patient until death occurs. Terminal care should be claimed retroactively after death on the basis of visits actually rendered for a period not to exceed four weeks prior to death. Terminal care visit fees as described above do not apply when unexpected death occurs after prolonged hospitalization for another diagnosis unrelated to the cause of death. Visits to patients in hospital may be claimed using code C882** by general and family practitioners and using code C982** by specialists. For patients receiving terminal care in chronic hospitals, the visits should be claimed with codes W882** and W982** respectively and in Nursing Homes and Homes for the Aged the visits should be claimed with codes W872** and W972** respectively.
32. **Independent Consideration - "I.C.":** Independent consideration may be given where a set fee is not listed in the Fee Schedule. Claims rendered under this heading should contain an explanation of the fee claimed. It is helpful to the Medical Consultant if claims for I.C. include an operative or consultation report and a comparison of the scope and difficulty of the procedure with other procedures in the Schedule.
33. **Specialist:** A specialist shall be defined (for purposes of application in the case of any given service within this Schedule) as one who holds a certificate from The Royal College of Physicians and Surgeons of Canada in the specialty which normally is considered to encompass the service in question. A specialist rendering services outside of his specialty should use the codes and tariffs listed in the General Practice section of the Schedule.

****Please refer to page xxi for fee listing.**

PREAMBLE

34. Differential Benefits:

- (a) Procedural fees apply to any physician rendering the services regardless of specialty.
- (b) Specialists providing primary care in a general practice setting shall claim the appropriate visit fees (as defined in the Preamble) listed under the heading Family Practice and Practice in General. Certain other non specialist services such as counselling and interviews are under the same heading for the use of any physician providing such services.
- (c) Specialists in paediatrics who practice allergy may claim specialist fees for their allergy services regardless of the age of their patients.

35. Referring Physician's Services:

- (a) For the services rendered prior to the operation, the referring physician should claim on a fee-for-service basis, for example:
 - (i) Visits as rendered
 - (ii) In addition to (i) above, in acute cases if detained, the physician may claim detention fees if appropriate. See Preamble, paragraph B.45.
- (b)(i) For services rendered as an assistant during the operation, the referring physician should claim an assistant's fee.
 - (ii) In cases in which the referring physician is required to be present in the interest of the patient but does not actually assist at the surgical procedure, he/she should claim on a hospital visit basis for this service.
- (c) For the services rendered after the operation, the referring physician may claim on the basis of supportive care fees as outlined in the schedule.

36. Assistants' Services:

- (a) The assistants' fees are determined by adding the listed basic units and time units and multiplying the total number of units by the unit fee**. For a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For a case commencing after midnight and before 7:00 a.m. any night of the week, increase the total assistant's fee by 50% (E401B).
- (b) When a physician is required to make a special visit to the hospital to assist at surgery, he/she may claim a special visit premium by using code C998B** for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays by using code C999B** for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to the E400 and E401 premiums but apply only to the first patient treated on each special visit.
- (c) The time units are computed by allowing one unit for each 15 minutes** or part thereof of time (up to two hours) spent by the assistant. When assisting for more than two hours per case, time units for periods in excess of two hours are computed by allowing two units for each 15 minutes or part thereof. Time for purposes of these calculations includes scrub time and time spent in the operating room. If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix B should be added to the fee code for the procedure. The basic units should be listed separately from the time units on the claim card.
- (d) When multiple or bilateral surgical procedures are done during the same anaesthetic, the assistant's benefit shall be based on the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the assistant shall be entitled to receive a full assistant's benefit for each procedure.
- (e) In surgical procedures requiring more than one assistant, the second assistant shall compute his/her fee on the same basis as the first assistant. Each claim for second assistant should be accompanied by a statement from the operating surgeon confirming the necessity for his/her services.
- (f) When a surgeon requires an assistant at a procedure for which no assistant's fee is listed, the assistant may calculate his/her fee by taking the number of basic units used by the anaesthetist, adding his/her time units and multiplying the total number of units by the unit fee.**
- (g) When assistants at surgery claim for procedures for which no assistant's fees have actually been listed in the schedule, the assistants should support their claims with a statement of explanation from the surgeon, confirming the medical necessity for their attendance.

Note: Code M400B** will be used by OHIP for services performed by an assistant where no assistant units are listed. All such services must be assessed for appropriateness by the OHIP Medical Consultant.

****Please refer to page xxi for fee listing**

PREAMBLE

- (h) Where the attendance of a physician is requested by the patient's other medical attendants for the sole purpose of monitoring or special supportive care, and when the physician is in constant attendance, the fee shall be 4 units plus time (E003B).
- (i) When an anaesthetic has begun and the operation is cancelled prior to commencement of surgery, the assistant who has scrubbed but is not required to do more, should claim 3 basic units plus time units (E006B). If the operation is cancelled after surgery has commenced, the procedural basic units plus time units will apply. If the procedure is cancelled prior to the induction of anaesthesia and the assistant is scrubbed, a subsequent hospital visit only may be claimed.

37. Anaesthetists' Services:

- (a) The tariff is for all types of anaesthesia. The fee is for professional services, including pre-anaesthetic evaluation and post-anaesthetic follow-up and all immediate supportive measures, and does not include the cost of materials used.
- (b) If an anaesthetist is requested by another physician to see a patient in consultation (see paragraph 1(a)) because of the complexity, obscurity or seriousness of the case prior to the administration of an anaesthetic, he may claim a consultation fee as well as the anaesthetic fee. If this consultation is provided less than 36 hours prior to the administration of an anaesthetic, this consultation should be claimed under fee code E015.** The routine pre-anaesthetic evaluation of the patient required by the Public Hospitals Act does not qualify as a consultation, regardless of where and when this evaluation is performed. Anaesthetic consultations do not apply when hospital, departmental by-laws, statutes or policies require automatic consultations on any patient requiring anaesthesia.
- (c) If an anaesthetist examines a patient prior to surgery and the surgery is cancelled prior to the induction of anaesthesia, he or she may claim a hospital visit fee for this service. When an anaesthetic has begun and the operation is cancelled due to a complication prior to the commencement of surgery, the anaesthetist should claim 4 basic units plus time (E006C). If the operation is cancelled after surgery has commenced, the procedural basic fee plus time units will apply.
- (d) The anaesthetist's fees** are determined by adding the basic and time units together and multiplying the sum. For a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For a case commencing after midnight and before 7:00 a.m., any night of the week, increase the total anaesthetic fee by 50% (E401C).
- (e) When an anaesthetist is required to make a special visit to the hospital to administer an anaesthetic, he may claim a special visit premium using code C998C** for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays or by using code C999C** for a case commencing after midnight and before 7:00 a.m. any night of the week. These premiums are in addition to the E400 and E401 premiums but only apply to the first patient treated on each special visit.
- (f) When an anaesthetist administers an anaesthetic to a patient under the age of one (E009) or over the age of seventy (E007), add one unit to the total fee.
- (g) **When an anaesthetist administers an anaesthetic to a patient with an incapacitating systemic disease that is a constant threat to life or to a moribund patient who is not expected to survive for 24 hours, add two units to the total fee (E008). A declared brain-dead patient whose organs are being removed for donor purposes does not qualify for the premium E008.**
- (h) Basic units are listed for most procedures and include the value of all anaesthetic services except the actual time spent administering the anaesthesia, any modifying factors, or unusual detention with the patient (see paragraph B.37(p)).
- (i) Except during maintenance of continuous conduction anaesthesia time units are computed by allowing one unit for each 15 minutes or part thereof of anaesthesia time (up to two hours); following the first two hours of anaesthesia, time units for periods in excess of two hours shall be computed on the basis of two units for each 15 minutes or part thereof; time units for periods in excess of eight hours shall be computed on the basis of three units for each 15 minutes or part thereof. Anaesthesia time begins when the anaesthetist is first in attendance with the patient for the purpose of creating the anaesthetic state and ends when he/she is no longer in personal attendance (when the patient may be safely placed under customary post-operative supervision).
- (j) If claims are being made in coded form (see explanatory comments at front of Fee Schedule), the suffix C should be added to the fee code for the procedure.
- (k) In special cases when the anaesthetic services of more than one anaesthetist are deemed necessary in the interest of the patient, the second anaesthetist shall charge 4 basic units (E001) plus time units for the time spent assisting the first anaesthetist.

****Please refer to page xxi for fee listing**

PREAMBLE

- (l) When multiple or bilateral surgical procedures are done during the same anaesthetic, the anaesthetic benefit shall be based upon the basic units for the major procedure plus time. When bilateral procedures or surgical revisions are carried out at separate times with separate anaesthetics, the anaesthetist shall be entitled to receive a full anaesthetic fee for each procedure.
 - (m) In procedures where no value is listed, or with I.C., the basic portion of the calculated value will be the same as listed for a comparable procedure considering the region and modifying conditions or techniques.
 - (n) When a pump with or without an oxygenator and with or without hypothermia is employed in conjunction with an anaesthetic, the anaesthetic "Basic Units" will be 28 units; this replaces the listed basic units for the procedure.
 - (o) Controlled hypotension may be billed for (10 units) when it is carried out in association with anaesthesia using any technique to deliberately lower and maintain the mean blood pressure by at least 25%. Incidental hypotension from the use of any anaesthetic agent does not constitute controlled hypotension. The additional 10 units may be claimed under E004C.
 - (p) When unusual detention with the patient before or after anaesthesia is essential for the safety and welfare of such patient, the necessary time will be valued on the same basis as indicated for the anaesthetic time.
 - (q) For detention not associated with anaesthesia, detention rates and criteria apply (see paragraph B.45).
 - (r) When the attendance of the anaesthetist is requested by the patient's other medical attendants for the purpose of monitoring or special supportive care, and when the anaesthetist is in constant attendance, the benefit shall be 4 units plus time. The code is E003C.
 - (s) Introduction of a catheter for continuous conduction analgesia and anaesthesia in obstetrics has a basic value of 6 units. Maintenance and/or supervision may be claimed at one unit for each half hour of maintenance to a maximum of 5 units. Time units for delivery may be claimed at one unit per quarter hour (E100C).
 - (t) When a physician administers an anaesthetic and/or other medication prior to, or during a procedure(s) or immediately after a procedure which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, ilioinguinal, iliohypogastric, ulnar, median, or radial block in addition to performing a procedure, he/she may claim G224 in addition to the procedure.**
 - (u) When hypothermia is used by the anaesthetist in procedures not specifically identified as requiring hypothermia, the basic value is 25 units. This basic value replaces the basic value listed in the Schedule for the procedure. When the basic value claimed is 25 units, the anaesthetic service may be claimed under code E002C.
 - (v) When a patient is known to have malignant hyperthermia or there is a strong suspicion of susceptibility, and the anaesthetic requires full malignant hyperthermia set up and management, add 5 units to the anaesthetic claim (E012). This add-on does not apply to Z245 listed under "Integumentary System, Incision - Skin and Subcutaneous Tissue..."
 - (w) Anaesthetic management for the emergency relief of acute upper airway (above the carina) obstruction (excluding choanal atresia) - basic 10 units (E013).
 - (x) When one anaesthetist starts a procedure and is replaced by another part way through a surgical procedure or delivery, the first anaesthetist should charge the appropriate basic fee plus time units and the second anaesthetist should charge for time units only. The second anaesthetist should use code E005C for such time units except in the case of continuous conduction anaesthesia for which P015 (plus E100C) applies (see paragraph 37[s]). E002C, E003C, E004C, E005C qualify for the premiums E400C or E401C only if the case originally started within the time stated under paragraph 37(d) above. Each anaesthetist should state on his/her claim card which part of the anaesthetic is being claimed and the time begun and completed.
 - (y) General anaesthesia for the purposes of this Fee Schedule includes all forms of anaesthesia except local infiltration.
 - (z) Maintenance/Supervision of epidural catheter for relief of pain (G247) see "Nerve Blocks, Diagnostic and Therapeutic Procedures". For visits rendered after 5 p.m. and before midnight or on Saturdays, Sundays and Holidays add 40% (E402). For visits after midnight but before 7 a.m. add 50% (E403).
38. **General Listings:** include the basic listing for consultations, assessments and other visits wherever they are rendered, except for non-emergency services to hospital or long-term care institution in-patients and for care rendered by a physician on duty in the emergency department. These latter services are listed separately in the Schedule.

**** Please refer to page xxi for fee listing**

PREAMBLE

39. **Non-Emergency Hospital In-patient Services:** include the fee listings for consultations and other visits rendered to registered bed patients on a non-emergency basis.

- (a) When a patient has not been seen previously by the physician in charge, the first visit after admission may be claimed as a consultation or general or specific assessment. When the patient has been previously attended before admission, the first visit after admission may be claimed as a general re-assessment or specific re-assessment (depending on the specialty) if the patient has been seen before in the same illness. However, when a patient is admitted to hospital by one physician and is subsequently transferred to another physician, only one general or specific assessment or re-assessment may be claimed per patient admission.
- (b) Subsequent routine visits should be claimed as subsequent visits (minor assessments). Payments for hospital visits are usually limited to one per patient per day prior to the weekly and monthly limitations that apply after the patient has been hospitalized for 5 weeks (6 weeks for paediatricians). However, it is not the intent of the Fee Schedule that visit fees be claimed for every day a patient is in hospital unless a physician actually visits the patient each day. For acute illnesses or exacerbation of original illness requiring hospital visits after 5 weeks of hospitalization, claims for extra visits should be made on an Independent Consideration basis (C121).
- (c) When a patient in hospital is referred by one physician to another, the second physician should not be limited by the "Subsequent Hospital Visit" formula for the number of hospital visits already rendered by the first physician. In other words, the second physician is entitled to claim for his/her visits up to 5 weeks just as if the patient was being attended to in hospital for the first time. If the patient is transferred to the care of another physician, the "Subsequent Hospital Visit" formula would apply just as it would if only one physician was involved in the care.
- (d) When a physician is already in the hospital and is asked to assess one of his/her own in-patients on a non emergency or emergency basis, the subsequent hospital visit listings apply. However, if he/she is asked to assess another physician's patient on an emergency basis, the General Listings apply.

40. **Emergency Department - Physician on Duty Services:** include the fee listings for minor and multiple systems assessments and re-assessments during regular and premium hours rendered by the physician on duty. Any physician on duty in the emergency department should claim these fees regardless of his/her specialty.

The listings under the heading "Emergency Department - Physician on Duty" are meant to apply to those circumstances wherein either emergency or other physicians have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time. In addition to applying to full or part time emergency room physicians who work pre-arranged shifts, these listings also apply to the services rendered by physicians who provide on-call emergency room coverage for designated periods of time and limit the services they provide, in the community served by the hospital, predominantly to emergency room coverage. When special visits are rendered by such physicians, A and K codes may be charged for the first patient seen:

- (a) for up to a maximum of two special visits after 8:00 a.m. and up to 5:00 p.m.;
- (b) for up to a maximum of three special visits after 5:00 p.m. and up to midnight;
- (c) for the number of special visits rendered after midnight and up to 8:00 a.m.

When an on call physician practising in the area is **detained** in the Emergency Department or environs because the volume of patients requires it (e.g. during a busy holiday period) the fees under Emergency Department - Physician on Duty (H101, H103, H104, etc.) should be charged after the patient responsible for the initial special visit has been examined and/or treated (and claimed for under the A and K codes).

When an emergency physician is required to make a special visit to the Emergency Department **which is not in conjunction with** his/her regular arranged designated period of time on duty, he/she may charge the appropriate fee under the General Listings plus the applicable special visit premium for the first patient assessed; all subsequent patients assessed during this visit to the hospital should be claimed under the Emergency Department - Physician on Duty listings.

PREAMBLE

When a physician is on duty in the Emergency Department, sees a patient and admits the patient to hospital, this physician may claim a minor or multiple systems assessment depending on the service initially provided. Either the patient's attending physician or the emergency department physician (but not both) may render and claim the hospital admission assessment. If the emergency department physician (instead of the attending physician) provides the admission general assessment, he/she may claim a general re-assessment (C004) as well as the initial assessment provided both services are actually rendered separately.

Special Visit to Emergency or O.P.D.

Consultation:

1. Consultation, patient not admitted:
The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) may be claimed.
2. Consultation, patient admitted:
 - (a) The benefit for the consultation (or repeat consultation) plus the appropriate special visit surcharge (K99-) followed by hospital visits (if rendered) may be claimed. However, if the consultant also is the "most responsible physician", he/she may not also claim a hospital in-patient consultation, repeat consultation, general or specific assessment, general or specific re-assessment since the initial consultation rendered in the emergency department serves as the admission assessment.
 - (b) If the consultant is not also the most responsible physician, the latter may claim the appropriate admission assessment.

Assessment:

1. Assessment, patient not admitted:
The benefit for the assessment (or re-assessment) plus the appropriate special visit surcharge (K99-) may be claimed.
2. General/specific assessment plus patient admission:
The benefit for the general or specific assessment plus the appropriate special visit surcharge (K99-) followed by hospital visits may be claimed. However, the admitting physician may not also claim a hospital in-patient general/specific assessment or re-assessment since the initial general/specific assessment rendered in the emergency department serves as the admission.
3. Minor/intermediate assessment plus patient admission -
The benefit for the minor or intermediate assessment plus the appropriate special visit surcharge (K99-) may be claimed. In addition, the admitting physician may claim for a hospital in-patient general or specific re-assessment if rendered.
4. No other premiums may be claimed.

Procedure:

Except for procedures for which the listed benefits specifically include the associated consultation or other assessment, claims may be made for both the procedure and the assessment.

Note: If a physician has an office in the hospital and is called to assess a patient in the Emergency Department or O.P.D., the special visit premiums do not apply.

41. Emergency Department Equivalent:

An Emergency Department Equivalent is an office or other place (other than a hospital emergency department) in which a physician renders services as part of an emergency service being made available to the community.

"Emergency Department Equivalent" includes a place used by a physician to render services exclusively to the office practice patients of one or more physicians outside the office hours of those physicians if the place is open for patients to attend.

A place is an Emergency Department Equivalent only during the period of time that the emergency service is being made available.

PREAMBLE

A place may be an Emergency Department Equivalent notwithstanding that the physicians rendering services therein are not continuously present and only attend on call.

A physician may add a premium of 30% (£030) to the appropriate General Listings and psychotherapy for services provided in an Emergency Department Equivalent if -

- 1) the services were rendered on a Saturday, Sunday or Holiday ("Holiday" is defined in paragraph B.43(c) below);
- 2) the services were rendered on the day they were first requested; and,
- 3) the services were rendered for the purpose of dealing with an emergency.

42. Long-Term Institutional Care: See paragraph B. 14.

Premiums:

43. Special Visit Fees Applicable in Addition to Fees for Services Listed Under "Consultations and Visits", also "Diagnostic and Therapeutic Procedures, Critical Care, also Injections or Infusions".

- (a) A special visit is one initiated by a patient or his/her representative where the physician is required to travel from one location to another to see the patient. Subject to paragraphs (b) to (q), the appropriate special visit fee applies when a physician makes a special visit to his office outside of normal office hours, even if the office is in the physician's home, or to the patient's home or other location (hotel, motel, roadside, ski slope, etc.), or to the Emergency Department, O.P.D., hospital or long-term care institution from a location outside any premises of, or operated by or on behalf of, the hospital or institution.
- (b) A special visit may also involve an emergency call with sacrifice of office hours. The benefits for this type of special visit apply in a situation where the demands of the patient and/or the physician's interpretation of the patient's condition is such that the physician responds immediately and makes a special visit at the sacrifice of regular office hours.
- (c) A special visit at night or on a Saturday, Sunday or Holiday may be claimed when non-elective or emergent calls are made by the physician between 5:00 p.m. and 7:00 a.m. or are received and made on Saturdays, Sundays and Holidays. Holidays are defined for the purpose of this Schedule as New Year's Day, Good Friday, Easter Monday, Victoria Day, Canada Day, Civic Holiday, Labour Day, Thanksgiving, Remembrance Day, Christmas Day and Boxing Day. If any of these holidays fall on a Saturday or Sunday, the Friday before or Monday following will be recognized as the holiday.
- (d) Only one special visit (daytime; emergency call with sacrifice of office hours; or Nights, Saturdays, Sundays and Holidays) may be claimed for the same patient, same visit. Special visits only apply to non-elective or emergent calls and do not apply to non-referred or transferred obstetrics. Special visits do not apply to visits on rounds to registered bed patients nor do they apply to admission assessments of patients who have been admitted to hospital on an elective basis, regardless of the time performed.
- (e) An elective "home" visit is a visit to a patient's "home" deemed medically necessary by the physician, initiated by the physician or the patient and carried out at any time convenient to the physician. Physicians providing such services should charge in addition to the appropriate fee under the heading General Listings, the premiums under paragraph 43(i) only, even if the elective visits are rendered at Night, on Saturdays, Sundays and Holidays.
If an institution has arranged to have quarters in the same or in a proximal building in order that a physician will be available to make visits to the institution, particularly at night, these are not considered to be "special visits" to the institution. If a physician is called to pronounce a patient dead, a minor assessment may be claimed along with the appropriate surcharge for the special visit.
- (f) When additional patients are assessed during special visits, the "additional patient" premiums are not normally applicable unless the additional patient himself qualifies for a special visit. However, extra patients seen during a home visit while the physician is there rendering a special visit to another patient also qualify for the "additional patient" premiums if an assessment is rendered. The maximum number of special visit premiums per special visit (to any location) is ten. Patients who drop in to the office while the physician is there for reasons other than rendering a special visit do not qualify for any of the special visit premiums. Extra in-patients seen during a special visit to a hospital or other institution do not qualify for the "additional patient" premiums unless the physician has been asked specifically to see these extra patients as well.

Note: Patients seen during "office hours" held at night or on Saturday, Sunday or Holidays do not qualify for any of the special visit premiums.

PREAMBLE

- (g) No special visit fee is chargeable in respect of services rendered in a place, other than a hospital or long term care facility, that is open for patients to attend.
- (h) When no consultation or visits may be claimed e.g. for post-op hospital visits by operating surgeon, the minimum premiums for special visits apply for additional patients seen during a special visit. Minimum premiums also apply to additional patients seen requiring Critical Care (excluding services to a critically ill patient where team fees apply), Injections or Infusions.
- (i) **Daytime Special Visits (Monday to Friday) to Emergency Department or O.P.D.:**

- (n) **Special Visit to Hospital In-Patient:** use the appropriate listing above (i, j, k, l) but substitute the prefix "C" for "K" (e.g. C990 instead of K990).
- (o) **Special Visit to Long-Term Care Institution:** use the appropriate listing above (i, j, k, l) but substitute the prefix "W" for "K" (e.g. W990 instead of K990).
- (p) **Special Visit to Office or Other Similar Facility:** use the appropriate listing above (i, k, l) but substitute the prefix "A" for "K" (e.g. A990 instead of K990).
- (q) **Special Visit to any non-professional setting not listed above:** use the appropriate listing above (i, j, k, l) but substitute the prefix "Q" for "K" (e.g. Q990 instead of K990).
44. **Special Care Unit (e.g. I.C.U. or C.C.U.):** For each patient seen on visit to I.C.U. or C.C.U. (excluding supportive, and critical care, and also ventilatory, comprehensive and neonatal intensive care which is claimed on a per diem basis)
- | | | |
|---|-----|--------|
| C101, to all such hospital visits | add | \$7.70 |
|---|-----|--------|
- Note:** Where a visit is not chargeable, e.g. post operative care by surgeon, claim only C101 (excluding Supportive Care, Critical, Comprehensive, Ventilatory Care and Neonatal Intensive Care)
45. **Detention:** may be charged when a physician is required to spend considerable extra time in active treatment of the patient (and to the exclusion of all other work). Claims for detention must be substantiated by an explanation on the claim card or in an accompanying letter, and should be made on an "I.C." basis according to the following guidelines:
- After 30 minutes if the physician spends more than this amount of time providing a minor, partial, multiple systems or intermediate assessment or subsequent hospital visit;
- After 40 minutes if the physician spends more than this amount of time providing a specific or general re-assessment;
- After 1 hour if the physician spends more than this amount of time providing a consultation, repeat consultation, specific or general assessment.
- Detention is not meant to apply to procedural items or obstetrics and does not include time waiting for x-rays, lab reports or for the operating room.
- | | | |
|--|-----|---------|
| K001 Detention - Per full quarter hour | add | \$19.10 |
|--|-----|---------|

PREAMBLE

46. Detention: While in Attendance With Patient(s) in Ambulance:

K101 - Per quarter hour or part thereof \$37.70

Note: K101 is not applicable to attendance in a vehicle other than an Ambulance.

Note: Claims for detention will be assessed by an OHIP Medical Consultant.

47. Non Elective Surgical Procedures, Obstetrics or Clinical Procedures Associated with Diagnostic Radiological Examination or Detention While in Attendance With Patient(s) in Ambulance: - when such procedures, including fractures or dislocations or major invasive procedures contained in the list of Diagnostic and Therapeutic Procedures or elective procedures which because of intervening surgical emergency procedure(s), commence after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When the foregoing procedures commence after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410).

These premiums are not chargeable in addition to the obstetrical fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is foetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia - hypertension or abruptio. However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

Major Invasive Procedures are considered to be the following:

G099	G125	G176	G177	G178	G179
G211	G246	G249	G261	G268	G275
G277	G280	G288	G303	G304	G323
G324	G330	G331	G332	G347	G348
G349	G356	G360	G380	G411	G412

Also series J001 to J060

These premiums are not chargeable (during or after a "shift" or by a physician who provides service(s) as described in this Preamble, paragraph B.40) by emergency or other physicians who have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time.

E409 or E410 may not be claimed for procedures which mainly involve the interpretation of test results and are not applicable to assessments or consultations. Neither are they applicable to procedures listed in the Diagnostic Radiology, Nuclear Medicine, Diagnostic Ultrasound or **Pulmonary Function** sections of the Schedule.

48. Non Elective Diagnostic Radiology and Therapeutic Procedures, including Laboratory Medicine, Nuclear Medicine, Radiation Oncology, Diagnostic Radiology, Clinical Procedures associated with Diagnostic Radiology Examinations, Magnetic Resonance Imaging, Diagnostic Ultrasound and Pulmonary Function Studies: - when a physician providing the foregoing services makes a special visit to the hospital to interpret the results of a diagnostic service, perform a procedure, see a patient in consultation or conclude that a procedure is not medically indicated, between 5:00 p.m. to midnight or on Saturdays, Sundays and Holidays, a premium code (C109)** should be claimed in addition to the appropriate consultation, interpretation or procedural fee or by itself if the decision is made not to perform the procedure. For such services rendered between midnight and 7:00 a.m., the premium code is (C110).**

49. Anaesthetists' Services: - for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total anaesthetic fee by 40% (E400C). For a case commencing after midnight and before 7:00 a.m., any night during the week, increase the total anaesthetic fee by 50% (E401C). For a case requiring a special visit to the hospital, an additional premium may be claimed (C998C)** during the 40% premium period or for non-elective surgery with sacrifice of office hours and (C999C)** during the 50% premium period may be claimed for the first patient treated on each special visit.

**** Please refer to page xxi for fee listing**

PREAMBLE

50. **Assistants' Services:** - for a case commencing after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the total assistant's fee by 40% (E400B). For a case commencing after midnight and before 7:00 a.m., any night during the week, increase the total assistant's fee by 50% (E401B). For a case requiring a special visit to the hospital, an additional premium may be claimed (C998B)** during the 40% premium period or for non-elective surgery with sacrifice of office hours and (C999B)** during the 50% premium period may be claimed for the first patient treated on each special visit.
51. **Travelling Time:** may be charged directly to patients (since it is a non-insured service) when special visits are made by physicians to see patients outside their normal area of practice. Travelling time may be charged at the same rate as detention.
52. **A Locum Tenens**
- (a) Must replace the employing physician, who must be absent from the practice.
 - (b) Must replace the employing physician for a continuous period, up to a maximum of 12 weeks, with an extension on request for a further 6 weeks.
 - (c) Must be the same specialty as the employing physician.
 - (d) Must be licensed by the College of Physicians and Surgeons of Ontario in a category of licence that allows him or her to practice independently without supervision.

Prior notification must be given to OHIP of the name and OHIP physician number and/or licence number of the locum tenens and the exact dates of employment, together with an authorization from the locum tenens to make payment for his or her services to the employer.

If these conditions are met, the locum tenens may sign the employing physician's claim cards.

If any of the above conditions are not met, the physician involved must submit claims to OHIP on his or her own claim cards.

BENEFITS OUTSIDE ONTARIO

Under Code R991 payment will be made at the usual and customary fee paid by insurers in the place where the service was rendered, provided that all of the following conditions are met:

- 1) the insured service is a surgical or other complex medical procedure;
- 2) the procedure is generally accepted within Ontario as medical treatment for the insured person's condition;
- 3) the procedure is not performed in Ontario;
- 4) the insured person is referred by a physician in Ontario to the physician outside Ontario who will perform the procedure;
- 5) the insured person departs from Ontario for the express purpose of having the procedure performed;
- 6) prior written approval has been obtained from the Plan.

INTERPROVINCIAL RECIPROCAL BILLING OF MEDICAL CLAIMS

On April 1, 1988, a reciprocal billing arrangement for physicians' medical claims came into effect between Ontario and all provinces and territories except Quebec.

The arrangement allows Ontario physicians who voluntarily participate to bill OHIP directly for services rendered to eligible Canadian residents other than residents covered by the Quebec Plan.

Participating physicians will receive payment at the OHIP Schedule of Benefits rates and must accept the Plan payment as payment in full. The agreement includes services rendered by private medical laboratories and private diagnostic facilities but does not include diagnostic services rendered in a hospital setting. (See OHIP Bulletin #4210).

Physicians who do not wish to participate, or who are unable to obtain proof of provincial health coverage, must deal with the patient directly issuing an itemized letterhead account or using the Standard Out-of-Province Claim Form.

A new claim form is available from OHIP District Offices for participants in the interprovincial reciprocal medical billing system.

Further details were included in the Information Kit mailed in March, 1988 or can be obtained from any OHIP office.

APPENDIX D

1. Surgery to alleviate significant physical symptoms that are refractory to medical treatment that has been actively undertaken for at least a six month period, or to restore or improve function to any area altered by disease, trauma or congenital deformity normally is a benefit under the Ontario Health Insurance Plan. **Services connected with surgery solely to alter or restore appearance is not a benefit of OHIP except under the circumstances as listed in the following policy.**
2. Emotional, psychological or psychiatric grounds are not considered sufficient reason for OHIP coverage of surgery for alteration of appearance except under exceptional circumstances.
3. On request of the attending physician, exceptions may be made on an independent consideration basis if the proposed surgery is to alter a significant defect in appearance caused by disease, trauma or congenital deformity, and if the surgery is
 - recommended by a Mental Health Facility (as designated by The Mental Hospitals Act) or equivalent, or
 - performed on a patient who is less than 18 years of age and the defect is in the area of the body which normally and usually would not be clothed, or
 - recommended by a Correctional Institution (tattoo removal only), or
 - essential in order to obtain employment as documented by the attending physician and either by a Canada Manpower Employment Centre or by an employer with regard to a specific job, (tattoo removal only).
4. In establishing this policy, it has been recognized that
 - peer acceptance in our society often is influenced disproportionately by the facies,
 - children are especially susceptible to emotional trauma caused by physical appearances.
5. Surgery to revise or remove features of physical appearance which are familial in nature is not a benefit of OHIP.
6. Within the context of this policy, the word "disease" does not include the normal sequelae of aging. Surgery to alter changes in appearances caused by aging is not a benefit of OHIP.
7. Within the context of this policy, the word "trauma" includes trauma due to treatment such as surgery, radiation, etc.
8. The phrase "reasonable period of convalescence" should be considered as two years. Independent consideration will be given to the questionable cases.
9. Prior authorization from OHIP is not required for all surgery to alter appearance. It is required only for those categories of procedures in which some cases may not be a benefit under OHIP policy.
10. Suitable documentation may be requested by OHIP in some cases before prior authorization can be considered.
11. The treatment of acute medical or surgical complications resulting from surgery for alteration of appearance and/or function is a benefit of the Plan whether or not the original surgery was covered by OHIP. No prior authorization is required.
12. Revision of surgery for alteration of appearance, because of undesirable results, is a benefit of the Plan if the original surgery was a benefit and if the revision either is part of a pre-planned staged process or occurs within a reasonable period of convalescence. Prior OHIP authorization is required only when the original surgical procedure, if it had been carried out at the time of the proposed revision, would have required such authorization.

Surface Pathology

1. Trauma Scars

(a) Neck or Face

- Includes ears and non-hair bearing areas of the scalp.
- Repair of all such scars is a benefit of OHIP, except for scars resulting from previous surgery to alter appearance that was not originally a benefit of OHIP.
- Repair procedures will depend upon the lesion but may include excision, revision, dermabrasion, etc. Rhytidectomy procedures for cosmetic reasons, however, are not a benefit of OHIP.
- Prior OHIP authorization for repair of such scars is not required but manual assessment of the claims will be necessary to ensure that the most appropriate procedure codes are used.

(b) Scars in other Anatomical Areas

- Repair of scars which interfere with function or which are significantly symptomatic (pain, ulceration, etc.) is a benefit of OHIP.

PREAMBLE

APPENDIX D - Cont'd

Surface Pathology - Cont'd

- Scars with no significant symptoms or functional interference
 - (i) Repair is a benefit if such a repair is part of a pre-planned post-traumatic (including post-surgical) staged process. OHIP notification must be included as part of the planning process.
 - (ii) Other post-traumatic scar revision is not a benefit of OHIP.
- Prior OHIP authorization is required for all scar repair procedures in areas other than the face or neck. Scar revision codes should be used (R026-R029).

2. Keloids

- (a) Head or Neck
 - The repair of all such keloids is a benefit of OHIP.
 - Repair procedures may include excision, injection, dermabrasion or planing.
 - No prior OHIP authorization is required.
- (b) Excision of keloids in other areas
 - Not a benefit of OHIP unless significantly symptomatic (pain, ulceration, etc.) or there is functional impairment.
 - Prior OHIP authorization is required.

3. Tattoos

- (a) Face or Neck
 - Excision or destruction of all such tattoos is a benefit of OHIP.
 - Prior authorization is not required but adjudication of repair procedures will be identical to that for scars in these areas.
- (b) Other Anatomical Areas
 - Excision or destruction of concentration camp or P.O.W. tattoos is a benefit of OHIP. Otherwise, not a benefit of OHIP except as described in Paragraph 3 of this Appendix.

4. Benign lesions such as naevi, keratoses, spider naevi, papillomata, neurofibromata

- (a) Face or Neck
 - Excision or destruction of these lesions is a benefit of OHIP, where there is any suspicion of disease or malignancy.
 - Prior authorization is not required.
- (b) Other Anatomical Areas
 - Normally not a benefit of OHIP if removed for alteration of appearance only, rather than for medical necessity or because of clinical suspicion or evidence of malignancy.
 - Removal of very large lesions that would be considered disfiguring in patients of any age may be a benefit of OHIP.
 - Prior authorization is required.

5. Hair Loss

- (a) Head or Neck
 - (i) Patients less than 18 years of age
 - Repair is a benefit for non-hereditary etiologies.
 - Prior authorization is not required. However, if it is possible that a planned staged procedure will extend beyond the age limit, pre-authorization should be obtained, since it will be necessary after the 18th birthday.

PREAMBLE

APPENDIX D - Cont'd

Surface Pathology - Cont'd

- (ii) Post-traumatic
 - Repair to the area of traumatic hair loss is a benefit of OHIP only if carried out within a reasonable period of convalescence. (See Paragraph 8 of this Appendix).
 - Prior OHIP authorization is required.
 - Usual repair procedures may include skin shifts or flaps, skin grafts, or hair plugs.
- (iii) Other Etiology
 - Not a benefit of OHIP.
- (b) Other Anatomical Areas
 - Not a benefit of OHIP.

6. Epilation of Hair

- (a) Face
 - This procedure is a benefit of OHIP only for those patients with documented endocrine abnormality or drug-induced hirsutism.
- (b) Prior OHIP authorization is required.
- (c) Other Anatomical Areas - Not a benefit of OHIP.

7. Redundant Skin

- (a) Excision of redundant skin for elimination of wrinkles, etc. is not a benefit of OHIP.
- (b) Blepharoplasty is not a benefit of OHIP unless there is documented evidence of medical necessity from the appropriate physician such as visual field defect caused by the redundant eyelid skin. Prior OHIP authorization is required. (Include documentation of visual fields).

Sub-surface Pathology

1. Congenital deformities

- (a) Head or Neck
 - Repair is a benefit of OHIP except for:
 - surgery to revise or remove features which are familial in nature or do not interfere with function
 - surgery to correct "outstanding ears" in patients who are eighteen years of age or over.
 - Prior OHIP authorization is required.
- (b) Other Anatomical Areas
 - Normally not a benefit of OHIP if surgery is for alteration of appearance only.

2. Post-Traumatic Deformities

- Reconstructive procedures are a benefit at the acute stage; within two years, or if part of a pre-planned staged process of repair.
- Repair of procedures may include bone revision, tissue shifts and grafts, prosthesis implantation, etc.
- Prior OHIP authorization is required for repairs beyond the acute stage.

3. Deformities resulting from local disease (such as loss or distortion of bone, muscle, connective tissue, adipose tissue, etc.)

- (a) Head or Neck
 - Reconstructive procedures for significant abnormalities are a benefit at the acute stage, during a chronic disease process: within a reasonable period of convalescence (see Paragraph 8 of this Appendix) or if part of a planned staged process of repair initiated during one of these periods.

PREAMBLE

APPENDIX D - Cont'd

Sub-surface Pathology - Cont'd

- Repair procedures normally could include tissue grafts, flaps or shifts, bone revision, prosthesis insertion, etc.
- Face lifts, modified face lifts, brow lifts, etc., are not a benefit of the Plan if skin only is involved in the procedure. However, a repair such as ptosis repair or face lift with underlying slings is a benefit of OHIP if the procedure is to correct significant deformity following stroke, cancer, VIIth nerve palsy, etc.
- Prior OHIP authorization is required.
- (b) Other Anatomical Areas
 - Not a benefit of OHIP if the correction is for appearance only.
 - Correction of severe deformity resulting from polio or neurological disease will be considered for payment - Prior OHIP authorization is required.

4. Breast Surgery

(a) Augmentation Mammoplasty

- This procedure is a benefit of OHIP unilaterally or bilaterally for a female patient with breast aplasia.
- It may be an OHIP benefit unilaterally for a female patient with a severely hypoplastic breast. Additional documentation may be required.
- Unilateral augmentation mammoplasty may be a benefit of the Plan if there is gross disproportion present or in association with an approved unilateral reduction mammoplasty or postmastectomy reconstruction of the contralateral breast.
- The correct code for the repair procedure is R112
- Prior OHIP authorization is required.

(b) Post-Mastectomy Reconstruction

- Unilateral or bilateral breast reconstruction is a benefit of OHIP when the procedure is subsequent to total or partial mastectomy (including wedge resection) or prophylactic mastectomy as listed in the Schedule of Benefits.
- Prior OHIP authorization is not required.

(c) Reduction Mammoplasty

- Reduction Mammoplasty may be approved where there is significant associated symptomatology. Ptosis and/or size are not sufficient grounds for OHIP coverage of reduction mammoplasty.
- Unilateral Reduction Mammoplasty may be a benefit of the Plan if there is gross disproportion present or in association with approved unilateral augmentation mammoplasty, or post mastectomy Reconstruction of the contralateral breast. Additional documentation may be required.
- Prior OHIP authorization is required.

(d) Mastectomy

- This procedure is a benefit of the Plan.
- Prior OHIP authorization is not required.

(e) Accessory Breasts or Accessory Nipples

- Excision of such accessory tissue is a benefit of the Plan.
- The appropriate code should be used from the Schedule listings under Skin and Subcutaneous tissue.
- Prior OHIP authorization is not required

5. Septorhinoplasty

- This is a benefit of OHIP when the rhinoplasty component is necessary to obtain an adequate airway or following trauma within 2 years or part of a pre-planned staged plastic repair. (See Paragraph 8 of this Appendix).
- In cases where a septoplasty is necessary to improve function and a rhinoplasty is done to improve the cosmetic effect, OHIP will pay the part of the operation that was medically necessary (e.g. if a septorhinoplasty is performed and a septoplasty was necessary to improve the airway, OHIP will pay M012 and the surgeon is entitled to claim the difference from the patient).
- Prior OHIP authorization is required. A description of the external deformity should be provided.

6. Excision of excess fatty tissue and/or skin

- is not a benefit of the Plan except for panniculectomy where there is significant symptomatology.
- Prior OHIP authorization is required.

7. Sex-Reassignment Surgery

- (1) Sex-reassignment surgical procedures are a benefit of OHIP only if they are performed on patients who have completed the Gender Identity Clinic program operated by the Clarke Institute of Psychiatry in Toronto. Moreover, claims are accepted for payment only for those patients for whom the Clinic has recommended that surgery take place. This surgery need not take place in Toronto or even in Ontario. Surgery recommended by the Clinic which takes place outside the Province of Ontario may be approved for payment at rates in accordance with the current OHIP Schedule of Benefits.
- (2) Within the foregoing guidelines, reconstruction of genitalia and mastectomy are benefits of the Plan. However, since the hormonal treatments associated with sex-reassignment themselves give rise to breast enlargement, augmentation mammoplasty or breast reconstruction in a male to female conversion is not a benefit of OHIP, in keeping with the previously outlined policy regarding breast surgery in females. Prior OHIP authorization is required.

Team Management in a Rehabilitation Unit (active in-patient rehabilitation management from the initiation of rehabilitation care).

Active in-patient rehabilitation management from the initiation of rehabilitation care as it applies to fee codes H312, H317 and H319 means when this service is rendered by one physiatrist even if part of the service is rendered in an active treatment hospital and part is rendered in a rehabilitation unit, the weekly and monthly limitations under the following fee codes apply to the total rehabilitation care rendered. In other words, it is not possible to claim the maximum fees allowed under C312, C317 and C319 and then start claiming *de novo* under H312, H317 and H319 under the above circumstances.

H319	twenty-seventh week onwards (maximum per month \$100.20)	per visit	16.70
	Rehabilitation Procedures: Interviewing and counselling of patients and/or relatives		
H313	per half hour or major part thereof (includes report)		41.10
	Physiatric Management: applies to physiatrists regulating the day to day management of patients when medical necessity requires prescription development, advice and supervision. It may be claimed on the days when rehabilitation services are provided to patients seen previously by the physiatrist for consultation or assessment. The fee is not meant as an administrative fee for supervising a department of rehabilitation nor is it to be claimed on the same day as claims are made for any other services which are provided by the physiatrist to the same patient(s). This fee applies only to those patients who require and receive frequent attention by the physician during the course of rehabilitation with regard to rehabilitative

LABORATORY MEDICINE

ANATOMICAL PATHOLOGY, HISTOLOGY AND CYTOLOGY

(Fees for Diagnostic Interpretation of Laboratory Procedures)

Preamble

1. The following fees involve responsibilities for accessioning specimens and interpreting the diagnostic descriptions.
2. On occasion the services provided by the laboratory physician may involve substantially greater professional responsibility and expertise than is provided for in these fees. In such cases, the physician may claim for these on an independent consideration basis provided that the nature of the services and their distinguishing features are adequately described.
3. The surgical pathology fees are organized according to services requiring increasing expertise and time and are defined as follows:
Simple specimen - includes gross and, where necessary, microscopic examination and interpretation of small tissues requiring less time, effort and professional responsibility than the next category. A simple specimen will ordinarily include tissue considered by the physician to be "normal" (e.g. uterine tubes, vas deferens, hernial sac, etc.).

Small or uncomplicated specimen - includes small tissues thought to be abnormal which carry more professional responsibility and effort than those described in the previous category, and in which the number of slides is small. As a rule, this category would apply to a single small specimen or to two specimens if two tissues are combined on a slide (e.g. skin biopsy, endometrial biopsy).

Multiple small specimens or curettings requiring multiple slides - includes specimens requiring several slides e.g. prostate curettings, uterine curettings, multiple endoscopic gastrointestinal tract biopsies from the same segment of the G.I. tract (multiple specimens or slides).
4. The physician assumes responsibility for all cytology smears and the listed professional benefits are weighted averages of the professional component. These benefits, therefore, are applicable in each case whether or not all slides are examined by the physician.
5. The benefit for seminal fluid examination (complete) is to include sperm count, volume estimation, motility and morphology and viscosity. The benefit for seminal fluid examination (L820) carried out post-vasectomy is not to be claimed by the operating surgeon unless the patient requires more than one office visit post-operatively.
6. This Preamble is intended to apply to everyone using codes L800 to L848.
7. The fees for diagnostic interpretation of laboratory procedures (L800 codes) are net fees and do not usually include overhead costs e.g., secretarial, handling and transport of specimen etc.,

NUCLEAR MEDICINE - IN VIVO

Column T - is the technical benefit for the production of records, radiopharmaceutical agents, apparatus, premises, technical services, administration and secretarial services.

Column P₁ - is the professional benefit for supervision of the procedure, appropriate patient interview and/or examination, correlation of related data, interpretation of results, and provision of a written report. The physician need not be continuously present in the nuclear medicine department or private facility while the procedures are being carried out but must be physically present frequently enough to carry out the appropriate patient interview and/or examination and approve, modify or intervene in the procedures as required.

Column P₂ - is the professional benefit for interpretation of results and provision of a written report. If the physician does not meet the criteria for P₁ or has claimed any visit in conjunction with that Nuclear Medicine procedure, the lesser professional fee (P₂) will be claimed.

- Notes:
1. The total benefit is arrived at by adding T plus P₁ (first code listed, e.g. J802) or by adding T plus P₂ (second code listed, e.g. J602).
 2. When coding the total benefit use suffix A; when coding technical portion only use suffix B; when coding professional portion only use suffix C.
 3. If quantification or data manipulation is carried out in addition to visual inspection of imaging studies, add 30% to the appropriate professional benefit except when SPECT is claimed. For claim purposes, use prefix "Y". Such activity must add significant diagnostic information not available by inspection alone and does not include simple image enhancement techniques such as smoothing, background subtraction, etc. Recording of images on videotape for replay and production of images on the video display of a computer do not in themselves justify the additional benefit.
The claims for cardiac wall motion studies and calculation of ventricular ejection fraction (J811 and J813) already include an allowance for data manipulation as a general rule and no additional benefit may be claimed. The additional computer benefit may be claimed only when additional cardiac quantifications are performed i.e. stroke volume ratio and volume response curves and/or phase analysis.
 4. If examination of Brain, Lung, Liver or Spleen is limited to one view, the benefit (T and P₁ or P₂) is to be reduced by 50%.
 5. Repeat studies on the same day may be claimed only after exercise or drug intervention.
 6. The phrase "nuclear medicine specialist" should be interpreted as "nuclear medicine physician" since not all physicians practising nuclear medicine are certified as specialists in this discipline by the Royal College of Physicians and Surgeons.
 7. When tomographic examination (SPECT) is billed, the 30% add on referred to in paragraph 3 may not be charged.

CLINICAL PROCEDURES ASSOCIATED WITH DIAGNOSTIC NUCLEAR MEDICINE PROCEDURES

Such procedural benefits are intended for the professional service of placing an instrument or introducing diagnostic radiopharmaceuticals. They are not intended to be used for simple subcutaneous, intramuscular or intravenous injection nor for oral administration. Rather than double listing the procedures and benefits in this part of the fee schedule, physicians are directed to the following reference points in the schedule.

- a) Intra-articular injections - G370 on page 76
- b) Injection into CSF spaces or shunt apparatus - Z801 or Z821 on page 185 & 186
- c) Arterial puncture - Z459 on pages 63 & 66
- d) Paracentesis in conjunction with shunt patency study - Z590 on page 160

RADIATION ONCOLOGY (THERAPEUTIC RADIOLOGY)

Code **RADIOTHERAPY (Including Therapeutic Isotopes)**

The listed benefits are for the professional services of a certified therapeutic radiologist, the services of a specialist for the intracavitary or interstitial application of radium or sealed sources and the services of a specialist using non-sealed sources of radioisotopes in a laboratory authorized by the Atomic Energy Control Board of Canada. Other medical services to the patient are not included in these figures. The cost of material is additional.

- Note:** (1) X301, X302, X304 & X322 may not be claimed from OHIP by the staff of OCTRF Cancer Centres or OCL/PMH.
- (2) X305, X306, X323, X324, X334 - May only be performed on an in-patient and when done in hospital, this service is a hospital charge and cannot be claimed from OHIP (see OHIP Bulletin #4070). When done in an OCTRF Cancer Centre or OCL/PMH, may be claimed from OHIP by all physicians, including certified therapeutic radiologists.

TELERADIO THERAPY

X301	Major treatment planning (150 KVP or higher), dosage calculation and preparation of any special treatment device.....	56.50
	Teleradiotherapy - x-ray, 151 KVP or higher, radium, cobalt, cesium betatron linear	
X302	accelerator - benefit per treatment visit	14.50
X304	Minor teleradiotherapy - x-ray, 150 KVP or less - benefit per treatment visit	9.50
	Intracavitary contact x-ray therapy including sigmoidoscopy or proctoscopy	
X305	- first application	135.30
X306	- repeat application	67.70
Note:	For minor teleradiotherapy administered by other than certified therapeutic radiologists, use the listing under Diagnostic and Therapeutic Procedures.	

RADIUM AND RADIOISOTOPES (sealed sources)

X322	Treatment planning, dosage calculation and preparation of any special treatment device.....	56.50
	Intracavitary application of radium or sealed sources including dilatation and curettage carried out at the same time as application	
X323	- first application	166.20
X334	- repeat application.....	83.10
X324	Interstitial application of radium or sealed radioisotope.....	166.40
X325	Application of radium or radioisotope plaque or mould.....	51.40

- Note:** X325 may be claimed as an in or out-patient service.
 If claimed as in-patient service, follow directions in Note (2) above.
 If claimed as out-patient service, allow to all listed physicians.
 Payment for out-patient services must be made to the registered Department of Radiology, in the case of a hospital, even though there is no technical component listed.

RADIOISOTOPES (non-sealed sources)

The following benefits include treatment planning, dosage calculation and preparation of materials. Appropriate visit and procedural benefits (e.g. paracentesis) may be claimed in addition. Thyroid benefits (X326, X327, X335) include administration(s) within any three month period.

X326	Thyroid malignancy.....	74.65
X327	Hyperthyroidism	68.00
X335	Induction of hypothyroidism	68.00
X336	Prostate malignancy.....	68.00
X328	Polycythaemia.....	39.70
X329	Metastatic disease of bone	61.80
X330	Ascites and/or pleural effusion(s) due to malignancy	48.40
X332	Arthritis - single or multiple site	31.90
X333	Metastatic disease with radioactive lymphogram.....	48.40

DIAGNOSTIC RADIOLOGY

Column T - The benefit for radiological examination including the production of radiographs, supplying of contrast media, apparatus, premises, technical services, administration and collection costs.

Column P - The benefit for consultation between radiologist and referring physician, fluoroscopy, interpretation of radiographs and fluoroscopic findings and supervision of x-ray services by a radiologist.

Hospital out-patient technical fees will be paid at **92.86%** of the technical fee listed in this Schedule of Benefits.

Private offices and hospital out-patient departments will bill Column T plus P.

When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

Radiologists should use Column P as a guideline for negotiating remuneration with hospitals.

Benefits for clinical procedures related to x-ray examinations are listed in the following section, or under Diagnostic and Therapeutic or Surgical Procedures. "Clinical Procedures", in this context, are those by which contrast media are introduced, except oral or rectal administration for study of the alimentary tract, and intravenous injections, which are an integral part of the study, performed by the physician collecting the benefit for the procedure.

If less than minimum number of views are performed, reduce listed fees by 25%.

If the examinations which are requested by the referring physician yield abnormal findings or if they would yield information which in the opinion of the radiologist would be insufficient, governed by the needs of the patient and the requirements of the referring physician, the radiologist may add further views and claim for them (if listed).

Fee Schedule Interpretations

1. When a radiologist is asked to x-ray one extremity only, no additional charge should be made for comparison x-rays initiated by the radiologist.
2. Nephrotomography is covered by the listings for intravenous pyelogram and planigram.
3. A stereo pair is to be counted as two views.
4. No extra fee should be claimed for rapid sequence I.V.P.
5. No additional claim is warranted for the use of the image intensifier in diagnostic radiology.
6. Fluoroscopy claims should not be submitted for any examination performed by the radiologist where fluoroscopy is generally regarded as an integral part of the examinations e.g. examinations of the G.I. tract, urinary tract, special procedures.
7. "Colon-air contrast" may be claimed when performed according to generally accepted criteria. The colon should be scrupulously prepared. Five to eight full size views of the abdomen should be obtained after fluoroscopically controlled introduction of air and barium.
8. "Oesophagus, stomach and duodenum, double contrast" presupposes the introduction of gas, the use of antifoam agent and a suitable barium mixture.
9. Abdomen and chest studies should not be routinely done and claimed in gastrointestinal examinations.
10. Three or more views of the chest should not be done routinely and claimed when a chest examination is requested.
11. Chest studies should not be routinely done and claimed in mammography cases.
12. Nasal bones or accessory nasal sinuses should not be routinely claimed in skull examination requests.
13. Abdomen and/or pelvis should not be routinely claimed in lumbar spine examination requests.

DIAGNOSTIC RADIOLOGY

14. A survey film of the abdomen is a single view. The ordering of additional films should be left to the discretion of the radiologist who should have the power to determine what examination is adequate for a specific patient. Obviously, if progress of a long tube is being followed, a survey film is sufficient. If, however, an intestinal obstruction is being followed, a single film is usually inadequate.
15. Conventional films of the spine should not be routinely done and claimed for before myelography. The necessity of having plain film studies of the spine prior to interpreting the myelographic studies is obvious. It is not essential, however, that these be done at the institution where the myelogram was done. If they have been done at an outside office, then it is a matter for the radiologist and the referring physician to have the films available. If they cannot be made available to the radiologist, it is an acceptable practice for him to do the required examination of these areas and to claim for them so that they may be available for interpretation along with the myelographic study.
16. Pharynx and oesophagus (cine or videotape) - X106 should not be claimed routinely with X108 and X109 but only when specifically indicated.
17. Lumbar or lumbosacral spine (X028) does not include the entire sacrum. An examination of the sacrum may be carried out and claimed for only when specifically indicated.
18. X006 and X007 are not both to be routinely claimed on the same patient but only when specifically ordered.
19. A maximum of two computed tomography (C.T.) examinations per patient per day may be claimed.
20. Complex head C.T. scans are meant to be multiplaner (multidirectional) head C.T. scans - to include one or more of the following areas: pituitary fossa, posterior fossa, internal auditory meati, orbits and related structures, the temporal bone and its contents and the temporomandibular joints. X400, X401 and X188 are not to be billed in addition to those fees for complex head studies.
21. All benefits listed apply to unilateral examinations unless otherwise specified.
22. Claims for X-ray services, when referred by an Osteopath, Chiropractor or Chiropractor to a private X-ray facility are not benefits of OHIP.
23. Claims for X-ray services, when referred by an Osteopath or Chiropractor to a hospital out-patient department are benefits.

CLINICAL PROCEDURES, ASSOCIATED WITH DIAGNOSTIC RADIOLOGICAL EXAMINATION

- Note:** 1. These procedural fees are intended to cover compensation for the professional service of placing an instrument and introducing contrast media if done (except oral or rectal administration for study of the alimentary tract). Injection of materials to enhance the effect of contrast media is included in the procedure benefits.
2. Radiological charges are additional: see similar entries under **Diagnostic Radiology**.
3. Where similar procedures are done for diagnostic physiological studies of non-radiological nature, e.g. cardiac catheterization or intra-arterial infusion, they are listed separately under Surgery or Diagnostic and Therapeutic Procedures.

DIAGNOSTIC ULTRASOUND

T and P Columns should be interpreted in the spirit of the first two paragraphs in the Diagnostic Radiology Preamble, but without limiting the performance of these tests to suitably trained physicians of any one specialty. Furthermore, the physician must be physically available to approve, modify or intervene in the examination as required or the examination must be completely recorded by video/computer methods and reviewed in its entirety by the physician. No fee (either professional or technical) may be claimed if the physician's only involvement is the interpretation of hard copy (films).

Notes: A-Mode-implies a one-dimensional ultrasonic measurement procedure.

M-Mode-implies a one-dimensional ultrasonic measurement procedure with movement of the trace to record amplitude and velocity of moving echo-producing structures.

Scan B-Mode-implies a two-dimensional ultrasonic scanning procedure with a two-dimensional display. All ultrasound examinations include a permanent record and interpretative report.

The total benefit is arrived at by adding T plus P. When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

PULMONARY FUNCTION STUDIES

Column T - The benefit for testing including supplying of equipment, premises and technical services.

Column P - The benefit for professional services including responsibility for quality control and technician training, interpretation of the results of the tests, and consultation between the physician responsible for the tests and the referring physician concerning the results of the test.

- Notes:
1. The total benefit is obtained by adding columns T and P together. When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.
 2. The benefits for J301, J324, J304 and J327 must be performed with a permanent record and represent the best of three recorded test results with or without bronchodilator.
 3. Vital capacity, J301, and flow volume loop, J304, cannot be claimed at the same time.
 4. Each of the following tests designated by an individual code number is considered to be specific and requires individual ordering.
 5. Exercise assessment (J315, E450, E451, J316, J317) requires a physician to be in attendance at all times.
 6. J309 and J310 cannot be claimed at the same time.

Note:	When physicians are required to make emergency visits to see patients on home/self-care ventilation, the appropriate visit and premium fees may be claimed. When the patient requires hospitalization, the appropriate fees for daily care and in-hospital ventilation may be claimed instead of J342.		

DIAGNOSTIC AND THERAPEUTIC PROCEDURES

With a few exceptions specifically indicated below, the listed procedural benefits are for the procedure(s) alone. Consultations or visit benefits when such services are rendered, may be claimed in addition to the procedural benefits.

When a procedure(s) is the sole reason for a visit, add G700, the basic fee per visit for those procedures marked (+) regardless of the number of procedures carried out during that visit. However, if the patient visit is to a physician's office or a diagnostic facility controlled directly or indirectly by a physician who has examined (or is about to examine the patient) and referred the patient to such a diagnostic facility, no basic fee should be claimed under these circumstances.

Note: G700 is not payable to a hospital department.

Fee Schedule Interpretations

1. Urinalysis and other laboratory tests listed in this chapter, apply when these services are performed by a physician in his office with or without an associated consultation or visit. The same tests listed in the Laboratory Medicine Section of the Schedule apply to licensed laboratories.
2. Some fees for Diagnostic and Therapeutic Procedures have the technical and professional components listed separately. The technical component includes the salaries of support staff, equipment depreciation or lease costs, supplies and costs associated with the preparation of a written report. The professional component includes the clinical supervision of the diagnostic facility, interpretation of the test results and a written report. When only one fee is listed for a service, it represents the professional component only.
3. The Preamble applicable to Surgical Procedures also applies, where appropriate, to Diagnostic and Therapeutic Procedures.

ALLERGY

Note: If a patient presents for an allergy injection and has an acute infectious condition, albeit of the respiratory system, or some other unrelated condition which would have otherwise required a separate office visit, the physician is entitled to charge the appropriate assessment fee as well as the injection fee. If a patient requires a brief assessment of his allergic condition as well as the allergy injection, the physician should claim the injection and the basic fee.

If Ventilatory Support *only* is provided, for example, by the anaesthetist(s), claims should then be made under *Ventilatory Support. Comprehensive Care* fees do not apply. Other physicians should then charge *Critical Care* fees or the appropriate consultation, visit or procedures.

The fees under Physician-in-Charge apply per patient treated, i.e., while the physician-in-charge may change during the course of treatment, the daily fee formula as set out should be charged by the physicians involved as if there was only one physician-in-charge during the treatment program; in this sense, the daily fees are team fees.

If patient has been discharged from Unit more than 48 hours and is re-admitted to Unit, 1st day rate applies again on day of re-admission. The appropriate consultation, procedure and visit fees shall apply after stopping Critical Care, Ventilatory Support, Comprehensive Care or Neonatal Intensive Care.

Other physicians apart from those providing Critical Care or Comprehensive Care may charge the appropriate consultation, visit and procedure fees not listed in the fee schedule for Critical Care. These claims will be adjudicated by the Plan on an Independent Consideration basis.

OBSTETRICS

PREAMBLE:

1. Obstetrical care is divided into its components. A prenatal major assessment when performed may be claimed; it shall comprise a full history, an inquiry into, and an examination of all parts or systems (and may include a detailed examination of one or more parts or systems), an appropriate record and advice to the patient. All other prenatal visits shall comprise the necessary history and inquiry, examination, appropriate record, pregnancy related counselling and advice to the patient. Normal (uncomplicated) prenatal care includes a prenatal general assessment visit, then monthly visits to 32 weeks, followed by visits every 2nd week to 36 weeks, then weekly visits until delivery. However, complicated pregnancies may require additional visits. Labour - delivery and postpartum care are listed separately.

2. If an uncomplicated obstetrical patient is transferred from one physician to another physician for obstetrical care, the appropriate assessment benefit may be charged by the second physician, followed by prenatal visits. This statement does not apply to physicians substituting for each other or when the second physician sees the patient for the first time in labour. If the obstetrical patient is referred to a consultant for obstetrical care because of the complexity, obscurity or seriousness of the case, the consultant may claim a consultation in addition to the prenatal visits.

3. Illnesses resulting from or associated with pregnancy or false labour requiring added home or hospital visits, shall be claimed on a per visit basis.

4. When a pregnant patient visits her physician for a condition unrelated to her pregnancy and apart from her routine scheduled prenatal visits, the physician may charge the appropriate visit benefit.

5. The listings under the heading Referred Services may be claimed by the consultant physician in addition to the appropriate consultation or visit benefit. They may not be claimed by physicians providing obstetrical care to their own patients.

6. If a consultant is requested by another physician to perform a surgical induction of labour, or emergency removal of a Shirodkar suture (except at delivery) assuming someone else has inserted the suture, the consultant should claim consultation benefit for this (these) service(s).

7. Medical induction or stimulation of labour may be claimed once per pregnancy by any one physician and only when carried out for a recognized obstetrical complication(s) and does not qualify for detention benefits.

8. The listings for "Attendance at labour and attendance at delivery" and for "Attendance at delivery" may not be claimed by any physician when a patient is transferred to a second physician for normal obstetrical care.

9. Ordinary immediate care of the newborn is included in the labour-delivery fee and when the service is rendered by the anaesthetist, it is included in the anaesthetic benefit. A life threatening emergency situation requiring active resuscitation of the newborn provided by any physician may be claimed under codes G521, G522, G523. When indicated, endotracheal intubation and tracheo-bronchial toilet should be billed under G211 and not as G521, G522, G523.

10. When a physician provides newborn care and also performs a circumcision on the same newborn or infant, both services may be claimed.

11. When an obstetrician routinely transfers all newborns to another physician, the latter should not claim consultation benefit for these "transferrals". If the baby is well, the physician should claim the newborn care in hospital benefit plus for attendance at maternal delivery if this service is given. If the baby is sick, the physician may claim a general assessment and for attendance at maternal delivery (if this service is given) plus daily visits for as long as his services are required. If an obstetrician normally cares for newborns himself or transfers the care of newborns to a family physician but refers a newborn to a paediatrician because of the complexity, obscurity or seriousness of the case, the latter may claim for this service according to the following guidelines:

a) If attendance at maternal delivery is provided, code H267 may be claimed and if a general assessment of the baby is carried out, code C263 may be claimed as well. However, a postnatal consultation of the baby, code C265 may not be claimed in addition to code H267.

b) If a paediatrician has not attended delivery, a postnatal consultation may be claimed (if this service is rendered) even though a prenatal consultation may already have been claimed.

OBSTETRICS

PREAMBLE: Cont'd

12. When a physician provides prenatal visits, attends labour, assists or administers the anaesthetic at Caesarean section and visits the patient post-operatively, he is entitled to claim for prenatal visits, attendance at labour, assistant's or anaesthetist's benefits for Caesarean section and post-operative supportive care while the patient is in hospital.

13. Physicians may claim for assisted breech delivery (P020) when the service includes spontaneous delivery to the umbilicus, with extraction of the shoulders, arms and aftercoming head.

14. The Preamble applicable to Surgical Procedures also applies to obstetrics where appropriate.

15. The premiums applicable to Obstetrics are as follows: When deliveries and other obstetrical procedures done in continuity with the delivery occur after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When time of delivery occurs after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410). These premiums may not be claimed in addition to the obstetrical procedural fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is multiple pregnancy, foetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia-hypertension, abruption or post-dates pregnancy. However, a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction.

SURGICAL PROCEDURES

PREAMBLE

FOR DEFINITION OF THE ROLE OF THE REFERRING PHYSICIAN, SEE REFERRING PHYSICIAN SERVICES IN THE PREAMBLE, PARAGRAPH B.35.

FOR DEFINITION OF THE ROLES OF THE ANAESTHETIST, SEE ANAESTHETIST SERVICES IN THE PREAMBLE, PARAGRAPH B.37.

- (1) The surgical benefit (except for those procedures marked I.O.P., Complete Care and Fractures and Dislocations requiring no reduction) includes hospital visits rendered by the surgeon two days prior to surgery, the operative procedure, the post-operative care usually associated with the procedure(s) rendered by the surgeon while the patient is in hospital, and one office visit for follow-up examination, if necessary. If the surgeon is required to perform a procedure(s) not usually associated with the original surgical procedure, he may claim for these on a fee for service basis. If special visits to hospital are required at any time post-operatively, the surgeon may claim the minimum special visit premiums even if the basic hospital visit fees may not be claimed (under these circumstances the hospital visits should be claimed on an N/C (no charge) basis.) The surgical benefit as noted above does not include the major pre-operative visit i.e. the consultation or assessment fee which may be claimed when the decision to operate is made and the operation is scheduled, regardless of the time interval between the major pre-operative visit and surgery. The hospital or day-care admission assessment (consultation, repeat consultation, general or specific assessment or re-assessment) may not be claimed by the surgeon unless it happens to be the major pre-operative visit as defined above. Hospital visits (minor assessments) may be claimed for visits rendered more than two days prior to surgery. Other visits (excluding admission assessments) prior to admission may be claimed for in addition to the surgical fee. For patients remaining in hospital because of complications, hospital visit fees may be claimed in addition to the surgical or procedural fee after two weeks of post-operative care. Because the number of hospital visits is limited to three per week after the fifth week of hospitalization and six per month after the thirteenth week of hospitalization, the starting point for calculating the number of hospital visits is based on the date of admission if the operating surgeon has admitted the patient or the date of referral if the patient has been referred to the operating surgeon while in hospital. The surgical benefit includes the generally accepted surgical components of the procedure. The listed benefit of a procedure normally includes repair of any iatrogenic complications occurring during the course of the surgery.
- (2) When a physician makes a special trip to perform a non-elective surgical procedure during the daytime (Monday to Friday), he should claim the appropriate special visit, a consultation if the case is referred or the appropriate assessment if the case is not referred plus the procedural benefit(s). If the non-elective procedure is carried out at night (after 5:00 p.m. and before 7:00 a.m.), or Saturdays, Sundays and Holidays, the physician may claim the special visit applicable to the consultation or assessment, and the surgical premium (E409 or E410 - see paragraph B.47 of the Preamble).
- (3) When more than one procedure is carried out by a surgeon under the same anaesthesia or within 14 days during the same hospitalization for the same condition, the full benefit applies to the major procedure and 85% of the listed benefit(s) applies to the other procedure(s) performed unless otherwise stated in the Preamble(s) or Schedule. The above statement applies to staged or bilateral procedures but does not apply when a normal appendix or simple ovarian or para-ovarian cyst is removed incidentally during an operation, for which no claim should be made.
- (4) When a subsequent operation becomes necessary for the same condition because of a complication or for a new condition, the full benefit should apply for each procedure.
- (5) When a subsequent non-elective procedure is done for a new condition by the same surgeon, the full benefit will apply to each procedure. When a subsequent elective procedure is done for a different condition within 14 days during the same hospitalization by the same surgeon, the benefit for the lesser procedure shall be reduced by 15%.
- (6) When different operative procedures are done by two different surgeons under the same anaesthesia for different conditions, the benefit will be 100% of the listed benefit for each condition. Under these circumstances, the basic assistant's benefit should not be claimed by either operating surgeon; however time units may be claimed.
- (7) As a general rule, when elective bilateral procedures are performed by two surgeons at the same time, one surgeon should claim for the surgical procedures and the other surgeon should claim the assistant's benefit.

SURGICAL PROCEDURES

PREAMBLE - Cont'd.

- (8) Where two surgeons are working together in surgery in which neither a team fee nor other method of billing is set out in the benefit schedule, the surgeon should identify him/herself as the operating surgeon and claim accordingly; the surgeon who is assisting the operating surgeon should identify him/herself as such and claim the assistant's benefit. Where the second or assistant surgeon is brought into the case on a consultation basis, he/she may, when indicated, claim a consultation as well but should be prepared to justify it on an I.C. basis. If the nature or complexity of a procedure requires more than one operating surgeon each providing a separate service in his/her own specialized field e.g. one surgeon carries out the ablative part and another surgeon the reconstructive part of the procedure, then each surgeon should claim the listed benefit for his/her services. This statement applies when the additional procedure(s) are not the usual components of the main procedure. If one surgeon in addition to performing a specialized portion of a procedure, acts as an assistant during the remainder of the procedure, he/she may also claim time units for assisting.
- (9) Unless otherwise stated, the listed benefits are for unilateral procedures only.
- (10) When a procedure is performed, a procedural benefit, if listed, should be claimed. Substitution of consultation and/or visit benefits for procedural benefits (except as in paragraph 11), is not in keeping with the intent of the benefit schedule.
- (11) When a surgical benefit (non I.O.P., Complete Care, Fracture or Dislocation) is less than the surgical consultation benefit and the case is referred, a physician may claim a surgical consultation benefit instead of the surgical benefit. However, to avoid the consultation being counted as such under the OHIP limitation rules on the number of consultations allowed per year, the physician should claim the consultation fee under the surgical procedure nomenclature or code. Since the consultation is replacing a procedural benefit which includes the pre- and post-operative and surgical care, no additional claims beyond the consultation should be made.
- (12) If a physician performs a minor surgical procedure and during the same visit assesses and treats the patient for another completely unrelated and significant problem involving another body system, the physician should claim for the procedure as well as the appropriate assessment.
- (13) Where a procedure is specified as "Independent Operative Procedure (I.O.P.)", the procedural benefit should be claimed in full along with the appropriate consultation or visit when both services are actually rendered. However, when an I.O.P. procedure is done in conjunction with a non-I.O.P. procedure, there should be no claim for the consultation, pre- and post-operative care related to the I.O.P. procedure. The listed I.O.P. benefit should be claimed in these circumstances along with the non-I.O.P. benefits plus the related major pre-operative visit (see paragraph (1) of Surgical Preamble). When multiple or bilateral I.O.P. procedures are performed at the same time by the same physician, the listed procedural benefits should be claimed in full but the pre- and post-operative benefits should be claimed as if only one procedure had been performed. When a patient is examined in a physician's office and this leads to an elective Independent Operative Procedure (I.O.P.) being performed for the same problem or diagnosis by the same physician in the Emergency or Outpatient Department on a non-admission basis, the physician should claim a consultation or visit for the examination in the office and the fee for the I.O.P. carried out in the Emergency Outpatient Department. An additional assessment benefit at the time of the elective I.O.P. should only be claimed when an additional assessment is performed.
- (14) When procedures are specifically listed under Surgical Procedures, surgeons should use these listings rather than applying one of the plastic surgery listed fees under Operations on Skin and Subcutaneous Tissue.
- (15) For excision of tumours not specifically listed in this Schedule, claims should be made on an I.C. basis (code R993). Independent consideration also will be given (under code R990) to claims for other unusual but generally accepted surgical procedures which are not listed specifically in the Schedule (excluding non-major variations of listed procedures). In submitting claims, physicians should relate the service rendered to comparable listed procedures in terms of scope and difficulty (see Preamble, Part B, paragraph 32).
- (16) Cosmetic or Aesthetic Surgery: means a service to enhance appearance without being medically necessary such as
 - (a) surgery for correction of facial wrinkles;
 - (b) surgery for eyelid wrinkles (symmetrical and without a functional problem);
 - (c) rhinoplasty for appearances only; and
 - (d) augmentation mammoplasty for symmetrical deficiency without physiological abnormality.

These services are not benefits of OHIP. (See Preamble, Appendix D).

SURGICAL PROCEDURES

PREAMBLE - Cont'd.

- (17) **Reconstructive Surgery:** is surgery to improve appearance and/or function to any area altered by disease, trauma or congenital deformity. Although surgery solely to restore appearance may be included in this definition under certain limited conditions, emotional, psychological or psychiatric grounds normally are not considered sufficient additional reason for OHIP coverage of such surgery. Appendix D of the Preamble to this Schedule describes the conditions under which surgery for alteration of appearance, only, may be a benefit of the Plan.
Physicians should submit requests to their District OHIP office for authorization of any proposed surgery which may fall outside of OHIP coverage. (See Preamble, Appendix D).
- (18) **Procedural benefits (non I.O.P.)** include the removal of sutures when both services are rendered by the same physician unless the removal of sutures is done on the second or subsequent office visit for follow up examination. When a physician is entitled to claim for removal of sutures i.e. as outlined in the previous sentence or is a physician other than the operating surgeon or following an I.O.P. procedure, an office visit may be claimed.
- (19) Additional claims for biopsies performed when a surgeon is operating in the abdominal or thoracic cavity should be given independent consideration.
- (20) When a listed procedure is performed and no anaesthetic is required, the procedure should be claimed under the "local anaesthetic" listing.
- (21) When a physician administers an anaesthetic and/or other medication prior to, during a procedure(s) or immediately after a procedure(s) which he/she performs on the same patient, he/she should claim for the procedure(s) only. However, when a physician administers a pudendal, femoral, intercostal, sciatic, iliogunial, iliohypogastric, ulnar, median or radial block in addition to performing a procedure, he/she may claim G224** in addition to the procedure.
- (22) If claims are being submitted in coded form, the surgeon should add the suffix A to the listed procedural code, the surgical assistant should add the suffix B to the listed procedural code and the anaesthetist should add the suffix C to the listed procedural code.

Plastic Surgery Procedures:

The setting of benefits covering the various procedures of plastic surgery is a very difficult problem. Since many procedures are divided into stages which have to be considered in assessing a fee, it is felt that all such plastic surgical procedures should be classed by the responsible specialist as very minor, intermediate, major, or extensive major. Benefits should be claimed according to procedures set forth in the tariff, except in cases which are difficult to define, in which case "I.C." should be the basis of the claim. The minimum benefit for each would be as follows:

R150	Very Minor.....		86.30	4
R151	Minor.....	3	131.20	4
R152	Intermediate.....	4	242.50	4
R153	Major.....	4	362.80	5
R154	Extensive Major.....	4	532.10	6

Notes: (1) Descriptive details of procedure (e.g.: operative report) should be submitted with claims for codes R150- R154 for professional assessment.

(2) Taking of skin by a surgeon for grafting by an Oral Surgeon claim as R150.

SURGICAL PROCEDURES

OPERATIONS ON THE MUSCULOSKELETAL SYSTEM

Preamble:

- (1) Corrective splints must be "corrective" to qualify for a benefit as such. The corrective splint listings are not applicable to simple immobilization such as with a Jones bandage or metal finger splint following soft tissue injury.
 - (2) The removal of a wire or pin or other device when used for traction or external fixation (except for rigid external fixators) in the treatment of a fracture or other orthopaedic procedure is to be included in the procedural fee unless a general anaesthetic is required in which case a fee may be claimed. Removal of devices used for internal fixation more than 30 days after insertion may be charged for in addition to the procedural benefit.
 - (3) The benefit for total joint replacement also includes denervation of the joint, all tenotomies and division and repair of muscle.
 - (4) The benefit for obtaining a bone graft is not to be claimed in cases of pseudarthrosis repair, fusions or for listings in which bone grafting is included.
 - (5) For the supervision of limb fitting and 6 months post-operative care following amputation, claim visit fees. Amputation with immediate fitting to include supervision of final limb fitting - add 40% (E586).
- Note: Reconstruction, Arthroplasty: if other procedure are claimed, same joint, same time, e.g. debridement, synovectomy, tendon release etc., the Medical Consultant will assess the surgeon's claim.**

Fractures and Dislocations:

- (a) For fractures or dislocations requiring open or closed reduction or no reduction, the major pre-operative visit i.e. consultation or appropriate assessment may be claimed in addition to the listed benefits.
- (b) OPEN REDUCTION shall mean the treatment of a fracture and/or dislocation by either closed intramedullary fixation or by an operative procedure to expose the fracture. The benefits include fixation by internal or external devices.
- (c) CLOSED REDUCTION shall mean the reduction of a fracture or dislocation by non-operative methods (including traction).
- (d) NO REDUCTION shall mean the treatment of a fracture or dislocation by any other method and includes the use of the initial external support.
- (e) The stated benefit covers full or after treatment up to 2 weeks except if additional reductions are necessary or if patient is transferred to another surgeon or if the patient is paraplegic.
- (f) In multiple fractures or dislocations, the benefit for the major fracture or dislocation shall be 100% and the benefit for the other fractures or dislocations 85%. When no procedural benefit is applicable, but when that fracture or dislocation necessitates hospitalization or concurrent care over that demanded by the major injury, a visit benefit may be claimed in addition to other procedural benefits.
- (g) For repeat reductions (closed or open) for the same fracture or dislocation, the full benefit should be claimed for the final reduction and after care - previous reductions by the same surgeon should be claimed at 85%.
- (h) Emergency splinting of fractures in the emergency department should be on the basis of appropriate visit benefit, plus application of cast if appropriate.
- (i) Transferred cases -
 - (1) When patients are transferred to a chronic or convalescent facility, additional visit benefits on a chronic care basis shall be allowed to other than the operating surgeon (and also to the surgeon after 2 weeks).
 - (2) When patients are transferred to another physician for after care of fractures and dislocations treated by closed or no reduction, the physician rendering the initial care should claim 75% of the listed fee and the surgeon rendering subsequent care visit fees except where otherwise specified. In cases involving open reduction, the percentage should be 80% for the surgeon providing the initial care.
 - (3) In cases where the original physician attempts to reduce a fracture or dislocation under general anaesthesia, is unsuccessful and refers the patient to another physician for definitive care, the original physician should claim 75% of the listed fee.
- (j) Paraplegia associated with fractures and dislocations may be claimed by charging visit fees after the first 2 weeks of post-operative care in addition to the appropriate procedural fees.
- (k) Pseudarthrosis may be allowed as the appropriate benefit after the fracture is 4 months old.
- (l) For fractures and dislocations not requiring reduction, visit fees apply unless a specific fee is listed. If the listed fee is less than the consultation, the consultation should be claimed under the fracture/dislocation code number.

Excision and/or Repair:

Preamble:

- (1) Repair of arteries implies either endarterectomy and/or bypass graft.
- (2) Fee for gas endarterectomy of coronary artery should be the same fee as for coronary endarterectomy.
- (3) The fees listed for by-pass grafts include endarterectomy and/or thrombectomy of the artery being repaired.
- (4) Common femoral artery repair (e.g. R784, R785) includes repair to the profunda femoris artery as far as the first major branch.
- (5) If the repair extends beyond the first major branch of the profunda femoris artery, R815 may be claimed in addition.
- (6) If the repair extends beyond the second major branch of the profunda femoris artery, R856 instead of R815 may be claimed in addition.

2. Decompressive Procedures

Applicable to all operative procedures for decompression of the spinal cord and/or nerve roots, whether traumatic or non-traumatic, with the exception of tumours and arterio-venous malformations and others separately listed.

a. Posterior Spinal Decompressive Procedures

R451	Cervical hemilaminectomy for disc disease, with or without foraminotomy	6	519.60	10
Lumbar hemilaminectomy for disc disease including removal of soft disc				
R457	or osteophyte	6	379.60	8
N185	Posterior laminectomy one or two levels, cervical, thoracic, lumbar	6	549.10	9
Repeat posterior exploration or reopening of posterior exploration, more than six months after original procedure, includes foraminotomy, discectomy or neurolysis				
N337	8	592.10	10
E565	- multiple levels, to R451, R457 only per additional level, add		65.40	
E566	- bilateral, to R451, R457, add		70.40	
E914	- laminectomy extending over 3 or more laminae, to N185, N337, add		143.55	
E915	- foraminotomy, to R457 and N185 per foramen decompressed, add		72.90	
E913	- with spinal cord injury, (when total care by operating surgeon), add		141.50	
- with irrigation, includes opening of dura, to fractures when combined with decompressive procedures, add				
E927		283.00	

b. Anterior, Anterolateral or Posterolateral Spinal Decompressive Procedures

R447	Simple anterior cervical discectomy	8	361.80	10

- m) les intérêts courus sur les dépôts des sociétaires et qui leur sont payables;
- n) les dividendes et les remises d'intérêt déclarées mais non versées;
- o) les prêts et les découverts des fédérations;
- p) les prêts et les découverts des banques;
- q) l'impôt sur le revenu à payer;
- r) les cotisations non versées à la Société ontarienne d'assurances des actions et dépôts aux termes du paragraphe 111 (4) de la Loi;
- s) les comptes à payer et les dettes courues qui ne sont pas visés aux alinéas k) à r);
- t) les titres de créance à long terme de la caisse, en distinguant ceux garantis par les biens immeubles de la caisse, et les autres, et en précisant, dans chaque cas, le taux d'intérêt, les conditions de remboursement et la date d'échéance;
- u) l'impôt sur le revenu différé;
- v) le capital social des sociétaires;
- w) les bénéfices non répartis;
- x) les réserves, avec leur affectation. Règl. de l'Ont. 96/89, art. 2, *en partie*.

13 L'exposé des activités qui doit être présenté à l'assemblée annuelle est dressé de façon à refléter fidèlement les résultats des activités de la caisse pendant la période visée et distingue, soit dans l'exposé lui-même, soit par un renvoi, au moins :

- a) le revenu provenant des intérêts sur les prêts en première hypothèque;
- b) le revenu provenant des intérêts sur les prêts qui ne sont pas visés à l'alinéa a);

- c) le revenu des dépôts auprès de la Société ontarienne d'assurance des actions et dépôts;
- d) le revenu provenant des placements qui ne sont pas visés aux alinéas a), b) et c);
- e) les intérêts débiteurs sur les dépôts de sociétaires;
- f) les intérêts débiteurs sur les prêts et les découverts des banques et des fédérations;
- g) les intérêts débiteurs sur les titres de créance émis, à l'origine, pour une durée de cinq années ou moins;
- h) les intérêts débiteurs sur les titres de créance qui ne sont pas visés aux alinéas f) et g), y compris ceux que garantissent des biens immeubles;
- i) les réserves pour prêts douteux;
- j) les salaires et les avantages sociaux du personnel;
- k) la rémunération des administrateurs et des membres élus des comités;
- l) les réserves au titre de la dépréciation de l'actif immobilisé et l'amortissement des améliorations aux propriétés cédées à bail;
- m) le coût de location des bureaux;
- n) les primes nettes de l'assurance-vie se rapportant au capital social des sociétaires, à leurs dépôts et à leurs emprunts;
- o) les bénéfices ou les pertes qui résultent de la vente de valeurs mobilières conservées à titre de placement;
- p) les frais d'exploitation qui ne sont pas visés aux alinéas e) à o);
- q) le revenu ou la perte nets pour la période visée avant déduction de l'impôt sur le revenu et des éléments figurant à la rubrique des postes extraordinaires;
- r) les impôts sur le revenu fixés par toute administration fiscale;
- s) les éléments figurant à la rubrique des postes extraordinaires nets de l'impôt sur le revenu applicable, dont le montant doit être divulgué;
- t) le revenu ou la perte nets pour la période visée. Règl. de l'Ont. 96/89, art. 2, *en partie*.

14 L'état des bénéfices non répartis qui doit être présenté à l'assemblée annuelle est dressé de façon à

distinguer, soit dans l'état lui-même, soit par un renvoi, au moins :

- a) le solde des bénéfices non répartis à la fin de la période comptable précédente;
- b) les rentrées et les sorties du compte des bénéfices non répartis au cours de la période comptable, y compris :
 - (i) la répartition de dividendes, de primes sur les intérêts et des remises d'intérêt aux sociétaires à l'égard des périodes comptables précédentes,
 - (ii) le revenu ou la perte nets pour la période comptable courante,
 - (iii) les montants virés à chaque réserve, ou de celle-ci,
 - (iv) la répartition de dividendes, de primes sur les intérêts et de remises d'intérêt aux sociétaires à l'égard de la période comptable courante;
- c) le solde des bénéfices non répartis à la fin de la période comptable courante. Règl. de l'Ont. 96/89, art. 2, *en partie*.

15 L'état de chacune des réserves qui doit être présenté à l'assemblée annuelle est dressé de façon à distinguer, soit dans l'état lui-même, soit par un renvoi, au moins :

- a) le solde de la réserve à la fin de la période comptable précédente;
- b) les montants virés au compte des bénéfices non répartis, ou de celui-ci pendant la période comptable;
- c) le solde de la réserve à la fin de la période comptable courante. Règl. de l'Ont. 96/89, art. 2, *en partie*.

16 (1) Il n'est pas nécessaire que les rubriques visées aux articles 12 à 15 portent ces désignations dans les états financiers.

(2) Dans un état financier, le terme «réserve» doit désigner seulement les trois sortes suivantes de montants :

- a) les montants prélevés sur les bénéfices non répartis, à la discrétion de la direction, pour diverses fins sauf pour satisfaire à une obligation ou faire face à une éventualité, connues ou reconnues, ou respecter un engagement conclu à la date de l'état financier, ou pour parer à une diminution déjà survenue de la valeur d'un élément de l'actif;
- b) les montants prélevés sur les bénéfices non répartis, conformément au paragraphe 94 (2)

de la Loi ou aux règlements administratifs de la caisse, pour diverses fins sauf pour satisfaire à une obligation ou faire face à une éventualité, connues ou reconnues, ou respecter un engagement conclu à la date de l'état financier, ou pour parer à une diminution déjà survenue de la valeur d'un élément de l'actif;

- c) les montants prélevés sur les bénéfices non répartis conformément aux termes d'un contrat et qui peuvent être restitués à ce compte lorsque les conditions du contrat sont remplies. Règl. de l'Ont. 96/89, art. 2, *en partie*.

17 Les renvois que comprennent les états financiers précisent les changements aux principes ou aux méthodes comptables ou à la façon de les appliquer qui ont été apportés au cours de la période visée par les états et qui influent sur les moyens de comparer les états avec ceux de la période précédente, et les conséquences de ces changements sur le revenu net pour la période visée. Règl. de l'Ont. 96/89, art. 2, *en partie*.

18 Les éléments suivants figurent dans les états financiers ou y font l'objet d'un renvoi :

- a) une liste des opérations effectuées dans le compte de réserve pour prêts douteux pour la période, qui indique le solde à la fin de la période précédente, les rentrées et les sorties pendant la période, et le solde à la fin de la période courante;
- b) un énoncé de principe relatif aux taux d'intérêt et aux conditions de remboursement des prêts consentis aux sociétaires sous forme de première hypothèque sur des biens immeubles;
- c) les montants des engagements à faire des avances sur les prêts personnels et sur les prêts garantis par une première hypothèque sur des biens immeubles;
- d) les obligations contractuelles qui nécessitent des dépenses inhabituelles par rapport aux besoins normaux de la caisse dans le cours de ses affaires ou par rapport à sa situation financière;
- e) les obligations contractuelles découlant de baux à long terme;
- f) les éléments de passif éventuels, avec indication de leur nature et, si possible, des montants approximatifs qu'ils représentent;

- g) les restrictions apportées au paiement de dividendes;
- h) toute circonstance ou opération, autre que celles qui font partie du cours normal des affaires, qui n'apparaît pas aux états financiers, survenue entre la date à laquelle ceux-ci ont été établis et la date du rapport des vérificateurs ou la date du rapport du comité de surveillance, s'il n'y a pas de vérificateur;
- i) le montant de toute obligation au titre de prestations de rente pour des services rendus avant la date de clôture de l'exercice, que cette obligation ait été prévue ou non dans les comptes de la caisse, la façon dont la caisse se propose de s'acquitter de cette obligation et la base sur laquelle elle s'appuie ou propose de s'appuyer pour imputer à ses opérations les frais qui s'y rapportent. Règl. de l'Ont. 96/89, art. 2, *en partie*.

19 Malgré les articles 12 à 18, il n'est pas nécessaire d'exposer dans les états financiers les éléments qui, compte tenu de la situation globale, ont relativement peu d'importance. Règl. de l'Ont. 96/89, art. 2, *en partie*.

DISPOSITIONS DIVERSES

20 Les droits fixés par les règlements administratifs de la caisse, aux termes de l'article 19 de la Loi, pour obtenir une copie de ceux-ci, ne dépassent pas 5 \$. Règl. de l'Ont. 96/89, art. 2, *en partie*.

21 Les montants que la caisse peut payer aux termes du paragraphe 37 (1) de la Loi sont les suivants :

- a) en vertu de l'alinéa a) de ce paragraphe, 5 000 \$;
- b) en vertu de l'alinéa b) de ce paragraphe, 5 000 \$. Règl. de l'Ont. 96/89, art. 2, *en partie*.

22 Les prêts consentis à des personnes morales ou à des sociétés en nom collectif qui sont sociétaires de la caisse sont pleinement garantis par une hypothèque, une charge ou un nantissement sur un bien meuble ou immeuble. Règl. de l'Ont. 96/89, art. 2, *en partie*.

23 Le certificat d'assurance-dépôt délivré à la caisse aux termes du paragraphe 109 (3) de la Loi est rédigé selon la formule 8. Règl. de l'Ont. 96/89, art. 2, *en partie*.

24 Pour l'application de l'alinéa 83 b) de la Loi, le délai maximal de remboursement est de trente ans. Règl. de l'Ont. 96/89, art. 2, *en partie*.

Parliamentary Notice Royal Assent

THE PROVINCE OF ONTARIO

Toronto, Thursday, March 2nd, 1989.

6.25 p.m.

His Honour the Lieutenant Governor of the Province entered the Chamber of the Legislative Assembly and took his seat upon the Throne.

Mr. Speaker addressed His Honour as follows:—

“May it please Your Honour:

The Legislative Assembly of the Province has, at its present sitting thereof, passed certain Bills to which, in the name and on behalf of the said Legislative Assembly, I respectfully request Your Honour's Assent.”

The Clerk Assistant and Clerk of Committees then read the titles of the Bills that had passed as follows:—

“The following are the titles of the Bills to which Your Honour's assent is prayed:

Bill 122, An Act to amend the Retail Sales Tax Act. [S.O. 1989, Chapter 15]

Bill 151, An Act to revise the Personal Property Security Act and to repeal and amend certain other Acts related to Personal Property. [S.O. 1989, Chapter 16]

Bill 152, An Act to revise and consolidate the Law related to Repairers' and Storers' Liens. [S.O. 1989, Chapter 17]

Bill 175, An Act respecting transfers of Water. [S.O. 1989, Chapter 18]

Bill 212, An Act to amend the Legislative Assembly Act. [S.O. 1989, Chapter 19]

Bill 213, An Act to amend the Executive Council Act. [S.O. 1989, Chapter 20]

Bill Pr78, An Act respecting the County of Lanark. [S.O. 1989, Chapter Pr12]”

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:

“In Her Majesty's name, His Honour the Lieutenant Governor doth assent to these Bills.”

The Speaker then said:—

“May it please Your Honour:—

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill entitled, ‘An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal year ending the 31st day of March, 1989’ (Bill 223) [S.O. 1989, Chapter 21].”

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

“His Honour the Lieutenant Governor doth thank Her Majesty's dutiful and loyal subjects, accept their benevolence and assent to this Bill in Her Majesty's name.”

His Honour the Lieutenant Governor was then pleased to deliver the following gracious speech:—

“Speaker and members of the Legislative Assembly:—

The First Session of the 34th Parliament has been a productive one both for members of the Legislature and the people of Ontario.

During this Session, 94 Bills received Royal Assent. In the coming weeks, nine Government Bills will receive careful examination by standing committees of the Legislature.

A number of measures were undertaken to preserve and protect our environment, including the introduction of legislation to phase out the use of substances harmful to the ozone layer, and the countdown acid rain program.

More protection for workers was provided through initiatives such as right-to-know legislation. Amendments to the *Occupational Health and Safety Act* will give workers tough new powers to refuse unsafe or dangerous work; and, proposed reform of the *Workers' Compensation Act* will give injured workers greater opportunity to return to work through expanded vocational rehabilitation programs and employer re-hiring obligations.

Changes to the *Retail Business Holidays Act* will provide for fair, enforceable and flexible regulation of retail store hours. Employees will have the right to refuse unreasonable work on a Sunday through amendments to the *Employment Standards Act*.

New initiatives to encourage community-based health care delivery and the promotion of healthy lifestyles included: the creation of a \$100 million health innovation fund; a special educational campaign aimed at preventing the spread of aids; and, specific program responses to the recommendations contained in the Ken Black Report on Illegal Drug Use in Ontario.

Initiatives were undertaken to promote excellence in education and training. Such measures included: major new funding to reduce class sizes in grades one and two; and, the purchase of new computer technology, textbooks and learning materials.

In the midst of difficult and challenging market conditions, my Government took steps to increase the supply of housing. Measures announced in the budget included the allocation of \$2 billion for the construction of 30,000 non-profit homes. Amendments to the *Planning Act* will streamline the approval process to help create more affordable housing. The Ontario Home Ownership Savings Plan was established.

Increased protection was provided to consumers through such measures as an enhanced Ontario New Home Warranty Program.

Municipal election reform was undertaken with the passage of significant legislation.

Conflict of interest legislation will ensure greater accountability of members of the Legislature to the people they serve.

The Premier's Council on Technology prescribed a series of recommendations to develop Ontario as a world leader in innovation, technology and trade. Consistent with these recommendations, seven centres of excellence and six centres of entrepreneurship were established; and, new tax incentives to support increased investment in research and development were introduced.

As part of my Government's commitment to develop a skilled, literate workforce, \$50 million has been allocated to annual literacy programming, primarily at the community level.

In the face of competitive pressures, greater protection was provided to members of the farming community through right-to-farm legislation and the passage of the *Farm Implements Act*.

The establishment of a \$360 million Northern Ontario Heritage Fund will strengthen and diversify the economy of Northern Ontario.

With the ratification of the Canada-U.S. Free Trade Agreement, the Government took action to protect the interests of Ontarians in areas of provincial responsibility. The *Independent Health Facilities Act* will give preference to non-profit Canadian firms proposing to open community-based health facilities. The *Wine Content Act* and the *Water Transfer Control Act* were proclaimed. Proposed amendments to the *Power Corporation Act* will assert Ontario's authority over our electricity.

Additional legislative changes to the *Power Corporation Act* will make Ontario Hydro more responsive to Government policies and public priorities. Conservation and cogeneration will become mandated priorities for the public utility.

The proclamation of the *Intervenor Funding Project Act* has given members of the public greater accessibility to Government Tribunals.

This Assembly received reports from Select Committees on Education and Energy. The Legislature adopted the Report of the Select Committee on Constitutional Reform unanimously recommending ratification of the Meech Lake Accord.

For these and many other achievements all members of this Assembly deserve congratulations.

Au nom de notre Souveraine, je vous remercie.

In our Sovereign's name, I thank you.

Je déclare cette session prorogée.

I now declare this Session prorogued.”

The Government House Leader then said:—

“Speaker and members of the Legislative Assembly:—

It is the will and pleasure of His Honour the Lieutenant Governor that this Legislative Assembly

be prorogued and this Legislative Assembly is accordingly prorogued."

His Honour was then pleased to retire.

6.35 p.m.

CLAUDE L. DESROSIERS,
Clerk of the

(4045) 11 Legislative Assembly of Ontario.

Proclamation

(Great Seal of Ontario)

LINCOLN M. ALEXANDER
PROVINCE OF ONTARIO

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom, Canada and Her other Realms and Territories, Queen, Head of the Commonwealth, Defender of the Faith.

TO ALL TO WHOM THESE PRESENTS
SHALL COME,

GREETING:

PROCLAMATION

WHEREAS by an Act passed at the Second Session of the twenty-ninth Legislature of Ontario convened on the twenty-ninth day of February, 1972, and prorogued on the fifteenth day of December, 1972 intituled "The Assessment Amendment Act, 1972 (2)" the Assessment Act was amended so that the Lieutenant Governor by his Proclamation might bring into force certain provisions of the Assessment Act, and might suspend certain other provisions therein with the result that the assessment roll returned in certain specified municipalities and localities in the Province of Ontario might provide for the assessment at market value of real property in the specified municipalities and localities.

AND WHEREAS it has appeared expedient that a Proclamation should now issue under the authority of section 70 of the Assessment Act;

NOW THEREFORE KNOW YE that, having taken the premises into Our Royal consideration, We, by and with the advice of Our Executive Council of Ontario and in the exercise of the power in US vested in this behalf by the said Act or otherwise howsoever, Do, by this Our Royal PROCLAMATION under section 70 of the Assessment Act, as amended, by His Honour the Lieutenant Governor name Monday, the sixth day of March, A.D., 1989 as the day upon which, in the municipalities of,

- (a) the Township of Herschel in the County of Hastings,
- (b) the Township of Alfred in the United Counties of Prescott and Russell,
- (c) the townships of Oro and Tay, both in the County of Simcoe, and

- (d) the townships of Lochiel, Roxborough and Winchester, all in the United Counties of Stormont, Dundas and Glengarry;

the provisions of sections 62, 63, 65 and 67 of the said Act shall cease to be in force.

OF ALL WHICH PREMISES all Our loving subjects and all others whom it doth or may in anywise concern are hereby required to take notice and govern themselves accordingly.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made patent and the Great Seal of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE LINCOLN M. ALEXANDER, A Member of Our Privy Council for Canada, One of Our Counsel Learned in the Law, Bachelor of Arts, LIEUTENANT GOVERNOR OF OUR PROVINCE OF ONTARIO,

at Our City of Toronto in Our said Province this twenty-second day of February, in the year of Our Lord one thousand nine hundred and eighty-nine and in the thirty-eighth year of Our Reign.

BY COMMAND

RICHARD PATTEN,

(4049) 11 Minister of Government Services.

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Objections to these applications must be served on the applicant and filed with the provincial transport board within twenty-nine days of this publication. Any interested person who serves and files an objection must also provide the provincial trans-

port board with written evidence, within thirty-nine days of this publication, that satisfies the board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

TOWN OF NIAGARA-ON-THE-LAKE PROPOSED IRRIGATION ACT

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the Town of Niagara-on-the-Lake application will be made to the Legislative Assembly of the Province of Ontario for an Act to authorize the establishment by the Town of Niagara-on-the-Lake of a public utility for the establishment, construction, administration and control of irrigation works within the Municipality. The proposed revisions include:

- (a) the power to establish irrigation works as a public utility;
- (b) the power to collect charges from the users of such works and to control who may use such works;
- (c) to establish an Irrigation Commission composed of members appointed by the Town to establish, construct, administer and control the works on behalf of the Town.

The legislation provides that where an irrigation work is to be established notice must be given to those persons affected by the work and, in the

event that a majority of the owners as set forth in the Act do not wish the work to proceed, the Commission may appeal to the Ontario Municipal Board for authorization to carry out the work.

The legislation will permit the Irrigation Commission to use existing drains, canals, pipelines and watercourses as part of an irrigation work. The Irrigation Commission shall also have the power to control who can draw water from the work and the manner in which users of the utility shall be charged for the provision of irrigation to their lands.

This application will be considered by a Standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions for or against the application to the Standing Committee should notify in writing the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

THE CORPORATION OF THE CITY OF WINDSOR

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the City of Windsor, application will be made to the Legislative Assembly of the Province of Ontario at its next regular session commencing in 1989 for an Act

1. To extend the operation of section 222 of the *Municipal Act*, with necessary modifications, to ships within the limits of the City of Windsor. Section 222 of the *Municipal Act* authorizes a municipality to pass by-laws for licensing, regulating, governing, classifying and inspecting adult entertainment parlours.

2. To authorize the passing of a by-law for

(1) requiring the owner or manager or both of any building containing an electrically supervised fire alarm system to have that system electronically monitored by the Windsor Fire Department or by a security agent.

(a) "Electrically supervised fire alarm system" means an electrically supervised fire alarm system approved by the Underwriters' Laboratories of Canada.

(b) "Security agent" means an individual or corporation that operates facilities which protect persons or property from fire twenty-four hours a day.

(2) authorizing the Fire Chief to serve upon the owner or manager or both an order in writing directing compliance with subsection 1 and to require that the order be carried out within such time as may be specified in the order.

(3) requiring a security agent monitoring an electrically supervised fire alarm system to immediately notify the Windsor Fire Department if the alarm system is actuated and to provide the address of the building in which that alarm system is located.

3. The Corporation may enter into agreements with the owner of a building or an agent of the owner respecting the monitoring by the Windsor Fire Department of electrically supervised fire alarm systems. The agreement may impose such terms, including the payment of fees, as may be determined by the council of the Corporation.

4. Where a regulation under the *Fire Marshals Act* requires that electrically supervised fire alarm systems be electronically monitored in any buildings or class of buildings a by-law passed under Section 2 ceases to apply to such buildings or class of buildings.

This application will be considered by a Standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee should notify in writing, the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

GERMAIN, ST. JULIEN AND WARPULA

INTERPRETATION

1. In this Order,

“accessory”, when used to describe a use, building or structure, means a use, building or structure that is normally incidental or subordinate to the principal use, building or structure located on the same lot;

“agricultural use” means a use of land, buildings or structures for the purpose of field crops, fruit farming, market gardening, dairying, animal husbandry, fur farming, peat extraction, poultry raising, beekeeping and uses that are customarily and normally related to agriculture;

“bunkhouse” means a building without cooking facilities that is used only for sleeping accommodation;

"commercial use" means the use of any land, buildings or structures for the purpose of buying and selling commodities or supplying services;

"dwelling unit" means one or more habitable rooms occupied or capable of being occupied as an independent and separate housekeeping establishment in which separate kitchen and sanitary facilities are provided for the exclusive use of the unit with a private entrance from outside the building or from a common hallway or stairway inside the building;

"forestry" means the management, development, cultivation, harvesting and processing of timber resources, to ensure the continuous production of wood or wood products, provision of proper environmental conditions for wildlife, protection against floods and erosion, and preservation of the recreation resource including necessary road building and aggregate extraction activities directly related to these uses;

"gross floor area" means the aggregate of the horizontal areas of each floor, whether above or below grade, measured between the exterior faces of the exterior walls of the building or structure but, in the case of a dwelling unit, does not include the floor area of a garage, porch, verandah, unfinished attic, basement or cellar;

"ground floor area" means the area of the lowest storey of a building or structure above grade, excluding any basement or cellar, which area is measured between the exterior faces of the exterior walls of the floor level of that storey but, in the case of a dwelling unit, does not include the floor area of a garage, porch, verandah or unfinished attic, basement or cellar;

"guest cabin" means a building without cooking and sanitary facilities that is accessory to a seasonal dwelling and used only for purposes of sleeping accommodation;

"home occupation" means any occupation for gain or support conducted on the same lot as a single dwelling, subordinate to the principal use of the lot for residential purposes, and employing no more than one person who is not a resident of the dwelling;

"industrial use" means the use of any land, buildings or structures for the purpose of manufacturing, assembling, making, preparing, inspecting, ornamenting, finishing, treating, altering, repairing, warehousing, storing or adapting for sale any equipment, goods, substance, article or thing, or any part thereof;

"lot" means a parcel of land,

- (a) described in a deed or other document legally capable of conveying land, or
- (b) shown as a lot or block on a registered plan of subdivision;

"mining" means the activities related to the exploration for, development of, and production of any rock strata, stone or mineral bearing substance, including the act of closure and rehabilitation but not including any dwelling units;

"mining production" means the operation of a mine which is assessed for taxation under the *Mining Tax Act*;

"mobile home" means any dwelling unit that is designed to be made mobile and constructed or manufactured as a permanent residence for one or more persons, but does not include a recreational vehicle, or any type of trailer;

"pit" means land from which unconsolidated aggregate may be excavated, but does not include an excavation for a building or structure;

"quarry" means land from which consolidated aggregate may be excavated but does not include an excavation for a building or structure;

"recreational use" means commercial or private recreational pursuits, skiing, hunting, trapping, fishing, hiking, snowmobiling, bicycling and other open air activities;

"seasonal dwelling" means a single dwelling, used for recreational use but not as a principal residence, on lands that abut a lake or river;

"single dwelling" means a separate building containing only one dwelling unit;

"street" means a public highway that is a principal means of access to abutting lots that is under the jurisdiction of the Province of Ontario or a local roads board or is a road shown on a registered plan of subdivision;

"wayside pit or quarry" means a temporary source of consolidated or unconsolidated aggregate opened by or for a public road authority, including a local roads board, for the purpose of a particular project of public road construction. O. Reg. 102/89, s. 1.

APPLICATION

2. This Order applies to all the lands in the geographic townships of Abotossaway, Aguonie, André, Bird, Bostwick, Bruyere, Chenard, Corbiere, Cowie, Dambrossio, Dumas, Esquega, Fiddler, Finan, Franchère, Groseilliers, Huotari, Jacobson, Keating, Killins, Knicely, Lalibert, Lastheels, Leclair, Legarde, Leguerrier, Levesque, Macaskill, Maness, Menzies, Michano, Musquash, Nebonaionquet, Parkes, Riggs, St. Germain, St. Julien and Warpula in the Territorial District of Algoma. O. Reg. 102/89, s. 2.

GENERAL

3. No land to which this Order applies shall hereafter be used and no building or structure shall be

erected or used except in accordance with the terms of this Order, but nothing in this Order prevents the use of any land, building or structure for any purpose prohibited by this Order, if such land, building or structure was lawfully used for such purpose on the day this Order comes into force. O. Reg. 102/89, s. 3.

NUMBER OF DWELLINGS PER LOT

4.—(1) Not more than one single dwelling, mobile home or seasonal dwelling is permitted on a lot.

(2) Despite subsection (1), one seasonal dwelling is permitted on a parcel of land if the conveyance or agreement granting the use of or right in the parcel does not contravene the subdivision or part lot control provisions of section 49 of the *Planning Act, 1983* and if the parcel is located within the geographic townships of Abotossaway, Aguonie, Bird, Corbiere, Cowie, Fiddler, Keating, Killins, Knicely, Lalibert, Leclaire, Legarde, Levesque, Macaskill, Maness, Menzies, Michano, Musquash or Nebonaionquet. O. Reg. 102/89, s. 4.

RECONSTRUCTION AND REPAIRS

5.—(1) Nothing in this Order prevents the reconstruction of any building or structure that is damaged or destroyed by causes beyond the control of the owner, if the dimensions of the original building or structure are not increased or its original use altered.

(2) Nothing in this Order prevents the strengthening or restoration to a safe condition of any building or structure or part of any such building or structure. O. Reg. 102/89, s. 5.

ENLARGEMENT

6.—(1) The extension or enlargement of a single dwelling or a seasonal dwelling is permitted.

(2) Buildings and structures used for commercial or industrial uses on the date this Order comes into force, including buildings and structures accessory thereto, may be extended or enlarged if the gross floor area of the building or structure as extended or enlarged does not exceed 125 per cent of the gross floor area of the building or structure on the date this Order comes into force. O. Reg. 102/89, s. 6.

FRONTAGE ON A STREET

7. No building or structure, except a seasonal dwelling, a tourist lodge, a cabin associated with a tourist lodge or a single dwelling accessory to a tourist lodge and used by the owner or manager, shall be erected or located on a lot that does not abut a street that is opened and maintained year round. O. Reg. 102/89, s. 7.

SETBACKS FROM PROVINCIAL HIGHWAYS

8. Despite any other provision of this Order, no building or structure shall be located within 45 metres of the centre line of Highway 17 or within 32 metres of the centre line of any other street. O. Reg. 102/89, s. 8.

PERMITTED USES

9. Every use of land and every erection or use of buildings or structures on the land to which this Order applies is prohibited except,

- (a) agricultural uses;
- (b) home occupations;
- (c) forestry;
- (d) mining, including pits, quarries and wayside pits or quarries;
- (e) recreational uses;
- (f) seasonal dwellings;
- (g) temporary bunkhouses or mobile homes, used exclusively for the accommodation of persons engaged in mining activities prior to mining production;
- (h) tourist lodges and cabins accessory to tourist lodges and one single dwelling accessory to a tourist lodge and used by the owner or manager;
- (i) water storage uses;
- (j) public utilities;
- (k) operation of a railway;
- (l) a single dwelling on a lot in Plan number M116, M313 or M343 registered in the Land Registry Office for the Registry Division of Algoma (No. 1);
- (m) uses, buildings and structures accessory to uses, buildings and structures permitted by clauses (a) to (l). O. Reg. 102/89, s. 9.

NO HUMAN HABITATION IN ACCESSORY BUILDINGS AND STRUCTURES

10. No accessory building or structure, except a guest cabin, a cabin accessory to a tourist lodge or a single dwelling accessory to a tourist lodge and used by the owner or manager, shall be used for human habitation. O. Reg. 102/89, s. 10.

TEMPORARY USES

11. A tool shed, scaffold or other building or structure incidental to the construction of a building or

structure permitted by this Order and located on the same lot may be maintained until the construction is completed or has been discontinued. O. Reg. 102/89, s. 11.

HOME OCCUPATIONS

12. Where a home occupation is a permitted use, the gross floor areas used for the home occupation shall not exceed 40 square metres, or 25 per cent of the gross floor area of the dwelling unit, whichever is the greater. O. Reg. 102/89, s. 12.

EXCEPTION

13.—(1) Despite clause 9 (g), the land described in subsection (3) may not be used for temporary bunkhouses or mobile homes exclusively for the accommodation of persons engaged in mining activities prior to mining production unless a maximum of 100 persons is accommodated therein.

(2) Despite any other provision of this Order, the land described in subsection (3) may be used for temporary bunkhouses or mobile homes exclusively for the emergency accommodation of persons engaged in mining production if a maximum of 100 persons is accommodated therein.

(3) Subsection (1) applies to that parcel of land in the geographic Township of Finan in the Territorial District of Algoma, being Parcel 1801 Algoma West Section SSM 3907 and Parcel 1802 Algoma West Section SSM 3902, both in the Land Registry Office for the Land Titles Division of Algoma (No. 1). ASSESSMENT ACT

O. Reg. 108/89.

Pipe Line Rates.

Made—February 28th, 1989.

Filed—March 2nd, 1989.

REGULATION MADE UNDER THE
ASSESSMENT ACT

PIPE LINE RATES

1. The rates contained in the Schedule apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the Act that are located in or on the boundary of any municipality or territory without municipal organization comprised in a locality named in this section or in any part of a municipality situated in,

- (a) the District of Algoma,
 - (i) in the Town of Blind River,
 - (ii) in the townships of The North Shore, Shedden and Thompson, and
 - (iii) in the locality of the North Shore Board of Education;
- (b) in the District of Manitoulin,
 - (i) in the towns of Gore Bay and Little Current,
 - (ii) in the townships of Assiginack, Barrie Island, Billings, Burpee, Carnarvon, Cockburn Island, Gordon, Howland, Rutherford and George Island, Sandfield and Tehkummah, and

(iii) in the locality of the Manitoulin Board of Education; or

- (c) the Township of McKellar in the District of Parry Sound. O. Reg. 108/89, s. 1.

2. For the purposes of clause 24 (17) (b) of the Act,

- (a) if two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in the Schedule without the reduction in the rates for the second and subsequent pipe lines occupying the same right of way provided for in clause (b) but, if two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and
- (b) if the right of way occupied by a pipe line that is not designated to be a second or subsequent pipe line under clause (a) is also occupied by a pipe line that is designated to be a second or subsequent pipe line, each pipe line so designated shall be assessable and taxable at 75 per cent of the rate in the Schedule that is applicable to each pipe line so designated. O. Reg. 108/89, s. 2.

3. This Regulation shall be deemed to have come into force on the 1st day of December, 1988 and applies to assessments for taxation in 1989 and subsequent years.

RETAIL SALES TAX ACT

O. Reg. 109/89.

Definitions by Minister.

Made—February 28th, 1989.

Filed—March 2nd, 1989.

**REGULATION TO AMEND
REGULATION 903 OF
REVISED REGULATIONS
OF ONTARIO, 1980
MADE UNDER THE
RETAIL SALES TAX ACT**

1.—(1) Paragraphs 7 and 9 of section 1 of Regulation 903 of Revised Regulations of Ontario, 1980, as made by section 1 of Ontario Regulation 568/83, are revoked.

(2) Paragraph 12a of the said section 1, as made by section 1 of Ontario Regulation 568/83, is revoked.

2. Subsections 6 (2) to (10) of the said Regulation are revoked and the following substituted therefor:

(2) A single purchase exemption certificate may be used only with respect to each order for the supply of tangible personal property or each contract for the provision of taxable services of a type referred to in clause (c) or (d) of paragraph 21 of section 1 of the Act.

(3) A blanket purchase exemption certificate is valid for a period of three years or until revoked by the person or cancelled by the Minister.

(4) A person who supplies a vendor with a blanket purchase exemption certificate with respect to tangible personal property or taxable services of a type referred to in clause (c) or (d) of paragraph 21 of section 1 of the Act is not required to execute additional purchase exemption certificates for individual purchases if there is no change in the character of the tangible personal property or the taxable service referred to in the original blanket purchase exemption certificate.

(5) A blanket purchase exemption certificate is not effective with respect to orders that follow the original blanket purchase exemption certificate unless reference is made to the original purchase exemption certificate by the person on each purchase order issued by the person for subsequent purchases of tangible personal property or taxable services.

(6) A reference on a purchase order to the applicability of a blanket purchase exemption certificate to subsequent purchases shall be in the form prescribed in subsection (13) and, where the person filling out the purchase order is a vendor, the vendor's permit number shall be set out on the purchase order.

(7) If a vendor receives an order from a person on which a purchase exemption certificate is indicated either by a rubber stamp or by reference to a single or blanket purchase exemption certificate, the vendor may sell tangible personal property or a taxable service of a type referred to in clause (c) or (d) of paragraph 21 of section 1 of the Act without collecting tax thereon.

(8) A vendor has no responsibility for collecting tax with respect to tangible personal property or a taxable service sold in accordance with subsection (7) where the person to whom the tangible personal property is sold is or may become liable to pay tax on the tangible personal property or taxable service.

(9) A vendor shall not sell tangible personal property or a taxable service of a type referred to in clause (c) or (d) of paragraph 21 of section 1 of the Act to a person exempt from tax if the blanket purchase exemption certificate supplied by the person is more than three years old.

(10) If a person does not supply a vendor of tangible personal property or a taxable service with a properly executed single or blanket purchase exemption certificate, the sale shall be deemed to be a retail sale.

(10a) A person who provides a vendor with a valid blanket purchase exemption certificate that covers a class of tangible personal property or taxable service of a type referred to in clause (c) or (d) of paragraph 21 of section 1 of the Act that the person regularly acquires from the vendor and the person subsequently contracts by telephone for an additional amount of the same class of tangible personal property or taxable services, the vendor may make the sale without collecting tax if the vendor inserts on the invoice prepared for the sale of the tangible personal property or taxable service the vendor's permit number of the person and retains a copy of the invoice on file.

(10b) If a person contracts by telephone for tangible personal property or a taxable service of a type referred to in clause (c) or (d) of paragraph 21 of section 1 of the Act and the vendor does not receive a purchase exemption certificate that covers the class of tangible personal property or taxable service contracted for, the sale shall be deemed to be a retail sale.

(10c) If a sale is deemed to be a retail sale under subsection (10) or (10b), the vendor shall collect tax on the tangible personal property or taxable service, unless the tangible personal property or taxable service is otherwise exempt under the Act.

(10d) The burden of proving that a sale referred to under subsection (10) or (10b) is not a retail sale is upon the vendor.

(10e) Every purchase exemption certificate shall include,

(a) the name under which the person transacts business;

BERNARD GRANDMAITRE
Minister of Revenue

- (b) the address at which the person carries on business;
- (c) the signature of the person who is acquiring the tangible personal property or taxable service or of a person duly authorized to sign on the person's behalf;
- (d) a list of the tangible personal property or taxable services being acquired under the certificate; and
- (e) if the certificate is issued by a vendor holding a subsisting vendor's permit, the vendor's permit number.

(10f) A person shall not use a purchase exemption certificate to obtain tangible personal property or a taxable service exempt from tax unless,

- (a) the tangible personal property is to be used for resale;
- (b) the taxable service is rendered to a person in respect of tangible personal property on which that person is not required to pay tax under the Act; or
- (c) the person is exempt from payment of tax under the Act or is a person to whom section 18 is applicable. O. Reg. 109/89, s. 2.

3. Subsection 26 (2) of the said Regulation, as made by section 1 of Ontario Regulation 165/84, is revoked and the following substituted therefor:

(2) If a sheet metal contractor fails to keep records that will enable the contractor to determine the costs of the sheet metal products the contractor manufactures and installs, the fair value of the sheet metal products is, where the sheet metal products are manufactured from,

- (a) galvanized metal, twice the cost of the galvanized metal;
- (b) aluminum, 1.75 times the cost of the aluminum;
- (c) painted galvanized metal, 1.75 times the cost of the painted galvanized metal;
- (d) copper, 1.5 times the cost of the copper;
- (e) stainless steel, 1.5 times the cost of the stainless steel; and
- (f) roofdeck, 1.25 times the cost of the roofdeck. O. Reg. 109/89, s. 3.

4. Sections 1 and 3 shall be deemed to have come into force on the 2nd day of May, 1988.

Dated at Toronto, this 28th day of February, 1989.

ASSESSMENT ACT

O. Reg. 110/89.

Equalization of Assessments Made Under
Section 63 of the Assessment Act.
Made—February 28th, 1989.
Filed—March 2nd, 1989.

REGULATION MADE UNDER THE ASSESSMENT ACT

EQUALIZATION OF ASSESSMENTS MADE UNDER SECTION 63 OF THE ASSESSMENT ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary in order to provide for each municipality specified in Schedule 1, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and in the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1988 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1988 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1988 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment of that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been levied for the year 1988 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1988 against the total assessment for that prescribed class of real property in that municipality.
2. All real property within a prescribed class of real property in the same municipality shall,

as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1984, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.

3. The total assessment, including assessments made under section 32 or 33 of the *Assessment Act*, of the real property in the municipality shall not be substantially increased or decreased.

4. Equitability of assessment of real property within each prescribed class of real property in the municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the municipality, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the *Assessment Act*. O. Reg. 110/89, s. 1.

2. This Regulation applies to the municipalities named in Schedule 1 and to the assessment to be shown on the assessment roll to be returned in the municipality for the year 1988, for taxation in the year 1989 and for every assessment made in each municipality for taxation in each subsequent year until a new reassessment of all property within that municipality is made under subsection 63 (3) of the *Act*. O. Reg. 110/89, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in Schedule 1 shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality. O. Reg. 110/89, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in each municipality shall be that shown in Schedule 1 opposite the number of the prescribed class applicable to that municipality. O. Reg. 110/89, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

Class 1

Property assessed as,

- (a) residential and comprising not more than six residential units, including vacant land municipally zoned for residential development described in this clause; or

- (b) seasonal residential, including vacant land zoned principally for this purpose.

Class 2

Property assessed as,

- (a) residential and comprising seven or more residential units, including vacant land municipally zoned principally for residential development described in this clause; or
- (b) a unit or proposed unit within the meaning of the *Condominium Act* to which subsection 65 (2) of the *Assessment Act* does not apply and that is part of a building or parcel of land containing seven or more residential units, whether or not such residential units are units or proposed units within the meaning of the *Condominium Act*.

Class 3

Property assessed as commercial, including vacant land municipally zoned principally for commercial development.

Class 4

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

Class 5

Property assessed as farm land.

Class 6

Property assessed as a pipe line.

Class 7

Property assessed as a railway right-of-way. O. Reg. 110/89, s. 5.

6.—(1) The rates contained in Schedule 2 shall apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the *Act* that are located in or on the boundary of any municipality, part of a municipality or territory without municipal organization comprised in a locality named in Schedule 1.

(2) For the purposes of clause 24 (16a) (b) of the *Act*,

- (a) if two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in Schedule 2 without the reduction in rates for the second and subsequent pipe lines occupying the same right of way pro-

vided for in clause (b) but, if two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and

(b) if the right of way occupied by a pipe line that is not designated to be a second or subsequent pipe line under clause (a) is also occupied by a pipe line that is designated to be a second and subsequent pipe line, each pipe line so designated shall be assessable and taxable at 75 per cent of the rate in Schedule 2 that applies to each pipe line so designated. O. Reg. 110/89, s. 6.

Approved—February 22nd, 1989.

Filed—March 3rd, 1989.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT
SERVICES—MGS-74

Having received a request from the Minister of Government Services that an undertaking, namely:

The activities involved in the implementation of the Storage Building Addition and Building "C" renovation and roof repair project at the Ontario Science Centre which is located at 770 Don Mills Road, City of North York, M3C 1T3, (the site is legally referred to as Part Lot 1, Concession 3, E.Y.S. and Part Lots 9 and 10, Concession 3 F.T.B., City of North York),

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which adverse environmental impacts are not anticipated;
- B. The Ministry of Culture and Communications and its agency, the Ontario Science Centre, will be interfered with because they require the undertaking to overcome existing inadequate accommodation facilities which severely hamper effective and efficient program delivery.

Having weighed such injury, damage or interference against the betterment of the people of the whole

or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reason:

- A. The proposed undertaking will have no significant adverse effects on the environment.

This exemption is subject to the following terms and conditions:

- 1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
- 2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
- 3. This order shall expire if construction activities have not commenced by December 31, 1990. O. Reg. 113/89.

BUILDING CODE ACT

O. Reg. 114/89.
General.
Made—March 2nd, 1989.
Filed—March 3rd, 1989.

REGULATION TO AMEND ONTARIO REGULATION 419/86
MADE UNDER THE BUILDING CODE ACT

- 1.—(1) Subsection 1.3.2. of Ontario Regulation 419/86, as amended by section 1 of Ontario Regulation 183/88 and section 1 of Ontario Regulation 581/88, is further amended by adding thereto the following definitions:

Camp for housing of workers means a camp in which buildings or other structures or premises are used to accommodate 5 or more employees.

Home for special care means a home for the care of persons requiring nursing, residential or sheltered care.

Hotel means a building, or part of a building, which contains sleeping accommodation consisting of 4 or more suites or dwelling units under 1 roof, for the travelling public or for recreational purposes and includes, but is not limited to, buildings commonly known as hotels, motels, inns, resorts or apartment hotels.

Pharmacy means a premises or the part of a premises in which prescriptions are compounded and dispensed for the public or in which drugs are sold by retail.

Recreational camp means a camp for recreational activities consisting of 1 or more buildings or other structures, established or maintained as living quarters with or without charge for 10 or more persons, for temporary occupancy of 5 or more days.

X-ray equipment includes x-ray imaging systems, processing equipment and equipment directly related to the production of images for diagnosis or directly related to irradiation with x-rays for therapy.

X-ray machine means an electrically-powered device producing x-rays for the irradiation of a human being for a therapeutic or diagnostic purpose.

X-ray room means a defined area in which 1 or more permanently-fixed x-ray machines and x-ray equipment are located.

(2) The definition of "Service room" in the said Subsection is revoked and the following substituted therefor:

Service room means a room provided in a building to accommodate building services including boiler rooms, furnace rooms, incinerator rooms, garbage rooms, elevator machine rooms, janitors' closets and rooms to accommodate air-conditioning or heating appliances, pumps, compressors, electrical services and hotel laundry equipment.

2. Article 1.4.1.1. of the said Regulation, as amended by section 2 of Ontario Regulation 183/88 and section 2 of Ontario Regulation 581/88, is further amended by adding thereto the following item:

BRMD Bureau of Radiation and Medical Devices
(Department of National Health and Welfare
775 Brookefield Road
Ottawa, Ontario K1A 1C1)

3. Sentence 2.1.1.4.(2) of the said Regulation is revoked and the following substituted therefor:

(2) A manufactured building intended for residential occupancy is exempt from the Building Code if it is designed and constructed to comply with

- (a) CSA Z240.2.1. "Structural Requirements for Mobile Homes" and CSA Z240.8.1. "Light Duty Windows", if the building is constructed in sections not wider than 4.3 m, or
- (b) CSA A-277 "Procedure for Certification of Factory-Built Houses".

4.—(1) Sentence 2.3.1.1.(1) of the said Regulation is revoked and the following substituted therefor:

(1) Except as permitted in Sentences (2) and (3), every building or part thereof described in Table 2.3.1.A. and this Article shall be designed and reviewed by an architect, professional engineer or both.

(2) Sentences 2.3.1.1.(3), (4) and (5) of the said Regulation are revoked and the following substituted therefor:

(3) The requirement for an architect does not apply to the preparation or provision of a design for interior space for a building, including finishes, fixed or loose furnishings, equipment, fixtures and partitioning of space, and related exterior elements such as signs, finishes and glazed openings used for display purposes, that does not affect or is not likely to affect

- (a) the structural integrity,
- (b) a fire safety system or fire separation,
- (c) a main entrance or public corridor on a floor,
- (d) an exit to a public thoroughfare or to the exterior,
- (e) the construction or location of an exterior wall, or
- (f) the usable floor space through the addition of a mezzanine, infill or other similar element,

of the building.

(4) Where a building or part thereof described in Table 2.3.1.A. is designed by an architect or a professional engineer or a combination of both as required by this Article, all plans, sketches, drawings, graphic representations, specifications and other documents that are prepared by an architect, professional engineer or both and that form the basis for the issuance of a building permit or any changes thereto authorized by the chief official shall bear the signature and seal of the architect, professional engineer or both, as applicable.

(5) Where the foundations of a building are to be constructed below the level of the footings of an adjacent building and within the angle of repose of the soil, as drawn from the bottom of the footings, the foundations shall be designed by a professional engineer.

(6) The thermal design of a building in accordance with Section 9.39 shall be prepared and provided by an architect or professional engineer or a combination of both.

5. Table 2.6.3.A. of the said Regulation, as amended by section 8 of Ontario Regulation 183/88, is further amended by,

(a) adding immediately after document “ASTM E336-84”,

BRMD	Safety Code	X-ray equipment in Medical Diagnosis	6.6.5.3.(2)
	20-A	Part A:	
		Recommended Safety Procedures for	
		Installation and Use	

(b) inserting “3.3.3.11.(1)” before “3.7.3.5.(1)” in Column 4 opposite CSA document number CAN3-B44-M1985, entitled “Safety Code for Elevators, Dumbwaiters, Escalators, and Moving Walks”;

(c) striking out,

CSA	CAN3-S304-	Masonry Design and Construction for	4.1.9.3.(5)
	M78	Buildings	4.3.2.1.

and inserting in lieu thereof,

CSA	CAN3-S304-M84	Masonry Design for Buildings	4.1.9.3.(5) 4.3.2.1.
-----	---------------	------------------------------	-------------------------

(d) inserting "3.2.6.9.(3)" before "9.10.9.27." in Column 4 opposite ULC document number CAN4-S101-M82, entitled "Standard Methods of Fire Endurance Tests of Building Construction and Materials"; and

(e) adding thereto the following:

CGSB	CAN2-12.5-M86	Mirrors, Silvered	9.6.5.5.(2)
CGSB	CAN2-51.34-M86	Vapour Barrier, Polyethylene Sheet for Use in Building Construction	9.26.3.5.
CGSB	CAN2-82.6-M86	Doors, Mirrored Glass, Sliding or Folding, Wardrobe	9.6.5.5.
CSA	CAN3-A227-M81	Procedure for Certification of Factory-Built Houses	2.1.1.4.(2)

7.—(1) Sentence 3.1.4.5.(1) of the said Regulation is revoked and the following substituted therefor:

(1) If a building or part of a building is required to be of noncombustible construction, the building or part of the building shall be constructed from noncombustible materials, except as permitted in Sentences (2) to (15), Sentences 3.1.11.3.(2) and 3.2.2.8.(2).

(2) Clause 3.1.4.5.(2)(f) of the said Regulation is revoked and the following substituted therefor:

(f) insulation, in the exterior walls of a building, having a flame-spread rating of more than 25 but not more than 500 on any

exposed surface or any surface that would be exposed by cutting through the material in any direction, provided that the insulation is protected from adjacent space in the building, other than adjacent concealed spaces within attic or roof spaces, crawl spaces and wall assemblies, by a thermal barrier as described in Clause (e), except that in unsprinklered buildings more than 18 m in height or in unsprinklered buildings regulated by the provisions of Subsection 3.2.6., the insulation is protected by a thermal barrier consisting of

- (i) gypsum board not less than 12.7 mm thick, mechanically fastened to a supporting assembly independent of the insulation and with all joints either backed or taped and filled,
 - (ii) lath and plaster, mechanically fastened to a supporting assembly independent of the insulation,
 - (iii) not less than 25 mm thickness of masonry or concrete, or
 - (iv) any thermal barrier that, when tested in conformance with ULC-S101, "Standard Methods of Fire Endurance Tests of Building Construction and Materials", will not develop an average temperature rise of more than 140°C, or a maximum temperature rise at any point of more than 180°C on its unexposed face within a period of 10 min,
- (fa) insulation, in the interior walls of a building, having flame-spread rating of more than 25 but not more than 500 on any exposed surface or any surface that would be exposed by cutting through the material in any direction, provided that the insulation is protected from adjacent space in the building, other than adjacent concealed spaces within attic or roof spaces, crawl spaces and wall assemblies, by a thermal barrier as described in Clause (e), except that in unsprinklered buildings more than 18 m in height or in unsprinklered buildings regulated by the provisions of Subsection 3.2.6., the insulation is protected by a thermal barrier consisting of
- (i) Type X gypsum board not less than 15.9 mm thick conforming to CSA A82.27, "Gypsum Board Products", mechanically fastened to a supporting assembly independent of the insulation and with all joints either backed or taped and filled,
 - (ii) not less than 50 mm thickness of non-loadbearing masonry or concrete,
 - (iii) not less than 75 mm thickness of loadbearing masonry or concrete, or
 - (iv) any thermal barrier that, when tested in conformance with ULC-S101, "Standard Methods of Fire Endurance Tests of Building Construction and Materials", will not develop an average temperature rise of more than 140°C or a maximum temperature rise at any point of more than 180°C on its unexposed face within a period of 20 min and will remain in place for a period of not less than 40 min,

- (3) Sentence 3.1.4.5.(9) of the said Regulation, exclusive of the clauses, is revoked and the following substituted therefor:

(9) Except as permitted in Sentences (8), (13) and (14), electrical wiring and cables with combustible jackets or sheaths may be used in a building required to be of noncombustible construction provided

8. Article 3.1.4.5. of the said Regulation is amended by adding thereto the following Sentences:

(14) Electrical communication wiring and cables used in computer rooms must meet the FT 1 classification rating under the vertical flame test in Clause 4.11.1. of CSA C22.2 No. 0.3 "Test Methods for Electrical Wires and Cables".

(15) Combustible fittings and components in a public pool, including main drains, skimmers, return inlets, steps, ladder rungs and liners are permitted in a building that is required to be of noncombustible construction.

9. Sentence 3.1.6.8.(3) of the said Regulation is revoked and the following substituted therefor:

(3) Listed hold-open devices designed to release a door as set out in Sentences (4) and (5) are permitted on doors in required fire separations, other than exit doors in a building greater than 3 storeys in building height and doors in vestibules required in Article 3.3.7.6.

10. Clause 3.1.14.1.(1)(b) of the said Regulation is revoked and the following substituted therefor:

(b) 2 persons per bedroom or sleeping area in a dwelling unit or suite, and

11. Sentence 3.2.2.8.(1) of the said Regulation is revoked and the following substituted therefor:

(1) Except as provided in Sentence 3.2.2.6.(1), the requirements in Articles 3.2.2.9. to 3.2.2.53. for roof assemblies to have a fire-resistance rating do not apply if

(a) the building is sprinklered,

(b) the sprinkler system is electrically supervised in conformance with Sentence 3.2.4.11.(5), and

(c) the operation of the sprinkler system causes a signal to be transmitted to the fire department in conformance with Sentence 3.2.4.7.(3).

12. Sentence 3.2.4.4.(2) of the said Regulation is revoked and the following substituted therefor:

(2) A 2 stage fire alarm system

(a) shall cause an alert signal to sound upon the operation of any manually actuated signalling box or fire detector,

(b) in a building containing a hotel

(i) shall cause an alarm signal to sound in the initiating fire zone, and

(ii) shall cause an alert signal to sound throughout the building in accordance with the fire safety plan required under Ontario Regulation 67/87 (the Fire Code) for the building,

- (c) except for Group B, Division 2 major occupancies, shall automatically cause an alarm signal to sound if the alert signal is not acknowledged within 5 min of its initiation, and
- (d) shall have each manually actuated signalling box equipped so that the use of a key or other similar device causes an alarm signal to sound and continue to sound upon the removal of the key or similar device.

13. Article 3.2.4.8. of the said Regulation is amended by adding thereto the following Sentence:

- (6) In a building containing a hotel in which a trouble signal sounding device has a silencing switch, a trouble light shall be installed in the main reception area or other continually-supervised location.

14. Sentence 3.2.4.10.(3) of the said Regulation is revoked and the following substituted therefor:

- (3) Except as provided in Article 3.2.4.11., if a fire alarm system is required in a building, heat detectors shall be installed
 - (a) in every room in a building classified as Group A, Division 1 major occupancy,
 - (b) in every room other than sleeping rooms in a building classified as Group B major occupancy,
 - (c) in a building containing a hotel, in every room in a suite and in every room not located within a suite other than saunas, refrigerated areas and swimming pools, and
 - (d) in a building classified as Group C major occupancy that exceeds 3 storeys in building height, other than a building containing a hotel, in every suite and in every room not located within a suite other than saunas, refrigerated areas and swimming pools.

15. Article 3.2.4.12. of the said Regulation is revoked and the following substituted therefor:

- 3.2.4.12.(1) Except as permitted in Sentences (3) and (4), a manually actuated signalling box shall be installed in every floor area near every required exit.
- (2) In a building containing a hotel, a manually actuated signalling box shall also be installed in the main reception area.
- (3) In Group C apartment buildings, if a signalling box is not installed in a floor area in accordance with Sentence (1)
 - (a) a manually actuated signalling box shall be installed in every dwelling unit in the floor area near each egress door leading from the dwelling unit,
 - (b) smoke detectors shall be installed in the floor area in public corridors and stairwells, and
 - (c) fire detectors shall be installed in the floor area in all common public areas and in rooms not located within dwelling units.
- (4) In floor areas where the signalling boxes are located in dwelling units, a legible sign stating "Fire Alarm Pull Stations located in apartment units" shall be posted near every exit in a public corridor.

16. Sentence 3.2.5.1.(6) of the said Regulation is amended by inserting after "buildings" in the second line "containing a hotel or in buildings".
17. Article 3.2.5.5. of the said Regulation is amended by adding thereto the following Sentence:

(2) If a building is required to be sprinklered, sprinkler protection need not be provided in computer room floors

- (a) if the electrical communication wiring and cable sheathes meet the classification of FT1 under the vertical flame test in Clause 4.11.1. of CSA C22.2 No. 0.3 "Test Methods for Electrical Wires and Cables", and
- (b) in noncombustible buildings, if the combustible components are limited to those permitted in Article 3.1.4.5.

18. Article 3.2.6.9. of the said Regulation is revoked and the following substituted therefor:

3.2.6.9.(1) Electrical conductors shall be protected against fire exposure in accordance with Sentence (3) if the electrical conductors

- (a) are used in connection with fire alarm systems, voice communication systems, emergency lighting and equipment described in Articles 3.2.6.2. to 3.2.6.8., and
- (b) are installed in service spaces or service rooms containing combustible material.

(2) Electrical conductors interconnecting a central alarm and control facility and a fire alarm control unit that are located in separate fire compartments or buildings shall be protected against fire exposure in accordance with Sentence (3).

(3) To ensure continued operation for a period of at least 1 h, electrical conductors described in Sentences (1) and (2)

- (a) shall be protected against fire exposure by a fire separation having a fire-resistance rating, or
- (b) shall meet the fire endurance tests when tested in accordance with ULC-S101, "Standard Methods of Fire Endurance Tests of Building Construction and Materials".

- 19.—(1) Sentence 3.2.7.1.(1) of the said Regulation is revoked and the following substituted therefor:

(1) Every exit, public corridor, corridor providing access to exit for the public, corridor serving classrooms, corridor serving patients, electrical equipment room, transformer vault and hoistway pit shall be equipped to provide illumination to an average level of at least 50 lx at floor level and at all points such as angles and intersections at changes of level where there are stairs or ramps.

- (2) Article 3.2.7.1. of the said Regulation is amended by adding thereto the following Sentence:

(3) Elevator machine rooms shall be equipped to provide illumination to an average level of at least 100 lx at floor level.

20. Clauses 3.2.7.3.(1)(d) and (e) of the said Regulation are revoked and the following substituted therefor:

- (d) covered malls.

- (e) floor areas or parts thereof where the public may congregate and which are not provided with natural lighting in
 - (i) Group A, Division 1 occupancies, and
 - (ii) Group A, Division 2 and 3 occupancies with an occupant load of 60 persons or more, and
- (f) all places of assembly with an occupant load greater than 60 persons in a building containing a hotel.

21. Sentence 3.2.7.4.(2) of the said Regulation is revoked and the following substituted therefor:

(2) Except as provided in Sentence (3), emergency electrical power systems for emergency equipment that are required under this Part for hospitals shall be installed in conformance to CSA Z32.4 "Essential Electrical Systems for Hospitals".

22.—(1) Sentence 3.3.3.3.(1) of the said Regulation is amended by striking out "patients' bedrooms" in the second line and inserting in lieu thereof "patients".

(2) Sentence 3.3.3.3.(2) of the said Regulation is revoked and the following substituted therefor:

(2) Every corridor serving patients shall be at least 2 400 mm wide.

23. Article 3.3.3.7. of the said Regulation is amended by adding thereto the following Sentence:

(2) In addition to the requirements for fire alarm and detection systems in Subsection 3.2.4., a remote audiovisual fire alarm trouble signal shall be located at the main nursing station in a nursing home.

24. Article 3.3.3.9. of the said Regulation is revoked and the following substituted therefor:

3.3.3.9. Every doorway serving patients shall be at least 1 050 mm wide.

25. Subsection 3.3.3. of the said Regulation is amended by adding thereto the following Articles:

3.3.3.10.(1) Doorways to bathrooms, washrooms, toilets and shower rooms in hospitals and nursing homes shall be equipped with doors that

- (a) are capable of being locked from the inside with one hand, and
- (b) are provided with a means of emergency release from the outside.

3.3.3.11.(1) If patient bedrooms or patient services are provided on more than one floor level and the floor levels are not connected by ramps conforming to Article 3.7.3.4., such floor levels shall be served by at least one elevator that

- (a) is large enough to accommodate a stretcher in a horizontal position, and
- (b) conforms to Appendix E of CSA-B44 "Safety Code for Elevators, Dumbwaiters, Escalators and Moving Walks".

3.3.3.12. Corridors and ramps used by residents in a nursing home shall be equipped with handrails on each side conforming to Sentences 3.4.7.5.(3), (4), (6), (7) and (8).

3.3.3.13. Floor areas accessible to residents and patients in Group B, Division 2 institutional occupancies shall have non-skid floor finishes or coverings.

26. Article 3.3.4.2. of the said Regulation is amended by adding thereto the following Sentence:

(4) In a building containing a hotel, unsprinklered storage rooms and closets shall be separated, or shall be contained within a suite that is separated, from the rest of the building by a fire separation having a fire-resistance rating of at least 3/4 h.

27.—(1) Sentence 3.4.2.1.(1) of the said Regulation is revoked and the following substituted therefor:

(1) Except as provided in Sentences (2) to (4), and (7), every floor area regulated in Sentence 3.4.1.1.(1) shall be served by not fewer than 2 exits.

(2) Article 3.4.2.1. of the said Regulation is amended by adding thereto the following Sentence:

(7) Every assembly occupancy in a building containing a hotel shall be provided with at least

(a) 3 independent well-separated exits from a floor area where the occupant load exceeds 600 persons, and

(b) 4 independent well-separated exits from a floor area where the occupant load exceeds 1000 persons.

28.—(1) Clause 3.4.3.1.(2)(a) of the said Regulation is amended by striking out “in bed” at the end thereof.

(2) Clause 3.4.3.1.(2)(e) of the said Regulation is amended by striking out “in bed” in the second line.

(3) Clause 3.4.3.1.(2)(f) of the said Regulation is amended by striking out “in bed” at the end thereof.

29. Clauses 3.4.4.1.(7)(d), (e) and (f) of the said Regulation are revoked and the following substituted therefor:

(d) that if the exit does not serve a building containing a hotel, the lobby is not located within an interconnected floor space other than as described in Sentence 3.2.8.1.(8),

(e) the lobby conforms to the requirements for exits, except that

(i) rooms other than service rooms and storage rooms may open onto the lobby,

(ii) the fire separation between the lobby and a room used for the sole purpose of control and supervision of the building need not have a fire-resistance rating, and

(iii) the fire separation between the lobby and adjacent occupancies that are permitted to open onto the lobby need not have a fire-resistance rating when the lobby and adjacent occupancies are sprinklered,

(f) the fire separation required in Sentence (1) shall be maintained between the exit and the lobby, and

- (g) that if the exit serves a building containing a hotel, the lobby is not located within an interconnected floor space.

30. Article 3.4.5.1. of the said Regulation is revoked and the following substituted therefor:

3.4.5.1.(1) Except as required in Sentence (2), every exit door other than the main entrance to a room or building shall have an exit sign placed over it when the exit serves

- (a) a building exceeding 2 storeys in building height,
- (b) a building having an occupant load greater than 150,
- (c) a room or floor area that has a fire escape as part of a required means of egress, or
- (d) a corridor more than 25 m long serving inmates' bedrooms or patients in Group B, Division 2 occupancies.

(2) In a building containing a hotel, exit signs shall be installed to indicate

- (a) exit stairways and fire escapes, and
- (b) exits from exit stairway enclosures and corridors to the exterior.

(3) Except as provided in Section (9), every exit sign shall

- (a) be visible from the exit approach,
- (b) have the word EXIT or the words EXIT/SORTIE displayed in plain legible letters, and
- (c) be designed to be illuminated continuously while the building is occupied.

(4) Lettering on exit signs shall consist of

- (a) red letters on a contrasting background or white letters on a red background, at least 114 mm high with 19 mm stroke spelling EXIT or EXIT/SORTIE when the sign is internally illuminated, and
- (b) white letters on a red background or red letters on a white background at least 150 mm in height with 19 mm stroke spelling EXIT or EXIT/SORTIE when the sign is externally illuminated.

(5) The lighting for exit signs shall

- (a) be supplied from an electrical circuit that
 - (i) is separate from other circuits, or
 - (ii) serves other emergency equipment, and
- (b) be connected to an emergency power supply as described in Sentence 3.2.7.3.(2) if emergency lighting is required in Sentence 3.2.7.3.(1).

(6) If necessary, signs shall be provided to indicate the direction of egress in public corridors and passageways, and shall have the word EXIT or the words EXIT/SORTIE with a suitable arrow or pointer indicating the direction or egress, and the size of lettering shall conform to Sentence (4).

(7) Except for egress doors described in Sentence 3.3.2.3.(3) and except for a main entrance door, an exit sign conforming to Sentences (3), (4) and (5) shall

be placed over every egress door from rooms with an occupant load of more than 60 in Group A, Division 1 occupancies, dance halls, licensed beverage establishments and other similar occupancies that, when occupied, have lighting levels below that which would provide easy identification of the egress door.

(8) Except for egress doors described in Sentence 3.3.2.3.(3) and except for a main entrance door, an exit sign conforming to Sentences (3), (4) and (5) shall be placed over every egress door from rooms with an occupant load of more than 60 in a building containing a hotel.

(9) If an exit sign having the word EXIT is installed in conformance with Sentence (1), (6), (7) or (8), an additional sign displaying the word SORTIE may be installed.

31. Sentence 3.4.7.2.(2) of the said Regulation is revoked and the following substituted therefor:

(2) Treads and landings of exterior exit stairs shall be designed to be free from ice and snow accumulation if the exit stairs

(a) exceed 10 m in height, or

(b) serve a building containing a hotel.

32. Sentence 3.4.7.5.(5) of the said Regulation is revoked and the following substituted therefor:

(5) Except as provided in Sentence (5a), at least 1 handrail shall be continuous throughout the length of a stairway including landings except where the handrail is interrupted by doorways or newels at changes in direction.

(5a) In nursing homes and homes for the aged, continuous handrails shall be provided on both sides of a stairway throughout the length of the stairway including landings except where a handrail is interrupted by doorways or newels at changes in direction.

33. Sentences 3.4.7.12.(12), (15) and (18) of the said Regulation are revoked and the following substituted therefor:

(12) Except as required in Article 3.7.3.3. and in Sentence (19), if a door is equipped with a latching mechanism, a device that will release the latch and allow the door to swing wide open when a force of not more than 90 N is applied to the device in the direction of exit travel shall be installed on

(a) every exit door from a floor area containing a Group A occupancy having an occupant load of more than 100 persons,

(b) every door leading to an exit lobby from an exit stair shaft, and every exterior door leading from an exit stair shaft in buildings having an occupant load of more than 100 persons, and

(c) every exit door from a floor area containing a Group F, Division 1 occupancy.

(15) An electromagnetic locking device that does not incorporate latches, pins or similar devices to keep the door in the closed position may be installed on an exit door, other than an exit door in a building containing a hotel or leading directly from a Group F, Division 1 occupancy

(a) if the building is equipped with a fire alarm system conforming to Subsection 3.2.4.,

- (b) if the locking device is installed as an ancillary device to the fire alarm system and releases immediately
 - (i) upon activation of the fire alarm signal,
 - (ii) in the event of a power failure or ground fault, and
 - (iii) upon actuation of a manually operated switch accessible only to authorized personnel manning a central control facility at all times the building is occupied,
- (c) if a manually actuated signalling box for the fire alarm system is located on the wall not more than 600 mm from the door,
- (d) if, upon its release, the locking device must be reactivated manually by the actuation of the switch referred to in Subclause (b) (iii),
- (e) if a legible sign having the words EMERGENCY EXIT UNLOCKED BY FIRE ALARM is permanently mounted on the exit door, and
- (f) if the lettering on the sign required in Clause (e) is at least 25 mm high with a 5 mm stroke.

(18) Arabic numerals indicating the assigned floor number shall

- (a) be mounted permanently on the stair side and the floor side of a door to an exit stair shaft that serves a building containing a hotel,
- (b) be mounted permanently on the stair side of a wall at the latch side of a door to an exit stair shaft in all other buildings,
- (c) be at least 60 mm high, raised approximately 0.7 mm above the surface on which they are applied,
- (d) be located 1 500 mm above the finished floor and not more than 300 mm from the door, and
- (e) be contrasting in colour with the surface on which they are applied.

(19) In a building containing a hotel in which an exit door is equipped with a latching mechanism, there shall be installed on every exit door and on every door providing access to an exit from a room or floor area with an occupant load of more than 60 persons, a device consisting of a panel or bar that

- (a) extends across at least $\frac{2}{3}$ of the width of the door,
- (b) is placed at a height suitable for the service required, and
- (c) is designed to release the latch and allow the door to swing open when a force of 90 N or less is applied to the device in the direction of exit travel.

34. Sentence 3.5.2.8.(1) of the said Regulation, as amended by section 25 of Ontario Regulation 183/88, is revoked and the following substituted therefor:

(1) If a transformer vault is required by a regulation made under the *Power Corporation Act*, the transformer vault shall be designed and constructed in accordance with the requirements of Rules 26-350 to 26-356 of Ontario Regulation 183/84 (the Electrical Safety Code).

35. Subsection 3.5.2. of the said Regulation is amended by adding thereto the following Article:

3.5.2.10.(1) When oxygen cylinders are not in use in a Group B, Division 2 institutional occupancy, the oxygen cylinders shall be stored in a room that

- (a) is used for no other purpose,
 - (b) is vapour tight,
 - (c) is lined with noncombustible finish,
 - (d) is separately exhausted to the exterior,
 - (e) is equipped with a blowout panel, if the room is designed to store 4 or more cylinders,
 - (f) is equipped with racks to store the cylinders, and
 - (g) is sprinklered, if the room is designed to store 4 or more cylinders.
- (2) If sprinklers are required under Clause (1) (g) in a building or floor area that is not sprinklered, the sprinklers may be supplied with water from the domestic supply or the standpipe system.

- 36.—(1) Sentence 3.6.1.3.(1) of the said Regulation is amended by inserting at the beginning thereof “Except as provided in Sentence (1a),”.

- (2) Article 3.6.1.3. of the said Regulation is amended by adding thereto the following Sentence:

(1a) Bedrooms for residents in nursing homes shall have, exclusive of space provided for washrooms and for built-in or portable clothes closets, a minimum floor space of

- (a) 10.22 m² in a single-bed unit,
- (b) 16.72 m² in a two-bed unit,
- (c) 25.08 m² in a three-bed unit, and
- (d) 29.73 m² in a four-bed unit.

37. Subsection 3.6.1. of the said Regulation is amended by adding thereto the following Article:

3.6.1.4.(1) Recreational camps shall have an area in the sleeping quarters of at least 3.72 m² per camper or, if double or triple tier bunk units are used, 2.79 m² per camper.

(2) A camp for housing of workers shall have a minimum area of 3.72 m² per employee in every room used for sleeping purposes.

- 38.—(1) Article 3.6.2.1. of the said Regulation is amended by striking out “Unless otherwise permitted” in the first line and inserting in lieu thereof “Except as provided in Sentences (2) and (3) or otherwise permitted,”.

- (2) Article 3.6.2.1. of the said Regulation is further amended by adding thereto the following Sentences:

(2) Nursing homes shall have

- (a) in an activity room, a sitting room or a lounge, 1 or more windows with a total unobstructed glass area, exclusive of skylights, of at least 10 per cent of the area of the room, and

(b) in a patient's bedroom, 1 or more windows that

- (i) have a total unobstructed glass area, exclusive of skylights, of at least 10 per cent of the area of the room,
- (ii) open to the outdoors and have a total unobstructed glass area, exclusive of skylights, of at least 5 per cent of the area of the room, and
- (iii) are installed with the bottom edge of the glass of every window not more than 660 mm above the floor.

(3) Play activity rooms in day nurseries shall have 1 or more windows that conform to Clause (2) (a).

39.—(1) Sentence 3.6.4.2.(2) of the said Regulation, as amended by section 28 of Ontario Regulation 183/88, is revoked and the following substituted therefor:

(2) Except as provided in Sentence (2a), if water closets are required under this Subsection, urinals may be substituted for water closets up to a maximum of

(a) 1/5 of the number of water closets required for hospitals and nursing homes, and

(b) 2/3 of the number of water closets required in buildings other than hospitals and nursing homes.

(2a) If only 2 water closets are otherwise required under this Subsection, 1 urinal may be substituted for 1 of the water closets.

(2) Sentence 3.6.4.2.(3) of the said Regulation is revoked and the following substituted therefor:

(3) Except as provided in Sentences (4), (6), (15), (20), (24), (25) and (26), at least 1 lavatory shall be provided in a room containing 1 or 2 water closets or urinals and at least 1 additional lavatory for each additional 2 such fixtures.

(3) Table 3.6.4.A. of the said Regulation, as amended by section 30 of Ontario Regulation 183/88 and section 9 of Ontario Regulation 581/88, is further amended by striking out item 2 under the heading "Group B, Institutional Occupancies" and inserting in lieu thereof the following:

2) Division 2

3.6.4.2.(10) and
(23)

(4) Items 1 and 2 under the heading "Group C, Residential Occupancies" of Table 3.6.4.A. of the said Regulation are revoked and the following substituted therefor:

1) dwelling units

9.32.4.

2) recreational camps, camps for housing of workers

3.6.4.2.(25), (26)

3) all other residential occupancies

3.6.4.2.(10)

(5) Clause 3.6.4.2.(10)(a) of the said Regulation is revoked and the following substituted therefor:

(a) Group B, Division 2 institutional occupancies as determined by the number of employees,

(aa) Group C occupancies, except for dwelling units, recreational camps and camps for housing of workers,

- (6) Article 3.6.4.2. of the said Regulation, as amended by sections 28 and 29 of Ontario Regulation 183/88 and section 10 of Ontario Regulation 581/88, is further amended by adding thereto the following Sentences:

(23) In a Group B, Division 2 institutional occupancy, a washroom that is equipped with 1 water closet and 1 lavatory and is accessible from patients' bedrooms shall be provided to serve not more than 4 patients.

(24) A water distribution system supplying hot water to bathtubs, shower and hand basins that are accessible to patients or residents in Group B, Division 2 institutional occupancies or residents of a group home, a home for special care or a residence for developmentally-handicapped adults shall have 1 or more temperature gauges and control devices that are

- (a) accessible only to supervisory staff, and
- (b) capable of being adjusted to ensure that the temperature of the water supplied to the fixtures does not exceed 49°C.

(25) A minimum of 1 water closet or privy shall be provided

- (a) for every 10 campers of each sex in a recreational camp, or
- (b) for every 10 employees of each sex in a camp for housing of workers.

(26) In recreational camps and camps for housing of workers, at least 2 lavatories or provision for a pail or other portable container of sound construction shall be provided for each of the water closets or privies required in Sentence (25).

(27) A camp for housing of workers shall include

- (a) at least 1 shower or other area of bathing, and
- (b) provision for at least 1 washing machine or laundry tub for every 15 beds.

(28) Every pharmacy shall be provided with a sink with hot and cold running water for washing utensils used in the preparation, service or storage of drugs.

40. Subsection 3.6.5. of the said Regulation is amended by adding thereto the following Article:

3.6.5.3.(1) Every installation of an x-ray machine shall be shielded with a primary protective barrier and a secondary protective barrier so that

- (a) no x-ray worker receives a whole-body-dose-equivalent of more than 1 millisievert per week, and
- (b) no person, other than the patient undergoing an application of therapeutic or diagnostic x-rays, who is not an x-ray worker, receives a whole-body-dose-equivalent of more than 0.1 millisievert per week.

(2) The requirements of Sentence (1) shall be deemed to be met if the barrier are designed to comply with Appendix 2 of BRMD, Safety Code 20A, "X-ray Equipment in Medical Diagnosis Part A: Recommended Safety Procedure for Installation and Use".

(3) Lead shielding that is used as a barrier shall be mounted in such a manner as to avoid sagging or damage to it.

(4) Joints between different kinds of barrier material shall be constructed so that the overall attenuation of the barrier is not impaired.

(5) Windows, doors and other openings in a barrier shall be constructed to comply with Sentence (2).

(6) All doors leading directly into an x-ray room shall be fitted with self-closing devices and, if the doors are accessible to the public, shall have prominently displayed on them warning signs sufficient to alert persons to the presence of the x-ray equipment.

41. Clause 3.7.2.1.(1)(f) of the said Regulation is revoked and the following substituted therefor:

(f) into patients' rooms, patients' washrooms and floor areas where patient services are provided.

42.—(1) Sentence 3.7.3.10.(1) of the said Regulation is amended by inserting after "occupancy" in the second line "or of Group B, Division 2 institutional occupancy".

(2) Article 3.7.3.10. of the said Regulation is amended by adding thereto the following Sentence:

(2) Individual shower stalls that are provided for use by residents and patients in buildings of Group B, Division 2 institutional occupancy shall conform to the requirements of Clauses (1) (a) to (i).

43. Subsection 3.7.3. of the said Regulation is amended by adding thereto the following Article:

3.7.3.11.(1) Individual bathtubs that are provided for the use of residents and patients in Group B, Division 2 institutional occupancies

(a) shall have faucet handles of the lever type that are not spring-loaded,

(b) shall have faucet handles that are located so as to be usable by a person seated in the bathtub, and

(c) shall have mounted on the wall, unless the bathtub is free-standing, an "L"-shaped grab bar conforming to Subclauses 3.7.3.6.(1)(d)(iv) to (vi)

(i) with each leg of the "L" being at least 900 mm long,

(ii) with the legs of the "L" being separated by 90°,

(iii) with the horizontal leg of the "L" being located between 150 mm and 200 mm above and parallel to the rim of the bathtub, and

(iv) with the vertical leg of the "L" being located between 300 mm and 450 mm from the control end of the bathtub.

44. Sentence 4.1.9.3.(5) of the said Regulation, as amended by section 33 of Ontario Regulation 183/88, exclusive of the Clauses, is revoked and the following substituted therefor:

(5) In velocity-related or acceleration-related seismic zones of 2 and higher, reinforcement conforming to Clause 5.10.4. of CSA-S304, "Masonry Design for Buildings" shall be provided for masonry construction in

45. Article 4.3.2.1. of the said Regulation is revoked and the following substituted therefor:

4.3.2.1. Buildings and their structural members made of plain and reinforced masonry shall conform to CSA-S304, "Masonry Design for Buildings".

46. Sentence 6.2.1.1.(2) of the said Regulation is revoked and the following substituted therefor:

(2) Buildings classified as Group B, Division 2 institutional occupancies or Group C residential occupancies that are intended for use in the winter months on a continuing basis shall be insulated and be equipped with heating facilities that are capable of maintaining an indoor air temperature of 22°C at the outside winter design temperature referred to in Article 6.2.1.6.

47. Sentence 6.2.2.1.(2) of the said Regulation is amended by striking out "residential occupancies" in the second line and inserting in lieu thereof "Group B, Division 2 institutional occupancies and Group C residential occupancies".

48. Sentence 6.2.2.3.(1) of the said Regulation is amended by striking out "removed" in the second line and inserting in lieu thereof "exhausted".

49. Subsection 9.5.6. of the said Regulation is amended by adding thereto the following Article:

9.5.6.5.(1) Recreational camps shall have an area in the sleeping quarters of at least 3.72 m² per camper or, if double or triple tier bunk units are used, 2.79 m² per camper.

(2) A camp for housing of workers shall have a minimum area of 3.72 m² per employee in every room used for sleeping purposes.

50. Article 9.6.5.5. of the said Regulation is revoked and the following substituted therefor:

9.6.5.5.(1) Mirrored glass doors

(a) may be used only at the entrance to clothes closets,

(b) shall conform to CGSB-82.6 "Doors, Mirrored Glass, Sliding or Folding, Wardrobe", and

(c) shall be reinforced with a film backing or a securely fastened backing of hardwood, plywood or particleboard, unless the glass is safety glass of the tempered or laminated type.

(2) Mirrored glass doors reinforced with a film backing shall meet the impact resistance requirements specified in CGSB-12.5, "Mirrors, Silvered".

51. Article 9.9.2.8. of the said Regulation is revoked and the following substituted therefor:

9.9.2.8. Barrier-free access described in Article 9.9.2.7. need not be provided for houses including semi-detached houses, duplexes, triplexes, town houses, boarding, lodging or rooming houses and row houses.

52. Subsection 9.9.2. of the said Regulation is amended by adding thereto the following Article:

9.9.2.11. Treads and landings of exterior exit stairs that serve a building containing a hotel shall be designed to be free from ice and snow accumulation.

53. Article 9.9.3.3. of the said Regulation is revoked and the following substituted therefor:

9.9.3.3. Except for dormitories, the occupant load for dwelling units or suites shall be based on 2 persons per bedroom or sleeping area.

54. Subsection 9.9.6. of the said Regulation is amended by adding thereto the following Articles:

9.9.6.14. In a building containing a hotel, there shall be installed on every egress door that is equipped with a latching device and leads from any room or floor area with an occupant load of more than 60 persons, a device consisting of a panel or bar that

- (a) extends across at least $\frac{2}{3}$ the width of the door,
- (b) is placed at a height suitable for the service required, and
- (c) is designed to release the latch and allow the door to swing open when a force of 90 N or less is applied to the device in the direction of egress.

9.9.6.15. Arabic numerals indicating the assigned floor number shall

- (a) be mounted permanently on the stair side and the floor side of a door to an exit stair shaft that serves a building containing a hotel,
- (b) be at least 60 mm high, raised approximately 0.7 mm above the surface on which they are applied,
- (c) be located 1 500 mm above the finished floor and not more than 300 mm from the door, and
- (d) be contrasting in colour with the surface on which they are applied.

55. Article 9.9.8.8. of the said Regulation is revoked and the following substituted therefor:

9.9.8.8. A maximum of 1 exit from a floor area may lead through a lobby

- (a) if the lobby floor is not more than 4.5 m above grade,
- (b) if the path of travel through the lobby to the outdoors does not exceed 15 m,
- (c) if the adjacent rooms or premises with direct access to the lobby do not contain a Group C or F occupancy,
- (d) if the exit serves a building containing a hotel and the lobby is not located within an interconnected floor space,
- (e) if the exit does not serve a building containing a hotel and the lobby is not located within an interconnected floor space other than as described in Sentence 3.2.8.1.(8), and
- (f) if the fire separation required in Sentence 3.4.4.1.(1) is maintained between the exit and the lobby.

56. Sentence 9.9.10.3.(1) of the said Regulation is revoked and the following substituted therefor:

(1) Except as provided in Sentence (2), every exit door other than a main entrance to a room or building shall have an exit sign placed over it if the exit serves

- (a) a 3 storey building,

- (b) a building with an occupant load greater than 150, or
- (c) a room or floor area that has a fire escape as part of a required means of egress.

(2) In a building containing a hotel, exit signs shall be installed to indicate

- (a) exit stairways and fire escapes, and
- (b) exits from exit stairway enclosures and corridors to the exterior.

57. Article 9.10.1.10. of the said Regulation is revoked and the following substituted therefor:

9.10.1.10.(1) Chutes and shafts, other than those that are entirely contained within a dwelling unit, shall conform to Subsection 3.5.3.

(2) If chutes and shafts located in a building containing a hotel are connected to an intake or discharge room, the room shall be separated by a fire separation having a fire-resistance rating of at least 3/4 h.

58. Subsection 9.10.10. of the said Regulation is amended by adding thereto the following Article:

9.10.10.12. In a building containing a hotel, unsprinklered storage rooms and closets shall be separated, or shall be contained within a suite that is separated, from the rest of the building by a fire-separation having a fire-resistance rating of at least 3/4 h.

59. Article 9.10.13.12. of the said Regulation is revoked and the following substituted therefor:

9.10.13.12. Self-closing devices described in Article 9.10.13.11. are not required on doors between public corridors and suites in business and personal services occupancies other than in dead-end corridors and public corridors serving sleeping areas in a building containing a hotel.

60. Article 9.10.17.5. of the said Regulation is revoked and the following substituted therefor:

9.10.17.5.(1) Except as provided in Article 9.10.17.6. and Sentence (2), buildings required to have a fire alarm system shall be equipped with heat detectors or smoke detectors in storage rooms, service rooms, elevator shafts, chutes, janitors' closets and any other rooms where hazardous substances are intended to be used or stored.

(2) If a fire alarm system is required in a building containing a hotel, heat detectors or smoke detectors shall be installed in every room in a suite and in every room not located within a suite other than refrigerated areas, saunas and swimming pools.

61. Subsection 9.10.17. of the said Regulation, as amended by section 64 of Ontario Regulation 183/88, is further amended by adding thereto the following Article:

9.10.17.12. If a fire alarm system is required in a building containing a hotel, a single stage fire alarm system shall be provided.

62. Subsection 9.10.19. of the said Regulation is amended by adding thereto the following Article:

9.10.19.6. In a building containing a hotel, portable fire extinguishers shall be provided and installed in conformance with Ontario Regulation 67/87 (the Fire Code).

63. Articles 9.10.20.1., 9.10.20.2., 9.10.20.3., 9.10.20.5., 9.10.20.8., 9.10.20.9., as remade by section 65 of Ontario Regulation 183/88, and 9.10.20.10. of the said Regulation are revoked and the following substituted therefor:

9.10.20.1. Except as provided in Articles 9.10.20.2. to 9.10.20.11., camps for housing of workers shall conform to Subsections 9.10.1. to 9.10.19.

9.10.20.2. Except for sleeping rooms within dwelling units, sleeping rooms in a building in a camp for housing of workers shall be separated from each other and from the remainder of the building by a fire separation having a fire-resistance rating of at least 1/2 h.

9.10.20.3. Except in a dwelling unit, a floor assembly in a building in a camp for housing of workers separating the first storey and the second storey shall be constructed as a fire separation having a fire-resistance rating of at least 1/2 h.

9.10.20.5. Buildings in a camp for housing of workers shall be separated from each other by a distance of at least 10 m unless otherwise permitted in Subsection 9.10.14.

9.10.20.8. Except in dwelling units, corridors providing access to exit from sleeping rooms in every building in a camp for housing of workers with sleeping accommodation for more than 10 persons shall have a smoke detector connected to the building alarm system.

9.10.20.9. Each building in a camp for housing of workers shall be provided with portable fire extinguishers to conform with Ontario Regulation 67/87 (the Fire Code).

9.10.20.10. Every building in a camp for housing of workers providing sleeping accommodation for more than 30 persons shall have a hose station located near an exit, protected from freezing and equipped with a hose of sufficient length so that every portion of the building is within the range of a hose stream.

64. Sentence 9.20.9.8.(1) of the said Regulation, as amended by section 72 of Ontario Regulation 183/88, is revoked and the following substituted therefor:

(1) If the inner and outer wythes of cavity walls are bonded together with metal ties of the individual rod type, the ties shall be spaced

- (a) not more than 600 mm apart horizontally within 100 mm of the bottom of each floor or roof assembly where the cavity extends below the assemblies,
- (b) not more than 900 mm apart around openings within 300 mm of the openings, and
- (c) at other locations, not more than 900 mm apart horizontally and 460 mm apart vertically.

65. Article 9.26.3.4. of the said Regulation, as amended by section 82 of Ontario Regulation 183/88, is revoked and the following substituted therefor:

9.26.3.4.(1) Vapour barriers, other than polyethylene, shall conform to C'GSB-51.33, "Vapour Barrier, Sheet, for Use in Building Construction".

(2) Type 1 vapour barriers shall be used where a high resistance to vapour movement is required, such as in wall constructions that incorporate exterior cladding or sheathing with a low water vapour permeance.

(3) Where insulation is placed below the roof sheathing, and the roof slope is less than 1 in 6, or the roof incorporates no attic space, the insulation shall be protected by a Type 1 vapour barrier.

(4) Type 2 vapour barriers may be used in all locations except those described in Sentences (2) and (3).

66. Article 9.26.3.5. of the said Regulation is revoked and the following substituted therefor:

9.26.3.5. Polyethylene vapour barriers shall conform to CGSB-51.34, "Vapour Barrier, Polyethylene Sheet for Use in Building Construction".

67. Article 9.32.1.1. of the said Regulation is revoked and the following substituted therefor:

9.32.1.1. This Section applies to plumbing facilities and plumbing systems within dwelling units that are not within a recreational camp or a camp for housing of workers.

68. Article 9.32.4.3. of the said Regulation is amended by adding thereto the following Sentence:

(2) A water distribution system supplying hot water to bathtubs, showers and hand basins that are accessible to residents of a group home, a home for special care or a residence for developmentally- handicapped adults shall have 1 or more temperature gauges and control devices that are

(a) accessible only to supervisory staff, and

(b) capable of being adjusted to ensure that the temperature of the water supply to the fixtures does not exceed 49°C.

69. Subsection 9.32.4. of the said Regulation is amended by adding thereto the following Article:

9.32.4.6.(1) A minimum of 1 water closet or privy shall be provided

(a) for every 10 campers of each sex in a recreational camp, and

(b) for every 10 employees of each sex in a camp for housing of workers.

(2) In recreational camps and camps for housing of workers, at least 2 lavatories or provision for a pail or other portable container of sound construction shall be provided for each of the water closets or privies required in Sentence (1).

(3) A camp for housing of workers shall

(a) have at least 1 shower or other area of bathing, and

(b) provide for at least 1 washing machine or laundry tub for every 15 beds.

70. Article 9.33.4.2. of the said Regulation is revoked and the following substituted therefor:

9.33.4.2. A dwelling unit shall be constructed so that no air from the dwelling unit is circulated directly or indirectly to a public corridor, public stairway, other dwelling unit or other occupancy.

71.—(1) Article 9.35.2.9. of the said Regulation is revoked and the following substituted therefor:

9.35.2.9.(1) Every public or service area in a building, including a recreational camp and a camp for housing of workers, shall have lighting outlets with fixtures controlled by a wall switch or panel.

(2) The level of illumination provided by the fixtures referred to in Sentence (1) to every portion of the public or service area

(a) shall conform to Table 9.35.2.A., when the illumination is by incandescent lighting, and

(b) shall be equivalent to Table 9.35.2.A., when the illumination is not by incandescent lighting.

(2) Table 9.35.2.A. of the said Regulation is amended by adding at the end thereof:

Recreational camps and camps
for housing of workers:

Hallways, corridors, stairways and sleeping areas	100	10
Kitchens	500	50
All other rooms	250	25

72. Ontario Regulation 419/86 as it read on the 2nd day of April, 1989 continues to apply to construction and demolition begun within six months after a building permit or a demolition permit, as the case may be, for it is issued,

(a) if the permit was issued before the 3rd day of April, 1989; or

(b) if the permit is applied for before the 1st day of July, 1989 and the working drawings, plans and specifications were substantially completed before the 3rd day of April, 1989.

73. This Regulation comes into force on the 3rd day of April, 1989.

BUILDING CODE ACT

O. Reg. 115/89.

General.

Made—March 2nd, 1989.

Filed—March 3rd, 1989.

REGULATION TO AMEND ONTARIO REGULATION 419/86 MADE UNDER THE BUILDING CODE ACT

1. Article 2.1.1.6. of Ontario Regulation 419/86 is revoked and the following substituted therefor:

2.1.1.6.(1) Except as provided in Sentence (2), Part 11 applies to the design and construction of existing buildings, or parts of existing buildings, that have been in existence for at least five years.

(2) Where a building has been in existence for at least five years but includes an addition that has been in existence for less than five years, Part 11 applies to the entire building.

(3) Part 11 does not apply to a building regulated under the *Hotel Fire Safety Act*.

2. Sentence 2.1.1.7.(1) of the said Regulation is revoked and the following substituted therefor:

(1) Except as provided in Part 11, where an existing building is extended or subject to material alteration or repair, the Building Code is applicable only to the design and construction of the extensions and those parts of the building that are subject to the material alteration or repair.

3. Sentence 2.3.1.1.(1) of the said Regulation, as remade by section 4 of Ontario Regulation 114/89, is revoked and the following substituted therefor:

(1) Except as permitted in Sentences (2) and (3), the construction, including, for greater certainty, enlargement or alteration, of every building or part thereof described in Table 2.3.1.A. and this Article shall be designed and reviewed by an architect, professional engineer or both.

4. Sentence 3.1.3.1.(1) of the said Regulation is revoked and the following substituted therefor:

(1) The requirements for the prevention of fire spread and collapse for a building of a single major occupancy classification are provided in Subsection 3.2.2. according to building height and building area.

(1a) Where a building contains more than one major occupancy classified in more than one Group or Division, the requirements of Subsection 3.2.2. concerning building size and construction relative to occupancy shall be applied according to Sentences (2) to (6).

(1b) Where an existing building contains more than one major occupancy, the requirements of Subsection 11.4.2. for the classification of multiple occupancy buildings shall be applied according to Sentences (2) to (6).

5.—(1) Sentence 3.2.2.1.(1) of the said Regulation is revoked and the following substituted therefor:

(1) Except as provided in Sentences (3), (4) and (5), buildings shall be constructed in conformance with this Subsection to prevent fire spread and collapse caused by the effects of fire.

(2) Article 3.2.2.1. of the said Regulation is amended by adding thereto the following Sentences:

(4) Articles 3.2.2.9. to 3.2.2.53. do not apply to existing buildings being altered under Part 11.

(5) Existing buildings being altered under Part 11 shall be classified according to their construction and occupancy as set out in section 11.4

6. Subsection 3.2.9. of the said Regulation is revoked.

7. Part 11 of the said Regulation, as amended by sections 93 and 94 of Ontario Regulation 183/88, is revoked and the following substituted therefor:

PART 11 RENOVATION

SECTION 11.1 GENERAL

SUBSECTION 11.1.1 SCOPE

11.1.1.1. The Scope of this Part shall be as described in Section 2.1.

11.1.1.2. In this Part,

Alternative measure means a substitute for a requirement in another Part of the Code, or a substitute for a compliance alternative in this Part, that an applicant for a permit proposes and "A.M." has a corresponding meaning.

Basic renovation means construction to which less than 90 per cent of an entire floor area of an existing building is subjected and which does not adversely affect the life safety systems in the building, and where

- (a) a change in major occupancy does not require additional early warning or evacuation facilities,
- (b) the occupant load is not increased by more than 15 per cent, or
- (c) the hazard index of the new major occupancy is not greater than the construction index of the existing building.

Building system means a combination of elements or components that form a complete major division of construction in the design of a building or part of a building, including a structural or framing system, a waterproofing system, a drainage system, an exterior cladding system, a roofing system, a window system, a partition system, a corridor system, a stair system, a fire alarm and detection system, a sprinkler system or a heating, ventilation or air conditioning system, a foundation system, a standpipe and hose system, a flooring system, a plumbing system, or an electrical system.

Compliance alternative means a substitute for a requirement in another Part of the Code that is listed in this Part, and "C.A." has a corresponding meaning.

Construction index means a level on a scale of 1 to 8 determined in accordance with Table 11.4.1.A. designating the expected fire protection performance level of the type of construction of an existing building, and

“C.I.” has a corresponding meaning.

Hazard index means a level on a scale of 1 to 8 determined in accordance with Tables 11.4.1.B. to 11.4.1.M. designating the life safety hazard to occupants of the building based on

- (a) the type and number of occupants,
- (b) the use and function of floor spaces,
- (c) the difficulty of egress,
- (d) the fire load of contents, finishes and furnishings,
- (e) the configuration or compartmentation of floor spaces, and
- (f) the size of building,

and “H.I.” has a corresponding meaning.

Heritage building means a building designated under the *Ontario Heritage Act*, or a building that is certified to be of significant architectural or historical value by a recognized, non-profit public organization whose primary object is the preservation of structures of architectural or historical significance and which certification is accepted by the chief official.

Life safety system means a series of built-in components or an installation in an existing building designed to achieve early warning and evacuation or fire containment and suppression or structural adequacy or a healthy environment.

Match existing means maintaining the existing performance level of all or part of an existing building, including its components and materials, by the reuse, relocation or extension of the same or similar compatible materials or components, to retain the existing character, structural uniqueness, heritage value, or aesthetic appearance of all or part of the building, including its materials and components.

Performance level means that level of safety under which all or part of an existing building functions with respect to its life safety systems.

Public heritage building means a heritage building where occupancy in whole or in part includes viewing thereof by the public provided that displays therein are limited to objects used or worn by the former occupants of the building.

11.1.1.3.(1) Except as provided in Sentence (2), where an existing building is subject to material alteration or repair, the Building Code is applicable only to those parts of the building that are subject to the material alteration or repair.

(2) Where other parts of the building are adversely affected by the alteration or repair, additional construction may be required in conformance with Section 11.3.

SECTION 11.2 BUILDING SYSTEMS

SUBSECTION 11.2.1. EXISTING BUILDING SYSTEM

11.2.1.1. Where an existing building system is altered, the performance level of the building after the alteration shall be at least equal to the performance level prior to the alteration.

11.2.1.2. Where an existing building system is extended, the extension shall comply with Subsection 11.2.2.

11.2.1.3.(1) Except as provided in Sentence (2), where after proposed construction in all or part of an existing building

- (a) the major occupancy will change to a different major occupancy,
- (b) the occupant load will increase by more than 15 per cent, or
- (c) the live load will increase due to change in use within the same major occupancy,

the existing structural floor and roof framing systems and their supporting members after the construction shall be adequate to support the proposed dead loads and live loads.

(2) Where the existing structural floor or roof framing system and its supporting members are inadequate to support the proposed dead loads and live loads

- (a) the portion of the floor affected by the proposed loads is restricted to the loading it will support and signs stating the restrictions are posted, or
- (b) remedial measures are taken to support the proposed loads.

SUBSECTION 11.2.2. NEW BUILDING SYSTEM

11.2.2.1.(1) Except as provided in Subsections 11.2.3., 11.2.4. and 11.3.2. and Sentence (2), the design and construction of a new building system or an extension to an existing building system shall comply with the requirements of the other parts of the Code.

(2) Except as provided in Subsection 11.2.4., where substantially all existing interior walls or ceilings or floor assemblies or roof assemblies are removed in an existing building and new interior walls, ceilings or floor assemblies are installed in the building, their structural and fire-resistant elements shall be constructed in compliance with the requirements of the other parts of the Code.

SUBSECTION 11.2.3. COMPLIANCE ALTERNATIVES

11.2.3.1.(1) A compliance alternative to a requirement contained in Part 3, 4 or 6, shown in Tables 11.2.3.A., B, C, D/E or F, may be substituted for the requirement where the chief official is satisfied that compliance with the requirement is impracticable because

- (a) of structural or construction difficulties, or
- (b) it is detrimental to the preservation of a heritage building.

(2) A compliance alternative to a requirement contained in Part 9, shown in Tables 11.2.3.C, D/E or F, may be substituted for the requirement without satisfying the chief official that the requirement is impracticable.

SUBSECTION 11.2.4. ALTERNATIVE MEASURES

11.2.4.1. An alternative measure to

- (a) a requirement of Part 3, 4, 6 or 9 of the Code, or
- (b) a compliance alternative,

may be substituted for the requirement or the compliance alternative, as the case may be, and where the chief official is satisfied that compliance with the requirement or the compliance alternative, as the case may be, is impracticable because

- (c) of structural or construction difficulties, or
- (d) it is detrimental to the preservation of a heritage building.

SECTION 11.3 PERFORMANCE LEVEL

SUBSECTION 11.3.1. GENERAL

11.3.1.1. The performance level of a building after construction shall not be less than the performance level of the building prior to construction.

11.3.1.2.(1) Where, as a result of construction, the performance level of all or part of a building is reduced, compensating construction to restore the performance level of the building or part of the building shall be required in compliance with Tables 11.3.1.A., 11.3.1.B., 11.3.1.C. and 11.4.2.A.

(2) Compensating construction required under Sentence (1) applies to the part of the building being altered, and

- (a) shall include fire separations, with the required fire-resistance ratings, separating the part being altered from the floor areas immediately above and below and from the immediate adjacent areas, and
- (b) shall include access to exits and exits from the building, where the alteration adversely affects the exit system of the building.

Notes to table 11.3.1.C.:

1. One asterisk (*) refers to Noncombustible construction.
2. Two asterisks (**) refers to Combustible construction.

SUBSECTION 11.3.2. MATCH EXISTING

11.3.2.1. Construction may be carried out to match existing if

- (a) basic renovation is proposed,
- (b) the hazard index of a new major occupancy is not greater than the construction index of the existing building, or
- (c) there is no increase in occupant load greater than 15 per cent.

SUBSECTION 11.3.3. INCREASE IN OCCUPANT LOAD

11.3.3.1.(1) Except as provided in Sentence (2), proposed construction that increases the occupant load of an existing building by more than 15 per cent reduces the performance level of the building.

(2) Sentence (1) does not apply in a Group C occupancy where the new total occupant load is

- (a) 14 persons or less in a boarding, lodging or rooming house, except that where the occupant load is between 10 and 15 persons, an interconnected system of smoke alarms in corridors near stairways is required, or
- (b) 16 persons or less in a building containing residential suites which are dwelling units, except that where the occupant load is between 10 and 17 persons, an interconnected system of smoke alarms in corridors near stairways is required.

11.3.3.2. Where the performance level of an existing building is reduced under Sentence 11.3.3.1.(1), the performance level shall be restored by compliance with Table 11.3.1.B.

11.3.3.3. Nothing contained in this Subsection relieves an applicant from complying with requirements in other parts of the Code for fire separations except as provided in Subsections 11.2.3. and 11.2.4.

SUBSECTION 11.3.4. CHANGE IN MAJOR OCCUPANCY

11.3.4.1.(1) Proposed construction which will result in the change of the major occupancy of all or part of an existing building to another major occupancy of a greater hazard reduces the performance level of the building.

(2) Where proposed construction will change a major occupancy of all or part of an existing building to another major occupancy, the building shall be classified as to its construction and occupancy as set out in Section 11.4.

(3) Where a major occupancy of all or part of an existing building is changed to another major occupancy and the hazard index of the new major occupancy is equal to or less than the construction index of the existing building and, where the early warning and evacuation systems requirements of other parts of the Code for the new major occupancy exceed those of the existing systems, upgrading of those systems shall be required in conformance with the applicable requirements of Tables 11.3.1.A., 11.3.1.B. and 11.4.2.A.

(4) Except as provided in Sentence (5), where a major occupancy of all or part of an existing building is changed to another major occupancy and the hazard index of the new major occupancy is greater than the construction index of the existing building, upgrading of early warning and evacuation systems and additional upgrading shall be required in conformance with Tables 11.3.1.A., 11.3.1.B., 11.3.1.C. and 11.4.2.A. so that the construction index of the building is increased to at least equal the hazard index of the new major occupancy that the building is to support.

(5) Small or medium sized existing buildings as determined in Tables 11.4.1.B. to 11.4.1.M. facing multiple streets may be assigned a hazard index credit of 1, which may be subtracted from the hazard index of the new major occupancy to reduce the additional upgrading required by Table 11.3.1.C. provided

- (a) the building does not contain a Group B, Division 1, a Group C, or a Group F, Division 1 occupancy, and
- (b) fire fighting access complying with Articles 3.2.5.1. and 3.2.5.2. or Subsection 9.10.19., or an approved alternative measure, is provided from all streets.

(6) Where the occupancy of all or part of an existing building, not exceeding 6 storeys in building height and constructed of combustible construction, is changed to a residential occupancy that would require the building, if it were a new building, to be constructed of noncombustible construction, such requirements for noncombustible construction are satisfied if the building is sprinklered.

SUBSECTION 11.3.5. PORTIONS OF EXTENDED BUILDINGS

11.3.5.1.(1) Where an existing building is extended, this Part applies to the performance level of the existing portion of the building.

(2) Except as required in Sentence (3), the extended portion of the building shall comply with all other Parts of the Code.

(3) Where the occupant load of the building after extension is increased by more than 15 per cent, the requirements of Subsection 11.3.3. shall apply to the building as extended.

SECTION 11.4. CONSTRUCTION AND OCCUPANCY

SUBSECTION 11.4.1. CLASSIFICATION OF EXISTING BUILDINGS

11.4.1.1.(1) For the purposes of this Part, existing buildings shall be classified as to their construction and occupancy on the basis of construction index and hazard index as provided for in this Part, including Tables 11.4.1.A. to 11.4.1.M. and 11.3.1.A. to 11.3.1.C.

(2) The requirements of Articles 3.2.2.9. to 3.2.2.53. do not apply to this Part.

Notes to Table 11.4.1.A.:

- (1) C.I. of 1 is lowest fire protection performance level and C.I. of 8 is highest.
- (2) Take highest rating for C.I. from Table 11.4.1.A. for existing building.
- (3) For residential occupancies with a H.I. of 3, all floors shall have a minimum 1/2 h fire-resistance rating.
- (4) For residential occupancies with a H.I. of 4 or more, all floors shall have a minimum 3/4 h fire-resistance rating.
- (5) For institutional occupancies, with any H.I., all floors shall have a minimum 3/4 h fire-resistance rating.
- (6) Except for C.I. of 1 or 2, all floor assemblies with 0 h fire-resistance rating shall be fire separations.

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

PUBLIC NOTICE

"THE MOTOR VEHICLE TRANSPORT ACT, 1987", PART II TRUCK APPLICATIONS

The Applicants listed herein have applied for licences to operate an extra-provincial truck undertaking under Part II of the Motor Vehicle Transport Act, 1987. The Applications were published in the Ontario Gazettes of December 10, 17, 24, 31 and January 7.

Notices of Objection and written evidence were filed on these applications, within the time prescribed, by interested persons. The Ontario Highway Transport Board has considered the evidence filed and is satisfied that in the absence of evidence to the contrary the operation of the extra-provincial truck undertaking in respect of which the licences are sought would likely be detrimental to the public interest. Any other interested persons who may wish to make representations or wish to file an objection and written evidence shall do so at least fifteen (15) days before the date set for hearing.

TAKE NOTICE that if any person who is a party to these proceedings does not attend at the hearing, the Board may proceed in his or her absence and such person is not entitled to any further notice in the proceedings.

Accordingly, the Board has directed that public hearings be held at the Board's Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario as indicated hereunder:

For further information with respect to these hearings, members of the public are advised to contact the Secretary of the Board.

Ontario Automobile Insurance Board

File No. R-89-1

IN THE MATTER OF the *Ontario Automobile Insurance Board Act*, 1988, S.O. 1988, c. 18;

AND IN THE MATTER OF a reference made by the Lieutenant Governor in Council pursuant to section 28 of the said Act.

NOTICE OF HEARING

THE ONTARIO AUTOMOBILE INSURANCE BOARD (the "Board"), at the request of the Lieutenant Governor in Council, will hold a Hearing pursuant to section 28 of the *Ontario Automobile Insurance Board Act*, 1988, S.O. 1988, c. 18.

Purpose of the Hearing

The Lieutenant Governor in Council has ordered the Board to conduct public hearings to examine the threshold no fault system of privately delivered automobile insurance (with two specified thresholds), and the choice no fault system of privately delivered automobile insurance. The Order in Council dated March 2, 1989 (the "Reference"), containing the details of the systems under consideration, is attached hereto.

The Lieutenant Governor in Council has specifically ordered the Board to report on the following:

1. An estimation of the average prices that would be charged for automobile insurance policies within the referred systems, based on the mandatory classification system, the determinations of fact and rates established by the

Ontario Automobile Insurance Board under its decision of February 13, 1989;

2. The feasibility of extending the systems to public and commercial vehicles;
3. The cost impact, if any, of the implementation of an alternative dispute resolution involving mediation and, if necessary, binding arbitration, for the settlement of no-fault compensation;
4. The administrative barriers that exist in relation to the systems that could result in significant additional costs either in implementation or in the continuing operation of the systems;
5. Whether there would be greater stability in the average prices charged for automobile insurance policies after implementation of the systems; and
6. An estimation of the level of recovery to injured persons that would be achieved under the systems.

The Board is to commence public hearings and report back to the Lieutenant Governor in Council as soon as is practicable.

The Hearing

THE HEARING will be held under File No. R-89-1 and will commence on Wednesday, April 12, 1989 at 9 o'clock a.m. in the Board's Hearing Room, 2nd Floor, 5 Park Home Avenue, North York.

A PRE-HEARING CONFERENCE will be held on Tuesday, March 21, 1989 at 2:30 p.m. in the Board's Hearing Room to deal with preliminary matters, including, but not limited to the following:

- o written evidence to be pre-filed
- o the interrogatory process
- o the hearing process
- o issues

The Board has engaged a consultant to assist the Board. The consultant will price the two systems of privately delivered automobile insurance as set out in the Reference. This evidence will be pre-filed on or before Monday, April 3, 1989.

A SECOND PRE-HEARING CONFERENCE will be held on Friday, April 7, 1989 at 9:00 a.m. in the Board's Hearing Room to settle the issues and to deal with any other procedural matters.

IF YOU WISH TO PARTICIPATE AS A PARTY IN THE HEARING, you (or your lawyer or agent) must file with the Board a written notice of your intention to participate as a party on or before Tuesday, March 21, 1989. A person who files such a notice intends to fully participate in the hearing.

INSTEAD OF PARTICIPATING AS A PARTY IN THE HEARING, you may comment on any of the issues as a LIMITED INTERVENOR by filing a letter of comment with the Board. A letter of comment should clearly state your views, set the grounds and the factual basis for your position, and indicate whether you intend to make an oral presentation

to the Board. Letters of comment must be filed at the Board's office on or before Thursday, April 20, 1989.

ALL DOCUMENTS FILED IN THIS PROCEEDING are available for viewing at the Board's office during office hours Monday to Friday, 8:30 a.m. to 4:45 p.m.

PROCEDURAL ORDERS as to how the matter will proceed may be issued from time to time. Copies of any procedural orders will be sent to all parties.

IF YOU DO NOT BECOME A PARTY TO THE HEARING OR INDICATE THAT YOU WISH TO MAKE AN ORAL PRESENTATION TO THE BOARD, THE BOARD MAY PROCEED IN YOUR ABSENCE AND YOU WILL NOT BE ENTITLED TO ANY FURTHER NOTICE OF THESE PROCEEDINGS.

Order in Council

O.C. 612/89

On the recommendation of the undersigned, the Lieutenant Governor, by and with the advice and concurrence of the Executive Council, orders that

WHEREAS the Lieutenant Governor in Council is empowered pursuant to section 28 of the *Ontario Automobile Insurance Board Act, 1988*, S.O. 1988, Chapter 18, to require the Ontario Automobile Insurance Board to examine and report on any question related to automobile insurance that, in the opinion of the Lieutenant Governor in Council, requires a public hearing;

AND WHEREAS the Lieutenant Governor in Council has received many thoughtful and constructive suggestions to improve the private delivery of automobile insurance in Ontario, including those recommended in the Report of Inquiry into Motor Vehicle Accident Compensation in Ontario tabled in the Legislature on April 18, 1988;

AND WHEREAS, in response to these suggestions and recommendations, two alternative systems of privately delivered automobile insurance, threshold no fault and choice no fault, are under consideration by the Lieutenant Governor in Council;

AND WHEREAS the Lieutenant Governor in Council is of the opinion that there are various questions arising with respect to the alternate systems that require a public hearing in order to facilitate the Lieutenant Governor in Council in its considerations;

NOW THEREFORE on the recommendation of the Minister of Financial Institutions, the Lieutenant Governor by and with the advice and concurrence of the Executive Council, orders that the Ontario Automobile Insurance Board conduct public hearings to examine the threshold no fault system of privately delivered automobile insurance, with two specified thresholds, set out in Schedule 1 hereto, and the choice no fault system of privately delivered automobile insurance set out in Schedule 2 hereto, and report on the following:

An estimation of the average prices that would be charged for automobile insurance policies within the referred systems, based on the mandatory classification system, the determinations of fact and rates established by the Ontario Automobile Insurance Board under its decision of February 13, 1989;

The feasibility of extending the systems to public and commercial vehicles;

The cost impact, if any, of the implementation of an alternative dispute resolution involving mediation and, if necessary, binding arbitration, for the settlement of no-fault compensation;

The administration barriers that exist in relation to the systems that could result in significant additional costs either in implementation or in the continuing operation of the systems;

Whether there would be greater stability in the average prices charged for automobile insurance policies after implementation of the systems; and

An estimation of the level of recovery to injured persons that would be achieved under the systems.

AND THAT the Ontario Automobile Insurance Board commence public hearings on these questions and report back to the Lieutenant Governor in Council as soon as practicable.

Recommended MURRAY J. ELSTON,
Minister of Financial Institutions.

Concurred MURRAY J. ELSTON,
Chairman.

Approved and Ordered, March 2, 1989.

LINCOLN M. ALEXANDER,
Lieutenant Governor.

Schedule 1

THRESHOLD NO FAULT

Threshold no fault is a system for compensating victims of automobile accidents in which a defined level of benefits is provided to individuals who are injured, irrespective of fault, and access to tort recovery is limited through a verbal threshold to serious cases.

In these cases, compensation is provided by way of no fault benefits from the victim's own insurer. These benefits include recovery of pecuniary (economic) losses, such as wage loss, medical and rehabilitation costs, and survivors' and funeral benefits. No fault benefit payments can be paid to the injured party relatively soon after the accident because no finding of fault is required, and the benefits are defined. Unless the degree of injuries meets the threshold, no recovery is permitted for non-pecuniary loss associated with the injury.

The threshold no fault compensation systems to be considered are based on the existing system of compensation in Ontario, with the following modifications:

- (a) The right of a person injured in an automobile accident to recover non-pecuniary damages sustained as the result of negligence of another is abolished, unless the level of bodily injury/impairment meets a defined threshold.

The two thresholds to be separately considered are:

- (i) death, serious impairment of a bodily function, or permanent serious disfigurement;

or

- (ii) death; dismemberment; significant disfigurement; loss of a fetus; a fracture; permanent loss of use of a body organ, member, function or system; permanent consequential limitation of use of a body organ or member; significant limitation of use of a body function or system; or a medically determined injury or impairment of a non-permanent nature which prevents the injured person from performing substantially all of the material acts which constitute such person's usual and customary daily activities for not less than 90 days during the 180 days immediately following the occurrence of the injury or impairment.
- (b) Those who are injured and who meet the threshold test can sue for non-pecuniary loss and all economic loss. Those who do not meet the threshold test can sue for economic loss. The economic loss that can be recovered against a wrongdoer in a lawsuit will be only those damages in excess of no fault benefits available under the policy. No fault benefits are:

Disability income benefits	<p>1. Employed 80% of gross income, to maximum of \$450 per week for life; 1 week waiting period; Benefits are primary to U.I.C. benefits only; non-primary to other benefits; recipient must be age 16 or older. Pension benefits received at age 65 are offset.</p> <p>2. Deemed to be employed (i.e. worked 6 months in the last 12) 80% of gross income, to maximum of \$450 per week; recipient must be between age 16 and 65 when injured to qualify; 60 day waiting period; Pension benefits received at age 65 are offset.</p>
-------------------------------	--

Schedule 2

CHOICE NO FAULT

The choice system would allow consumers to choose the form of compensation which they and their dependants would be entitled to received in the event of bodily injury in an automobile accident. The choice would be made at the time of purchase of an insurance policy. Under this system, purchasers would be required to choose between two forms of insurance policy:

- (i) **the no fault form**, in which the insured would receive a defined level of benefits for pecuniary losses regardless of whether or not he or she was at fault in the accident, but the insured would not have the right to sue for non-pecuniary losses;

or

- (ii) **the fault form** in which the insured would retain the right to sue and recover for all losses, including non-pecuniary losses up to the limits of the insurance policy, if he or she can prove the other driver was at fault. These individuals would also have access to no fault benefits, as currently exist under schedule "C" of the *Insurance Act*.

Both policies would be delivered on a first party basis (i.e. injured persons would recover from their own insurer instead of the insurer of the vehicle that was at fault).

For the no fault form of policy, the no fault benefits would be:

Disability Income Benefits	<p>1. Employed 80% of gross income, to maximum of \$450 per week for life; 1 week waiting period; Benefits are primary to U.I.C. benefits only; non-primary to other benefits; Recipient must be age 16 or older. Pension benefits received at age 65 are offset.</p> <p>2. Deemed to be Employed (i.e. worked 6 months in the last 12) 80% of gross income, to maximum of \$450 per week; recipient must be between age 16 and 65 when injured to qualify; 60 day waiting period; Pension benefits received at age 65 are offset.</p> <p>3. Students \$1,000 for each year lost of elementary school; \$340 per week at age 18 if disabled and not attending school; \$2,000 for each year lost of secondary school; \$340 per week at age 18 if disabled and not attending school; \$4,000 for each year lost of college or university; \$340 per week when no longer entitled to loss of school year benefits. \$500,000 per claim with 10 year limit or 20 years minus victim's age, whichever is longer.</p>
Medical and Rehabilitation	
Long Term Care	Long Term Care is separated from rehabilitation and capped at \$500,000 per claim; Benefits are not to exceed the monthly cost of group residence which might reasonably accommodate victim's needs, having in mind the nature of injuries and other relevant factors; Family members of injured persons are included in long-term care compensation.
Death Benefits	
Head of Household or Spouse of Head of Household	\$25,000
Dependant	\$10,000
Funeral Benefits	\$3,000
Replacement of Unpaid Home Worker Services	Home Care Benefit: \$50 per week for incurred expenses; 1 week waiting period. Child Care Benefit: \$200 per week with child or dependant; additional \$50 per week for each child or dependant to a maximum of \$350; no waiting period.
Indexing	All benefits except the death benefit indexed once a year to annual consumer price index, subject to a maximum of twice the stipulated benefit.
Exclusions	No exclusions for driver conduct.

The rules under which the choice no fault system would operate are as follows:

- A person who purchases the no fault form receives no fault compensation on injury or death based on a schedule of benefits set out in the policy without regard to fault but waives the right to recover for tort damages, including non-pecuniary damages.
- A person who purchases the fault form of policy retains the right to recover damages for injury or death as a result of a motor vehicle accident, based on an assessment by a court.
- All claims must be made directly against the insured's own insurer regardless of whether the fault or no fault form of policy is chosen.
- The choice made by the policyholder binds a spouse and financially dependent relatives living in the same home as the policyholder.
- Different vehicles of one household can be insured differently, so that one vehicle may be insured under a no fault form and another vehicle insured under a fault form, but children are bound by the decision of the parent that purchased the no fault form, so that children have automatic entitlement to defined benefits.
- All persons resident in Ontario, including those who are not presently insured under an automobile insurance policy, are deemed to have chosen tort recovery unless an election has been made to purchase a no fault form. Non-insured pedestrians can sue in tort as at present (i.e. the person who is at fault as opposed to their own insurance company); holders of the no fault policy would be required to carry a minimum of \$200,000 liability insurance for this risk.
- Policyholders would be at liberty to move from a fault to a no fault policy and vice versa but the form of policy existing at the time of the accident always governs payment of claims.
- Where the motor vehicle accident happens outside of Ontario, the no fault benefits are still paid to the insured if the insured has chosen the no fault form of coverage.

- Persons resident outside of Ontario who are involved in accidents in Ontario may sue only in tort in Ontario, subject to any contrary provision of their insurance policy.
- No subrogation between insurers of vehicles would exist; no insurer could subrogate against any other insurer or person for payments made under either form of policy if the accident occurs in Ontario and the person responsible for the accident has either form of policy.

TOWN OF NIAGARA-ON-THE-LAKE

PROPOSED IRRIGATION ACT

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the Town of Niagara-on-the-Lake application will be made to the Legislative Assembly of the Province of Ontario for an Act to authorize the establishment by the Town of Niagara-on-the-Lake of a public utility for the establishment, construction, administration and control of irrigation works within the Municipality. The proposed revisions include:

- (a) the power to establish irrigation works as a public utility;
- (b) the power to collect charges from the users of such works and to control who may use such works;
- (c) to establish an Irrigation Commission composed of members appointed by the Town to establish, construct, administer and control the works on behalf of the Town.

The legislation provides that where an irrigation work is to be established notice must be given to those persons affected by the work and, in the event that a majority of the owners as set forth in the Act do not wish the work to proceed, the Commission may appeal to the Ontario Municipal Board for authorization to carry out the work.

The legislation will permit the Irrigation Commission to use existing drains, canals, pipelines and watercourses as part of an irrigation work. The Irrigation Commission shall also have the power to control who can draw water from the work and the manner in which users of the utility shall be charged for the provision of irrigation to their lands.

This application will be considered by a Standing Committee of the Legislative Assembly. Any per-

son who has an interest in the application and who wishes to make submissions for or against the application to the Standing Committee should notify in writing the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

THE CORPORATION OF THE CITY OF WINDSOR

NOTICE IS HEREBY GIVEN that on behalf of The Corporation of the City of Windsor, application will be made to the Legislative Assembly of the Province of Ontario at its next regular session commencing in 1989 for an Act

1. To extend the operation of section 222 of the *Municipal Act*, with necessary modifications, to ships within the limits of the City of Windsor. Section 222 of the *Municipal Act* authorizes a municipality to pass by-laws for licensing, regulating, governing, classifying and inspecting adult entertainment parlours.

2. To authorize the passing of a by-law for

(1) requiring the owner or manager or both of any building containing an electrically supervised fire alarm system to have that system electronically monitored by the Windsor Fire Department or by a security agent.

(a) "Electrically supervised fire alarm system" means an electrically supervised fire alarm system approved by the Underwriters' Laboratories of Canada.

- (b) "Security agent" means an individual or corporation that operates facilities which protect persons or property from fire twenty-four hours a day.

(2) authorizing the Fire Chief to serve upon the owner or manager or both an order in writing directing compliance with subsection 1 and to require that the order be carried out within such time as may be specified in the order.

(3) requiring a security agent monitoring an electrically supervised fire alarm system to immediately notify the Windsor Fire Department if the alarm system is actuated and to provide the address of the building in which that alarm system is located.

3. The Corporation may enter into agreements with the owner of a building or an agent of the owner respecting the monitoring by the Windsor Fire Department of electrically supervised fire alarm systems. The agreement may impose such terms, including the payment of fees, as may be determined by the council of the Corporation.

4. Where a regulation under the *Fire Marshals Act* requires that electrically supervised Fire alarm systems be electronically monitored in any buildings or class of buildings a by-law passed under Section 2 ceases to apply to such buildings or class of buildings.

This application will be considered by a Standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions, for or against the application, to the Standing Committee should notify in writing, the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

General.

Made—March 2nd, 1989.

Filed—March 9th, 1989.

REGULATION TO AMEND REGULATION 904 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE RETAIL SALES TAX ACT

1.—(1) Section 1 of Regulation 904 of Revised Regulations of Ontario, 1980 is amended by adding thereto the fol- lowing paragraph:

1. “advertising insert or supplement” means a printed publication that is provided as a promotional distribution with a newspaper and includes a catalogue, flyer, coupon book, pamphlet and a publication of a cultural, entertainment, sports or similar nature that serves as a program, but does not include a magazine as defined in paragraph 12 of section 1 of Regulation 903 of Revised Regulations of Ontario, 1980 (Definitions by Minister) or an advertising feature that is printed,

(a) by or for the publisher of the newspaper for exclusive distribution with that newspaper, and

(b) as a section or part of the newspaper that identifies the newspaper's name and date of issue on its pages;

(2) Paragraph 34 of the said section 1, as remade by section 1 of Ontario Regu- lation 311/85, is revoked and the fol- lowing substituted therefor:

34. "newspapers" means unbound printed publications that are usually issued daily or weekly that contain news, advertising and literary matter and includes,

- (a) newsletters and bulletins that contain no advertising and that are published at regular intervals,
- (b) magazines as defined in paragraph 12 of section 1 of Regulation 903 of Revised Regulations of Ontario, 1980 (Definitions by Minister) that are distributed with a newspaper, and
- (c) advertising features that are printed as a section or part of a newspaper by or for the publisher of the newspaper for exclusive distribution with that newspaper and that identify the newspaper's name and date of issue on its pages,

but does not include,

- (d) a publication that is an advertising insert or supplement, or
- (e) an envelope wrapper, folder or other covering for the distribution of promotional materials;

(3) Subparagraph (b) of paragraph 60 of the said section 1, as remade by section 1 of Ontario Regulation 634/82, is revoked and the following substituted therefor:

- (b) lodging, including the provision of prepared food products provided pursuant to an arrangement that combines the provision of lodging and prepared food products at a single price, supplied at a summer camp or similar place operated primarily for the purpose of providing a camping or other similar recreational experience to persons who are disabled, disadvantaged or underprivileged and who would not otherwise have an opportunity to attend a summer camp or similar place,

2. Section 4 of the said Regulation, as amended by section 3 of Ontario Regulation 619/83, is revoked and the following substituted therefor:

4.—(1) If a vendor sells tangible personal property to a person who alleges that it is exempt from tax under paragraph 46 of subsection 5 (1) of the Act or that it is being purchased for the purpose of resale or if a vendor renders a taxable service as described in clause

(c) or (d) of paragraph 21 of section 1 of the Act to a person in respect of tangible personal property on which that person is not required to pay tax under the Act, the person shall provide the vendor with a purchase exemption certificate.

(2) If a person purchases tangible personal property or a taxable service and does not submit a valid purchase exemption certificate to the vendor, the vendor shall collect tax from the person calculated on the price charged for the tangible personal property sold or the taxable service rendered.

(3) A person who purchases tangible personal property for consumption or use in the exercise of a business or acquires or receives a taxable service in the exercise of a business shall not give the vendor from whom the person makes the purchase a purchase exemption certificate and the person shall pay tax to the vendor on the price charged for the tangible personal property or the taxable service.

(4) Subsection (3) does not apply where the person is a vendor who is the holder of a "G" permit as provided in section 5. O. Reg. 126/89, s. 2.

3. Subsections 22 (2) and (3) of the said Regulation are revoked.

4. Subsections 27 (2), (3), (4), (5) and (6) of the said Regulation, as remade by section 1 of Ontario Regulation 503/83, are revoked.

5. Subsection 28 (3) of the said Regulation, as remade by section 6 of Ontario Regulation 634/82, is revoked and the following substituted therefor:

(3) A person who purchases prepared food products that are sold as part of a program, whereby the prepared food products are provided at nominal charge to persons who are disabled, disadvantaged or underprivileged or who because of age or an infirmity require support, is exempt from the tax imposed in the Act with respect to the purchase of the prepared food products. O. Reg. 126/89, s. 5.

6.—(1) Clause 32 (4) (c) of the said Regulation, as remade by section 1 of Ontario Regulation 438/87, is revoked and the following substituted therefor:

(c) at the expiry of thirty days after the purchase of the motor vehicle with respect to which a rebate is being claimed, the applicant, other than a religious, charitable or non-profit organization or a member of the family of a person with a permanent physical disability, was the owner or lessee under a long term lease of another motor vehicle with respect to which a rebate has been previously made under this section or section 12 of Regulation

903 of Revised Regulations of Ontario, 1980 (Definitions by Minister) as it existed on the 28th day of February, 1981.

- (2) Subsection 32 (9) of the said Regulation, as remade by section 1 of Ontario Regulation 438/87, is revoked and the following substituted therefor:

(9) The Minister may rely on the opinion of the Ontario Advisory Council for Disabled Persons or

from a physician concerning the nature of the physical disability of any person for whose transportation a motor vehicle has been purchased and in respect of which an application for rebate has been made under this section. O. Reg. 126/89, s. 6 (2).

7. Subsections 1 (1) and (2) and section 3 shall be deemed to have come into force on the 2nd day of May, 1988.
